

ZONING CHANGE REVIEW SHEET

CASE: C14-2017-0072 (12611 Hymeadow Drive Rezoning) **Z.A.P. DATE:** July 18, 2017

ADDRESS: 12611 Hymeadow Drive

DISTRICT AREA: 6

OWNER/APPLICANT: Hymeadow Austin LLC (Gary K. Ferguson)

AGENT: Thrower Design (A. Ron Thrower)

ZONING FROM: GR-CO

TO: CS-1

AREA: 1.41 acres

SUMMARY STAFF RECOMMENDATION:

The staff's recommendation is to grant Commercial-Liquor Sales District, zoning.

ZONING AND PLATTING COMMISSION RECOMMENDATION:

7/18/17: Motion to close the public hearing (10-0, Y. Flores-absent); B. Greenberg-1st, B. Evans-2nd.

Motion to approve staff's recommendation of CS-1 zoning made by D. Breithaupt, A. Aguirre-2nd.

Friendly amendment to add a conditional overlay prohibiting Adult Oriented Businesses, Bail Bond Services, Pawn Shop Services and Alternative Financial Services uses made by D. King, B. Evans-2nd. Vote to accept (10-0, Y. Flores-absent)

Vote to approve amended main motion (8-1-1, J. Kiolbassa-no, B. Greenberg-abstain, Y. Flores-absent)

DEPARTMENT COMMENTS:

The property in question is currently developed with a vacant retail structure. To the north, across Hymeadow Drive, there is a retail center that includes a cinema, restaurants and retail sales uses. There is a restaurant use to the south (Cover 2 Dining and Sports). The tract of land to the east is developed with a hotel (Crossland Economy Studios). The applicant is requesting to rezone the site at the southeast corner of Hymeadow Drive and U. S. Highway 183 to redevelop the building with a liquor sales/liquor store use.

The staff recommends CS-1, Commercial-Liquor Sales district, zoning for lot because the property meets the intent of CS-1 district as it is located at the intersection of a collector street and a major arterial roadway. There are existing restaurant and retail uses located to the north and south and a hotel use adjacent to the east of the site under consideration. The property takes access to the northbound service road for U.S. Highway 183.

The applicant agrees with the staff 's recommendation.

EXISTING ZONING AND LAND USES:

CITY COUNCIL DATE: August 10, 2017

ACTION: A motion to approve the ordinance to grant commercial-liquor sales (CS-1) district zoning was made by Council Member Flannigan and seconded by Council Member Garza.

An amendment to include an additional conditional overlay prohibiting bail bond services, pawnshop, and adult-oriented businesses and grant commercial-liquor sales-conditional overlay (CS-1-CO) was approved on Council Member Pool's motion, Council Member Alter's second on a 6-2 vote. Those voting aye were: Mayor Pro Tem Tovo, Council Members Alter, Garza, Houston, Kitchen, and Pool. Those voting nay were: Council Members Flannigan and Troxclair. Council Member Casar was off the dais. Mayor Adler and Council Member Renteria were absent.

August 31, 2017

ACTION: Approve a resolution rescinding action taken on August 10, 2017 regarding rezoning of the property located at 12611 Hymeadow (Case No. C14-2017-0072) and

directing staff to re-notice the case and place the item on the next available City Council agenda after notice has been sent. (Notes: SPONSOR: Council Member Jimmy Flannigan CO 1: Council Member Sabino "Pio" Renteria CO 2: Council Member Delia Garza CO 3: Mayor Steve Adler)

Resolution No. 20170831-057 was approved on Council Member Flannigan's motion, Mayor Adler's second on a 7-4 vote. Those voting aye were: Mayor Adler, Council Members Casar, Flannigan, Garza, Kitchen, Renteria, and Troxclair. Those voting nay were: Mayor Pro Tem Tovo, Council Members Alter, Houston, and Pool.

Created: 6/13/2017

STAFF RECOMMENDATION

The staff's recommendation is to grant Commercial-Liquor Sales District, zoning.

