

SECOND/THIRD READING SUMMARY SHEET

ZONING CASE NUMBER: C14-2016-0135 – 2500 N Lamar

REQUEST:

Conduct a public hearing and approve second and third readings of an ordinance amending City Code Title 25 by rezoning property locally known as 1200 W 25th Street (Shoal Creek Watershed). Applicant Request: To rezone from general office-mixed use- conditional overlay- neighborhood plan (GO-MU-CO-NP) combining district zoning to general office-mixed use- vertical mixed use building- conditional overlay- neighborhood plan (GO-MU-V-CO-NP) combining district zoning.

This one acre property is located on the northwest corner of Longview Street, and W. 25th Street, approximately 150 feet from N. Lamar Blvd to the west, and separated from Lamar by a City-owned park. The current land use is an office, housed in a one-story building.

First Reading approved for general office-mixed use-vertical mixed use building- conditional overlay- neighborhood plan (GO-MU-V-CO- NP) combining district zoning on December 14, 2017. Vote: 9-0, Council Members Garza and Houston off the dais. The Conditional Overlay is for a 59.5 foot height limit.

DISTRICT AREA: 9

OWNER/APPLICANT: 2500 N. Lamar LLC

AGENT: Drenner Group (Amanda Swor)

ISSUES: The applicant met with the Central Austin Neighborhood Plan Advisory Committee (CANPAC). CANPAC agreed to support the rezoning with a set of conditions to which the applicant has also agreed. CANPAC was interested in a height limitation of 60 ft height, however, a lesser number was needed because GO base zoning already contains a 60 ft height limit. Therefore, the proposed CO would limit a structure to 59.5 ft.

Other provisions of the agreement between the applicant and CANPAC will be placed in a Private Restrictive Covenant. One of these is a commitment to a certain level of affordable housing. Council Member Tovo stated that she would like to create a mechanism for codifying a voluntary commitment to affordable housing, such as this one.

DATE OF FIRST READING/VOTE: December 14, 2017 / Vote: 9-0,
Council Members Garza and Houston off the dais.

ZONING FROM: GO-MU-CO-NP **TO:** GO-MU-V-CO-NP

TOTAL AREA: 0.989 acres (43,081 sq. ft.)

SUMMARY STAFF RECOMMENDATION:

Staff recommends general office-mixed use-vertical mixed use building- conditional overlay-neighborhood plan (GO-MU-V-CO- NP) combining district zoning. In the existing conditional overlay, staff recommends changing the height limit of a structure from 50 feet to 59.5 feet.

PLANNING COMMISSION RECOMMENDATION:

March 14, 2017	<i>PLANNING COMMISSION MEETING CANCELED; RENOTIFICATION REQUIRED</i>
June 13, 2017	<i>POSTPONED TO AUGUST 22, 2017 AT THE REQUEST OF THE APPLICANT</i>
August 22, 2017	<i>POSTPONED TO NOVEMBER 14, 2017 AT THE REQUEST OF THE APPLICANT</i>
November 14, 2017	<i>APPROVED GO-MU-V-CO-NP AS STAFF RECOMMENDED. (12-0-1) N. ZARAGOZA RECUSED DUE TO HER ASSISTANCE IN NEGOTIATION WITH THE APPLICANT AND NEIGHBORHOOD</i>

ISSUES:

The applicant has met with the Central Austin Neighborhood Plan Advisory Committee (CANPAC). CANPAC has agreed to support the rezoning with a set of conditions to which the applicant has also agreed. One condition is a height limitation of 59.5 feet, which can be a provision of a conditional overlay. The City of Austin cannot be a party to the other conditions, which will need to be placed in a private restrictive covenant (see Exhibit G).

DEPARTMENT COMMENTS:

The subject tract is located at the corner of W 25th Street and Longview Street. It is separated from N. Lamar Blvd., a core transit corridor, by a City-owned park parcel which varies in width between approximately 170 feet and 85 feet. The tract is currently zoned general office- mixed use- conditional overlay- neighborhood plan (GO-MU-CO-NP). The Conditional Overlay limits height of a building or structure to 50 feet.

A two-story office structure currently occupies the site. It has contained an office use since its construction in 1959. The property was given the mixed use (MU) overlay as part of the Central Austin Combined Neighborhood Plan (West University NPA) rezonings adopted in 2004. This tract is designated as Mixed Use/Office in the future land use map and is just outside the boundary of the University Neighborhood Overlay (UNO), and is located in the West University Neighborhood Planning Area.

