Council Committee, Boards and Commission Action	The Austin - Travis County EMS Advisory Board reviewed this as an agenda item at the meeting on August 24, 2017 and a five-year renewal was approved on a motion of 7-0.

Additional Backup Information:

The purpose of this RCA is to request that Council approve the franchise agreement on third reading.

Acadian Ambulance Service has held a franchise with the City of Austin since October, 2007. On March 1, 2017, Austin-Travis County EMS (ATCEMS) received an application from Acadian Ambulance Service of Texas LLC, requesting a renewal of the franchise for another five-year term. All of the required application elements have been submitted and the application fee has been paid in full.

In order for a private ambulance company to provide non-emergency transfer services within the limits of the City of Austin, the provider must hold a franchise from the City. Non-emergency transfers typically occur between skilled nursing facilities, hospitals, and private residences and are usually prescheduled by medical personnel. Currently, two companies hold such franchises, Acadian Ambulance Service, Inc. (Acadian) and American Medical Response of Texas Inc. (AMR).

ATCEMS recommends approval of this franchise renewal. Acadian has proven over the past ten years that they can provide satisfactory service to the Austin community. Call volume levels indicate that two franchise providers are necessary to handle the demand for non-emergency ambulance transfers. Failure to renew this franchise will result in only one franchise holder for the City of Austin. In its August 24, 2017 meeting, the Austin-Travis County EMS Advisory Board unanimously recommended approval of the franchise renewal for five years; their Recommendation is attached, along with a memorandum outlining staff recommendations.
