**ANALYSIS / ADDITIONAL INFORMATION:** The total amount of fees waived for the Community First! Village Phase II are not to exceed \$3,429,573. Waiving fees related to Community First! Village Phase II will result in unrealized revenue for the Austin Energy Fund, Austin Water Utility Fund, and the General Fund, which includes the Development Services, Austin Energy and Austin Water Utility Departments. Fees were estimated based on multiple factors: The 24-acre development is located in the Extraterritorial Jurisdiction (ETJ) which precludes certain fee groups from being assessed, the development includes 400 small residential units, each unit is assumed to be 1,000 square feet, no individual lots are being developed, calculations do not consider future fee increases, and all listed Development Services Department Fees include a 4% Development Services Surcharge