During the Vertical Mixed Use Overlay (VMU) Opt-in/Opt-out process conducted in 2007 - 09, the Central Austin Combined Neighborhood Contact Team participated. The question at the time was which properties to add the -V combining district or which properties to exclude from the VMU overlay. Staff also applied a general metric that if a tract did not actually adjoin a core transit corridor, than it was not recommended for VMU zoning / the VMU Overlay. Therefore, this tract was not included in the original VMU Overlay. However, the VMU process left open the possibility that -V could be added with a rezoning at a later date.

The Applicant proposes to rezone the property and add a vertical mixed use building (-V) combining district to the existing zoning and redevelop it with 100 apartment units and 7,500 square feet of office uses. Access is proposed to be taken from both W. 25th Street and Longview Street, as it is currently.

The addition of -V provides an additional development option to a property, but allows it to retain the ability to redevelop under the existing GO base district. A -V does not grant: 1) additional height to the base zoning district which 60 feet (and limited to 50 feet by the current conditional overlay) or 2) additional impervious cover which is limited to 80 percent in the GO zoning district. The addition of -V also does not waive applicable compatibility standards.

A building built under vertical mixed use building (-V) standards is required to contain a mix of residential and commercial uses, and the result is typically retail, restaurants and offices on the ground floor, and residential units on the upper levels. On the subject property, there is also the opportunity to waive: 1) the front and interior side setbacks, and 2) the 1:1 floor-to-area ratio established by GO zoning; A -V building is also eligible for 60 percent of the minimum requirement for off-street parking. Finally, a -V building has an established affordability level for rental units which is 10 percent of the residential units set aside for households earning no more than 80 percent of the current MFI, for a period of 40 years.

The subject property is eligible and appropriate for the addition of -V because of its commercial zoning and uses, and location in very close proximity to a core transit corridor. There are several other condominium and multifamily residential projects in the area and a handful of others that are currently under development (see Exhibits A and B).

Staff recommends GO-MU-V-CO-NP combining district zoning, and further recommends amending the existing Conditional Overlay, changing the height limit of a structure from 50 feet to 59.5 feet. This height change will allow for an additional story and more residential units. This height condition

was worked out in negotiations between the applicant and the neighborhood, and staff is in support of the outcome (see Exhibit G).

Granting the request will allow for a mix of uses, both residential and non-residential, close to a core transit corridor in a neighborhood where redevelopment opportunities are encouraged. When redevelopment occurs, there is an effort to maximize transportation options and housing opportunities in a dense, compact manner that is appropriate in the West Campus area. For the reasons stated above, the request is supported by the Imagine Austin Plan.

BASIS FOR RECOMMENDATION

1. *The proposed zoning should be consistent with the purpose statement of the district sought*
2. *Zoning changes should promote compatibility with adjacent and nearby uses.*
3. *Zoning should promote the policy of locating retail and more intensive zoning near the intersections of arterial roadways or at the intersections of arterials and major collectors.*
4. *The rezoning should be consistent with the goals and objectives of the City Council.*

The subject site is located at the intersection of 2 local collector streets, and parallel to North Lamar Boulevard, a core transit corridor. The site is separated from North Lamar by a narrow City of Austin park, approximately 160 feet wide at its widest point. One stated goal of VMU is to encourage density on corridors with higher levels of transit service.

The location is appropriate for residential, and office uses. The General Office (GO) district is the zoning designation for offices and selected commercial uses predominantly serving community or citywide needs, such as medical or professional offices. The site is also appropriate for additional ground floor pedestrian oriented uses (e.g. consumer convenience services, food sales) that are permitted in VMU buildings in office districts.

The addition of the V will allow for a VMU building, which will be required to a) have a mix of uses including residential, b) include pedestrian oriented spaces on the ground floor, and c) if relaxed site development standards are sought, guarantee a certain percentage of affordable units.

EXISTING CONDITIONS

Site Characteristics

There are 2 driveways serving the current parking lot – one on W 25th Street and the other on Longview Street. The west side of the parking lot is formed by a retaining wall, with a guard rail above. There is a drop off, ranging from 4 to 8 feet, to the ground below. There are several large trees in the northwest corner of the site, and the terrain slopes downward in that area towards Lamar Boulevard.

Impervious Cover

The tracts are located in an Urban Watershed and therefore the zoning district will determine the impervious cover limits. The GO zoning district allows up to 80% impervious cover. In scenarios where conflicting regulations are presented, the most restrictive impervious cover limit applies.