BASIS FOR RECOMMENDATION

- 1. The proposed zoning should be consistent with the purpose statement of the district sought.*

Commercial-liquor sales (CS-1) district is the designation for a commercial or industrial use of a service nature that has operating characteristics or traffic service requirements that are incompatible with residential environments. Liquor sales is one of the permitted uses in a CS-1 district.

The property is located at the southeast corner of Hymeadow Drive and U. S. Highway 183 and fronts onto to the northbound service road for U.S. Highway 183.

- 2. The proposed zoning should promote consistency and orderly planning.*

The CS-1 zoning district would be compatible and consistent with the surrounding uses because there are existing commercial uses to the north, south and east of the proposed site. The property is located adjacent to GR zoning to the north and GR and GR-CO zoning to the south.

- 3. The proposed zoning should allow for a reasonable use of the property.*

The CS-1 zoning district would allow for a fair and reasonable use of the site as it will permit the applicant to redevelop the existing vacant building with new commercial uses.

EXISTING CONDITIONS

Site Characteristics

The site under consideration is currently developed with a vacant retail structure that has driveway access to Hymeadow Drive and to the northbound service road for U.S. Highway 183. There are retail uses to the north of the site across Hymeadow Drive, restaurant and car wash uses to the south, and a hotel use to the east along Pond Woods Road.

Comprehensive Planning

Tuesday, June 20, 2017

This zoning case is located on the southeast corner of Hymeadow Drive and Research Boulevard and is not located within the boundaries of a neighborhood planning area. This 1.41 acre parcel contains an existing one store commercial building. Surrounding land uses includes a shopping center to the north; a restaurant to the south; a hotel to the east; and IH 183 to the west. The proposed use is liquor sales.

Connectivity

There are no public sidewalks located along this section of Research Boulevard but there is a public sidewalk partially along Hymeadow Drive. There are also no public transit stops within walking distance to this site. The Walkscore for this site is 60/100, meaning some errands can be accomplished on foot.

Imagine Austin

Based on the comparative scale of the site relative a variety of commercial uses in this area, as well as the site not being located along an Activity Corridor or within an Activity Center, this case falls below the scope of Imagine Austin, which is broad in scope, and consequently the plan is neutral on the proposed rezoning.

Environmental

The site is located over the North Edwards Aquifer Recharge Zone. The site is in the Lake Creek Watershed, which is classified as a Suburban Watershed by Chapter 25-8 of the City's Land Development Code. It is in the Desired Development Zone.

According to floodplain maps there is no floodplain within or adjacent to the project location.

Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

Please be aware that an approved rezoning status does not eliminate a proposed development's requirements to meet the intent of the tree ordinances. If further explanation or specificity is needed, please contact the City Arborist at 974-1876.

Under current watershed regulations, development or redevelopment requires water quality control with increased capture volume and control of the 2 year storm on site.

At this time, no information has been provided as to whether this property has any preexisting approvals that preempt current water quality or Code requirements.

The site is currently fully developed and may be over current impervious cover limits. The redevelopment exception may apply to this site.

Impervious Cover

The maximum impervious cover allowed by the CS-1 zoning district would be 95%. However, because the watershed impervious cover is more restrictive than the zoning district's allowable impervious cover, the impervious cover is limited by the watershed regulations.

Under current watershed regulations, development or redevelopment on this site will be subject to the following impervious cover limits:

<i>Development Classification</i>	<i>% of Gross Site Area</i>	<i>% of Gross Site Area with Transfers</i>
Single-Family Residential (min. lot size 5750 sq. ft.)	45%	50%
One or Two Family Residential (lot size < 5750 sq. ft.)	55%	60%
Multifamily Residential	60%	65%
Commercial	65%	70%

Note: The most restrictive impervious cover limit applies.

Site Plan

Site plans will be required for any new development other than single-family or duplex residential.

Any development which occurs in an SF-6 or less restrictive zoning district which is located 540 feet or less from property in an SF-5 or more restrictive zoning district will be subject to compatibility development regulations.

