Neighborhood Housing and Community Development
Cost/Benefit Analysis for: **Talavera Lofts**

Agenda Item

Approve a resolution under the State of Texas 2018 Qualified Allocation Plan, supporting an application to be submitted by DMA Development Company, LLC, or an affiliated entity, competing for an award of Low Income Housing Tax Credits from the Texas Department of Housing and Community Affairs that would help finance a proposed multi-family housing development located southeast corner of East 5th and Navasota Streets.

Basic Information

Property Address	SE Corner of East 5th and Navasota Street
Council District	3
Council Member	Renteria
Census Tract	9.02

Units

Affordable at or below 60% MFI	90 Units
Total	90 Units
Percentage Affordable	100%
Estimated Total Project Cost	\$15,506,959
Funding Amount Per Affordable Unit	\$0/Unit

Benefits/Qualitative Information

Funding

- The developer is planning to submit an application to the Texas Department of Housing and Community Affairs (TDHCA) for an allocation of 9% Competitive Low Income Housing Tax Credits, which would be a major source of financing for the proposed development.

Population Served

- Eleven (11) units will be reserved for individuals or families with incomes at or below 30% MFI, currently \$17,100 for a single-person household and \$24,400 for a 4-person household.
- Fifty-seven (57) units will be reserved for individuals or families with incomes at or below 50% MFI, currently \$28,500 for a single-person household and \$40,700 for a 4-person household.
- Twenty-two (22) units will be reserved for individuals or families with incomes at or below 60% MFI, currently \$34,200 for a single-person household and \$48,840 for a 4-person household.

Project Characteristics

- 49 zero-bedroom units (approximately 560 square feet).
- 19 one-bedroom units (approximately 685 square feet).
- 12 two-bedroom units (approximately 990-1,038 square feet).
- 10 three-bedroom units (approximately 1,195-1,250 square feet).

Council District

Total Income Restricted Rental Units in Council District	4,495 Units
Income Restricted Rental Units in Council District at or below 30% MFI	26 Units

Opportunity 360 Outcomesⁱ

Opportunity outcomes refer to the desirable characteristics that a neighborhood exhibits. Higher values indicate more desirable outcomes, while lower values represent less desirable outcomes. Each score corresponds to how the property's Census Tract performs relative to the rest of the region (Core Based Statistical Area)ⁱⁱ.

2017 Housing Stability

The Housing Stability score is based on six measures by assessing housing affordability and the ability of residents to live in their home as long as they chooseⁱⁱⁱ.

2017 Education

The Education score is based on three measures assessing the level of education achieved by residents^{iv}.

2017 Health and Well-Being

The Health and Well-Being score is based on seven measures assessing residents' health status and ability to access care^v.

2017 Economic Security

The Economic Security score is based on four measures assessing residents' ability to afford a good standard of living^{vi}.

2017 Mobility Score

The Mobility score is based on five measures assessing residents' ability to access transportation to meet basic needs^{vii}.

Opportunity 360 Pathways

Pathways are the mechanisms or ladders that lead to higher opportunity outcomes. Higher values indicate more desirable pathways, while lower values represent less desirable pathways. Each score corresponds to how the property's Census Tract performs relative to the rest of the region (Core Based Statistical Area).

2017 Jobs, Goods and Services

The jobs that a person can reach in their daily commute, the social services and supports they can access, the availability of healthy foods and basic household necessities^{viii}.

2017 Environment

The physical quality and safety of a neighborhood can have an enormous impact on residents' outcomes. Pollution, crime, vacant and/or dilapidated buildings and even the risk of natural threats^{ix}.

2017 Community Institutions

Local community institutions — most notably schools and health care providers — can have a profound effect on the life outcomes of residents^x.

2017 Social Capital and Cohesion

Social networks and interactions between neighbors provide a stable base of support and springboard toward personal growth and achievement^{xi}.

City of Austin
Neighborhood Housing and Community Development
Cost/Benefit Analysis for: **Talavera Lofts**

ⁱ Enterprise's Opportunity360 platform draws together a wide breadth of data, made available for every census tract in the country. This report is a tool to help practitioners, policymakers and the public understand the complex place-based factors that shape opportunity pathways and outcomes at a local level. <https://www.enterprisecommunity.org/opportunity360/measure>

ⁱⁱ The region percentile reflects how the selected tract compares to all other tracts in the region. Region is defined as the Core Based Statistical Area (CBSA). A score of 50 means the tract is in the 50th percentile for the region. A score of 100 is the highest within the region on this measure, and a score of 0 is the lowest.

ⁱⁱⁱ The Housing Stability index score includes: Homeownership Rate (ACS, 2015 5 year), Percent of Renters Households Receiving Project-Based Housing Assistance (HUD, 2016 Picture of Subsidized Households), Percent of Renter Households Receiving Housing Choice Vouchers (HUD, 2016 Picture of Subsidized Households), Percent of All Low-Income Households that are Severely Cost-Burdened (HUD, 2014 CHAS), Percent of Occupied Units that are Crowded or Over-Crowded (ACS, 2015 5-Year), Percent of Households that have Multiple Families or Unrelated Individuals (ACS, 2015 5-Year).