Comprehensive Planning

The property is located in the Central Austin Combined Neighborhood Planning Area in the West University NP, and just outside the UNO boundaries. Surrounding land uses includes apartments to the north and south, a sorority house and apartments to the east, and parkland to the west. The proposed use is a vertical mixed use project consisting of an office use on the first floor and apartments above.

There is a public sidewalk located along W. 25th Street and on the other side of Longview Street. A public transit stop is located less than 1000 ft. away from this property.

Central Austin Combined Neighborhood Planning Area (CACNP)

The Central Austin Combined Neighborhood Plan Future Land Use Map identifies the subject area as being classified as Mixed Use/Office which is intended for a mix of residential and office uses and is supposed to provide a transition from residential uses to non-residential or mixed uses. GO zoning is permitted under this FLUM category.

The CACNP FLUM and policies supports mixed use/office projects where this property is located.

Imagine Austin

The property is located within the boundaries of a Regional Center, as identified on the Imagine Austin's Growth Concept Map. These centers are intended for retail, cultural, recreational, and entertainment destinations for Central Texas and are the places where the greatest density of people and jobs and the tallest buildings in the region will be located.

Based upon: (1) the property being located within a Regional Center, which supports a variety of land uses, including mixed use; and (2) the Imagine Austin policies above that supports a variety of uses within Regional Centers, including mixed use, this proposed mixed use/office project appears to be supported by the Imagine Austin Comprehensive Plan.

Site Plan – Lynda Courtney – 512-974-2810

SP1. FYI: At the time of site plan, this site will be subject to compliance with Commercial Design Standards (Subchapter E requirements). Sidewalk improvements, preservation of open space, connection to parks, shielding of lighting, pedestrian protections, and building glazing and fenestration requirements will be part of that review.

SP2. FYI: At the time of site plan submittal, compliance with affordability requirements as well as compliance with the dimensional provisions specifically permitted with the "V" zoning will be reviewed and verified.

Environmental - Mike Mcdougal - 512-974-6380

1. The site is not located over the Edwards Aquifer Recharge Zone. The site is located in the Shoal Creek Watershed of the Colorado River Basin, which is classified as an Urban Watershed by Chapter 25-8 of the City's Land Development Code. It is in the Desired Development Zone.
2. Zoning district impervious cover limits apply in the Urban Watershed classification.
3. According to floodplain maps there is a floodplain adjacent to the project location. Based upon the location of the floodplain, offsite drainage should be calculated to determine whether a Critical Water Quality Zone exists within the project location.
4. Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.
5. Trees will likely be impacted with a proposed development associated with this rezoning case. Please be aware that an approved rezoning status does not eliminate a proposed development's requirements to meet the intent of the tree ordinances. If further explanation or specificity is needed, please contact the City Arborist at 512-974-1876. At this time, site specific information

is unavailable regarding other vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.

6. This site is required to provide on-site water quality controls (or payment in lieu of) for all development and/or redevelopment when 8,000 s.f. cumulative is exceeded, and on site control for the two-year storm.

Transportation Ivan Naranjo – 512-974-7649

1. No additional right-of-way is needed at this time.
2. A traffic impact analysis was not required for this case because the traffic generated by the proposed zoning does not exceed the threshold of 2,000 vehicle trips per day [LDC, 25-6-113].

Water Utility - Bradley Barron – 512-972-0078

The landowner intends to serve the site with City of Austin water and wastewater utilities. The landowner, at own expense, will be responsible for providing any water and wastewater utility improvements, offsite main extensions, utility relocations and or abandonments required by the land use. The water and wastewater utility plan must be reviewed and approved by Austin Water for compliance with City criteria and suitability for operation and maintenance. Depending on the development plans submitted, water and or wastewater service extension requests may be required. All water and wastewater construction must be inspected by the City of Austin. The landowner must pay the City inspection fee with the utility construction. The landowner must pay the tap and impact fee once the landowner makes an application for a City of Austin water and wastewater utility tap permit.