Any new development is subject to Subchapter E. Design Standards and Mixed Use. Additional comments will be made when the site plan is submitted.

Stormwater Detention

At the time a final subdivision plat, subdivision construction plans, or site plan is submitted, the developer must demonstrate that the proposed development will not result in additional identifiable flooding of other property. Any increase in stormwater runoff will be mitigated through on-site stormwater detention ponds, or participation in the City of Austin Regional Stormwater Management Program if available.

Transportation

No additional right-of-way is needed at this time.

A traffic impact analysis was not required for this case because the traffic generated by the proposed zoning does not exceed the threshold of 2,000 vehicle trips per day. [LDC, 25-6-113]

There are existing sidewalks along Hymeadow Dr. However, there are no sidewalks along US Hwy. 183.

According to the Austin 2014 Bicycle Plan approved by Austin City Council in November, 2014, an Urban Trail is recommended for US Highway 183 and a Protected Bike Lane is recommended for Hymeadow Drive.

Janae Ryan, Urban Trails, Public Works Department and Nathan Wilkes, Bicycle Program, Austin Transportation Department may provide additional comments regarding bicycle and pedestrian connectivity per the Council Resolution No. 20130620-056.

Existing Street Characteristics:

Name	ROW	Pavement	Classification	Capital Metro (within ¼ mile)
US Hwy 183	400 ft.	FWY 8/HOV	Freeway	No
Hymeadow Dr	70 ft.	48 ft.	Collector	No

Water and Wastewater

Tuesday June 13, 2017

FYI: The landowner intends to serve the site with City of Austin water and wastewater utilities. The landowner, at own expense, will be responsible for providing any water and wastewater utility improvements, offsite main extensions, water or wastewater easements, utility relocations and or

abandonments required by the proposed land use. Depending on the development plans submitted, water and or wastewater service extension requests may be required. Water and wastewater utility plans must be reviewed and approved by Austin Water for compliance with City criteria and suitability for operation and maintenance. All water and wastewater construction must be inspected by the City of Austin. The landowner must pay the City inspection fee with the utility construction. The landowner must pay the tap and impact fees once the landowner makes an application for Austin Water utility tap permits.

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date, or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

For additional information on the City of Austin's land development process, visit our website: www.austintexas.gov/planning.

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before or at a public hearing. Your comments should include the board or commission's name, the scheduled date of the public hearing, and the Case Number and the contact person listed on the notice.

Comments:

We are the owners of the Comfort Suites hotel and would be directly affected by this zoning change. There are 2 neighboring hotels named Crossland and WoodSpring that have negative clientele. Adding a liquor store in this location would add to the growing problems in this area

Re: File Number C14-2017-0072 --- Property at 12611 Hymeadow Drive

LETTER OF OPPOSITION

Dear Ms. Sirwaitis,

The Zoning Committee of the Neighborhood Association of Southwestern Williamson County (NASWC) opposes the re-zoning of this property from GR to CS-1-Commercial-Liquor Sales district.

This site is located near two extended-stay hotels, Crossland Austin-West and WoodSpring Suites. Both hotels are problematic for law enforcement, with frequent calls for APD to respond to situations. Bringing a liquor store to this site would only exacerbate and increase the problems, affecting other stores and businesses in the area, as well as our residential neighbors along Hymeadow and Meadowheath.

Additionally, if CS-1 is granted, and the liquor store either fails to materialize – or – goes out of business, CS-1 zoning would allow businesses that are more commercial/industrial than fit with other neighborhood-friendly businesses in the area (*see Attachment*). Some of the residential and treatment facilities allowed under Civic Uses are not compatible with a neighborhood where adolescents and teenagers walk to the movies, fast-food restaurants, and other activities in the shopping center across Hymeadow Drive.

Based on our concern for Liquor Sales on this property, and other CS-1 uses inappropriate to the location, we request that the Application for Rezoning this property to CS-1-Commercial-Liquor Sales district be denied.

Thank you for your consideration.

Sincerely yours,

Cathy Mandell
NASWC Zoning