^{iv} The Education index score includes: Share of People Age 25 and older with a High School Diploma (ACS, 2015 5-Year), Share of People Age 25 and older with Some College or an Associate's Degree or Higher (ACS, 2015 5-Year), Share of People Age 25 and older with a Bachelor's Degree or Higher (ACS, 2015 5-Year).

^v The Health & Well-Being index score includes: Percent of Adults Reporting to Have a Personal Doctor or Health Care Provider (CDC and PolicyMap, 2013), Percent of Adults Reporting a Physical Checkup in the Past Year in this Tract (CDC and PolicyMap, 2013), Percent of Adults Reporting to Have Fair or Poor Health Status in the last 30 days (CDC and PolicyMap, 2013), Percent of Adults Reporting to Have Diabetes (CDC and PolicyMap, 2013), Percent of Adults Reporting to Have Chronic Obstructive Pulmonary Disease (CDC and PolicyMap, 2013), Percent of Adults Reporting to be Obese (CDC and PolicyMap, 2013), Percent of All People Without Health Insurance (ACS, 2015 5-Year).

^{vi} The Economic Security index score includes: Median Household Income (ACS, 2015 5-Year), HUD Labor Market Engagement Index Score (HUD, 2016 AFFH), Percent of People in Poverty (ACS, 2015 5-Year), Unemployment Rate (ACS, 2015 5-Year).

^{vii} The Mobility index score includes: Percent of Workers Who Commuted to Work Using Public Transportation (ACS, 2015 5-Year), Percent of Workers Who Commute to Work by Walking (ACS, 2015 5-Year), Average Travel Time to Work (ACS, 2015 5-Year), Percent of Workers Who Commute Over an Hour (ACS, 2015 5-Year), Percent of Households for Which No Vehicles are Available (ACS, 2015 5-Year).

^{viii} The Jobs, Goods, and Services indicators include WalkScore (WalkScore 2016), TransitScore (WalkScore, 2016), Jobs Accessible Via a 45-minute Automobile Commute Time (EPA Smart Location Database, 2014), Jobs Accessible Via a 45-Minute Transit Commute (EPA Smart Location Database, 2014).

^{ix} The Environment indicators include Diesel Particulate Matter Level in Air ($\mu\text{m}/\text{m}^3$) (EPA, EJSCREEN 2016), Cancer Risk from Air Toxics (EPA, EJSCREEN 2016), Respiratory Risk Score (EPA, EJSCREEN 2016), Traffic Exposure Score (EPA, EJSCREEN 2016), Particulate Matter Concentration Score ($\mu\text{g}/\text{m}^3$ annual average) (EPA, EJSCREEN 2016).

^x The Community Institutions variable include School Quality Score (Location, Inc, 2016) and Percent of all Students who are in Poverty (ACS, 2015 5-Year).

^{xi} Social Capital and Cohesion Variables include Median Household Income (ACS, 2015 5-Year), HUD Labor Market Engagement Index Score (HUD, 2016 AFFH), Share of People Age 25 and older with a High School Diploma or Higher (ACS, 2014 5-Year), Share of People Age 25 and older with a Bachelor's Degree or Higher (ACS, 2014 5-Year), Unemployment Rate (ACS, 2014 5-Year), Percent of People in Poverty (ACS, 2015 5-Year).

^{xii} Racially/Ethnically-Concentrated Areas of Poverty contain significant concentrations of extreme poverty and minority populations. Using Census data, these areas must be a census tract with a non-white population of 50 percent or more and a poverty rate of 40 percent or more which HUD deems as "extreme poverty". <https://egis.hud.gov/affht/>

^{xiii} Texas Education Agency develops School Report Cards by combining accountability ratings, data from the Texas Academic Performance Reports, and financial information on campus performance. Campuses are rated as “Met Standard”, “Improvement Required”, or “Not Rated”. <http://tea.texas.gov/perfreport/src/index.html>

^{xiv} Texas Education Agency Distinguished Designations refers to campuses that receive a rating of “Met Standard” for as many as seven distinction designations: Academic Achievement in English Language Arts/Reading, Academic Achievement in Mathematics, Academic Achievement in Science, Academic Achievement In Social Studies, Top 25%: Student Progress, Top 25%: Closing Performance Gaps, and Postsecondary Readiness. <https://tea.texas.gov/perfreport/src/index.html>

^{xv} Children at Risk is a non-partisan, non-profit research organization. Their ratings are from 2016 and are produced by composite indices related to student achievement, campus performance, year-to-year improvements, and college readiness (high schools only). Letter grades range from A-F. <http://childrenatrisk.org/2017-school-rankings/>

^{xvi} CoStar is a commercial real estate information and marketing provider. A license is required to access data on individual properties. The provided data is an average based on zip code. www.costar.com