ORDINANCE NO. 20090611-056

AN ORDINANCE REZONING AND CHANGING THE ZONING MAP TO ADD A VERTICAL MIXED USE BUILDING (V) COMBINING DISTRICT TO CERTAIN TRACTS AND TO AMEND THE ZONING MAP TO CHANGE THE BOUNDARIES OF THE VERTICAL MIXED USE OVERLAY (VMU) DISTRICT TO EXCLUDE TRACTS 2-6, 10B, 11, 12, 14-52, 57-64, 66, AND 67, LOCATED IN THE CENTRAL AUSTIN COMBINED NEIGHBORHOOD PLANNING AREA.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:

PART 1. The zoning map established by Section 25-2-191 of the City Code is amended to add a vertical mixed use building (V) combining district to certain tracts (the "Property") described in Zoning Case No. C14-2007-0262, on file at the Neighborhood Planning and Zoning Department, as follows:

Approximately 20.42 acres of land in the City of Austin, Travis County, Texas, as shown on in the tract map attached as Exhibit "A" (*Central Austin Combined Neighborhood Planning Area*),

located in the Central Austin Combined neighborhood planning area, locally known as the area generally bounded by 45th Street on the north, IH-35 on the east, Martin Luther King Jr. Boulevard on the south, and Lamar Boulevard on the west, excluding the campus of the University of Texas at Austin, in the City of Austin, Travis County, Texas, and generally identified in the map attached as Exhibit "B" (*the Zoning Map*).

Except as specifically provided in this ordinance, the existing base zoning districts, combining districts, and other conditions remain in effect.

PART 2. The zoning districts for the Property are changed from limited office-mixed use-neighborhood plan (LO-MU-NP) combining district, community commercial-neighborhood plan (GR-NP) combining district, community commercial-conditional overlay-neighborhood plan (GR-CO-NP) combining district, community commercial-mixed use-conditional overlay-neighborhood plan (GR-MU-CO-NP) combining district, general commercial services-mixed use-neighborhood plan (CS-MU-NP) combining district, general commercial services-mixed use-conditional overlay-neighborhood plan (CS-MU-CO-NP) combining district, general commercial services-conditional overlay-neighborhood plan (CS-CO-NP) combining district, general commercial services-neighborhood conservation combining district-neighborhood plan (CS-NCCD-NP)

PART 3. The Property is subject to Chapter 25-2, Subchapter E, Article 4.3 (*Vertical Mixed Use Buildings*) as follows:

A. The following applies to Tracts 1, 7-9, 10A, 13, 65, 101-103:

Ten percent of residential units available for rental in a vertical mixed use building shall be reserved for households earning no more than 60 percent of the Annual Median Family Income.

B. The following applies to Tracts 1, 7-9, 10A, 13, 65, and 103:

1. The property is exempt from the dimensional standards identified in Article 4.3.3 E.2. (*Dimensional and Parking Requirements*).
2. For property in office districts, the additional uses allowed under Article 4.3.3. C.2 (*Ground-Floor Commercial Uses Allowed*) apply.

C. The following applies to Tracts 101-102:

The property is exempt from the dimensional standards identified in Article 4.3.3 E.2. (*Dimensional and Parking Requirements*).

D. The following applies to Tracts 1, 7, 8, 9, 13, and 65:

1. A sidewalk for a VMU building may not be less than 15 feet in width.
2. A residential use only is permitted above the first floor of a VMU building.
3. On-street head-in parking for a VMU building is prohibited.

E. The following applies to Tract 10A if Tract 10A is developed as a VMU project:

1. On-street head-in parking for a VMU building is prohibited.
2. A minimum 50 percent of useable air conditioned square footage above the first floor shall be residential.
3. The project shall comply with the tree preservation standards as set forth in the Environmental Criteria Manual and approved by the City of Austin arborist. In addition, landscape buffers shall be provided and maintained to preserve existing healthy Class I trees. The landscape buffer shall be measured beginning from the existing back-of-curb along the street or streets adjacent to the buffer area.

The landscape buffers are located as follows:

- a) Except as shown in (b), a minimum depth of 20 feet along West 38th Street where existing Class I trees are located.
- b) A minimum depth of 35 feet beginning at the corner of King Street and West 38th Street then westward along West 38th Street for a distance of approximately 210 feet.
- c) Along King Street beginning at approximately 200 feet south of the intersection of West 38th Street and King Street where an existing Live

Oak is located, a minimum depth of 25 feet both northward and southward for a distance of approximately 20 feet.

- d) A minimum depth of 20 feet along West Avenue beginning at the corner of West Avenue and West 38th Street where existing Class I trees are located, then southward for a distance of approximately 245 feet.

Improvements permitted within the buffer zone are limited to curb cuts, drainage, underground utilities, driveways, sidewalks and trail improvements, or those improvements that may be otherwise required by the City of Austin or specifically authorized in this ordinance. The location of these improvements must be approved by the city arborist to assure that Class 1 trees within the buffer areas are preserved.

PART 4. The zoning map is amended to change the boundaries of the vertical mixed use (VMU) overlay district to exclude Tracts 2-6, 10B, 11, 12, 14-52, 57-64, and 66-67, located as shown in this Part and identified on Exhibit "A". These tracts are not subject to Chapter 25-2, Subchapter E, Article 4.3 (*Vertical Mixed Use Buildings*).

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date, or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

For additional information on the City of Austin's land development process, visit our website:

www.austintexas.gov/planning.

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before or at a public hearing. Your comments should include the board or commission's name, the scheduled date of the public hearing, and the Case Number and the contact person listed on the notice.

Re: Case Number: C14-2016-0135

From: Brian Novy owner of Mesquite Tree Apts 2410 Longview St

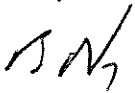

Dear Mr. Moore,

I am sending you this letter of objection for the pending zoning case close to my property. My family and I have owned this small apartment complex since 1980-1981. We have obviously seen a lot of change in West Campus and Austin. Ironically my profession is Commercial Real Estate. I am sure you already know how bad the traffic is on Lamar especially at the intersection of 24th and Lamar. Traffic backs up making it difficult to turn at 25th and Lamar. The existing building is architecturally pleasing and doesn't create a parking problem nor appears to generate a lot of trips per day. There are several new mixed use projects coming on line that we give Students and others plenty of options to live not at this location.

These projects are typically under parked would already strain the availability of street parking. I also feel like this project would affect the quiet enjoyment of my tenants and cause an increase in my property taxes. Does the developer not realize that Austin is and will be over built?? I have been through too many cycles.

I will be unable to attend the Public Hearing March 14, 2017

Thank you

Brian Novy

Comments:

I am against the project.

It will increase traffic on Longview.

Too much traffic! Need to be

Re: 2500 N. Lamar (C14-2016-0135) – rezoning request for the 0.9688 acre piece of property located at 1200 West 25th Street in Austin, Travis County, Texas (the “Property”); Proposed Rezoning from GO-MU-CO-NP to GO-MU-V-NP.

Dear Mr. Stephenson:

This letter shall memorialize the commitment of the Property Owners to enter into an agreement with CANPAC to address additional restrictions imposed as part of the requested rezoning of the Property. At the November 13, 2017 CANPAC meeting a vote was taken to support the rezoning of the Property subject to the following conditions:

- 1) Reservation of residential square footage for the development shall be equal to a minimum of 10% of the residential units or 7.5% of the entire conditioned square footage of development, whichever is greater. The units shall be reserved for a period of 40 years to persons making no more than 60% of the median family income. Additionally, the affordable units shall be proportionate to the overall unit mix of the residential portion of the project.
- 2) Should the Property develop utilizing the Vertical Mixed Use overlay the primary ground floor use for such development shall be office;
- 3) Upon redevelopment of the Property, sidewalks consistent with the University Neighborhood Overlay streetscape standards shall be installed along W. 25th Street between Longview Street and North Lamar Boulevard;
- 4) Upon submittal of a site development permit for the Property, the Property owner shall conduct a traffic study to address safety and the impact of the development on the transportation network;
- 5) The Property owner agrees that development on the Property shall not exceed 60 feet in height.

The Property owner will work with the City of Austin to ensure that all allowable items will be memorialized in a public conditional overlay or public restrictive covenant. For any item not permitted in a public conditional overlay or restrictive covenant by the City Legal Department, the Property owner will willingly execute a private restrictive covenant, or other requested document, with CANPAC to ensure that these commitments are executed.

Commissioners,

I apologize for an additional e-mail but wanted to make sure you all have the latest information this afternoon.

The applicant and CANPAC have discussed a height limitation on the site of 59.5 feet that would be enforceable via a conditional overlay. The property owner is agreeable to this conditional overlay.

Additionally, the remaining items including deeper levels of affordable housing, increased sidewalk standards and uses on the ground floor will be memorialized via a private restrictive covenant, and an established escrow account for enforcement of the restrictive covenant, with the Original West University Neighborhood Association. The restrictive covenant will be finalized prior to City Council approval of the rezoning.

I appreciate all of your time and please let me know if I can answer any questions.
