ZONING CHANGE REVIEW SHEET

CASE: C14-2017-0146 – 2105 West Slaughter Rezoning  Z.A.P. DATE: February 6, 2018

ADDRESS: 2105 and 2107 West Slaughter Lane; 2109 Riddle Road

DISTRICT AREA: 5

OWNER: THS, LLC
(Randall Traywick)

AGENT: Metcalfe Wolff Stuart
& Williams, LLP
(Michele Rogerson Lynch)

ZONING FROM: LR-MU-CO  TO: LR-MU-CO, change a condition of zoning

AREA: 0.86 acres (37,461.60 square feet)

SUMMARY STAFF RECOMMENDATION:

The Staff recommendation is to grant neighborhood commercial – mixed use – conditional overlay (LR-MU-CO) district zoning and change the CO to allow for food sales and prohibit alternative financial services, medical offices exceeding 5,000 square feet, off-site accessory parking and hospital services (limited). The remainder of the prohibited uses and the 2,000 daily vehicle trips limit shown in Exhibit C would remain intact.

ZONING AND PLATTING COMMISSION RECOMMENDATION:

February 6, 2018: APPROVED LR-MU-CO DISTRICT ZONING AS STAFF RECOMMENDED, BY CONSENT
[A. AGUIRRE; D. KING – 2ND] (10-1) B. EVANS - NAY

ISSUES:

The Applicant’s rezoning request is outlined in correspondence attached to the back of the Staff report.

DEPARTMENT COMMENTS:

The subject property is located approximately 700 feet west of the Slaughter / Manchaca intersection and contains two platted, undeveloped lots zoned neighborhood commercial – mixed use – conditional overlay (LR-MU-CO) district. The Conditional Overlay limits development to general retail sales (convenience) and restaurant (limited) and all general office (GO) uses, and 2,000 trips per day. The western portion of the rezoning area has access to a driveway that functions as the terminus of Riddle Road; the eastern portion has driveway access to West Slaughter Lane. There are pet services and personal services to the east (LR-MU-CO; GO-MU-CO), single family residences on platted lots to the south, (SF-2) and an office to the west (NO). Across Slaughter Lane to the north is a shopping center (GR). Please refer to Exhibits A (Zoning Map) and A-1 (Aerial View).
The Applicant is requesting a change to the Conditional Overlay to allow for food sales (first permitted in the LR district) and construct a market/deli. The Applicant is willing to prohibit alternative financial services (not a defined use in the Land Development Code until April 2012), medical offices exceeding 5,000 square feet, off-site accessory parking and hospital services (limited) (the latter three all permitted in the general office (GO) district), and retain the 2,000 vehicle trips per day limit.

This rezoning change would introduce food sales as a permitted use to this block of office and commercial zoning and uses. Within the past seven years, more intensive office and commercial zoning has been granted for two adjacent properties on this block of Riddle Road/Slaughter Lane. The subject rezoning area is uniquely situated in that it benefits from two driveways, one to Riddle Road, a collector street and another to West Slaughter Lane, an arterial. A food sales use is viewed as an incremental change that could serve the residential neighborhood to the south and west without necessitating access to Slaughter Lane, and capture eastbound pass-by traffic. Given the size of the lot and applicability of compatibility standards along the south property line, any resulting office or commercial development would be of relatively small scale.

C14-97-0120 – Residential Services – 2111 West Slaughter Ln | SF-2 to NO | To Grant | Apvd (11-20-1997).

**RELATED CASES:**

The property is platted as Lot 3 of the Three Oaks subdivision and Lot 5, Block A of the Ford Oaks subdivision, recorded in June 1946 (C8s-63-050; C8-1946-1765). Notes on the Ford Oaks plat that was recorded in 1946 designate the use of all lots except for four lots located at the intersection of Riddle Road and Allred Drive to residential uses. However, a subsequent plat note states that, "...these restrictions and covenants shall be binding until January 1, 1960. Please refer to Exhibit B (Recorded Plats).

There are no site plan applications approved or in process on the subject property.

Lot 5 (the eastern lot) was rezoned to LO-CO with the CO limited to medical offices, neighborhood office (NO) uses, and NO development regulations for impervious cover and height on August 21, 2008 (C14-2008-0114 – 2105 and 2107 West Slaughter Lane).

On February 2, 2012, Council approved LR-MU-CO for unspecified office/retail purposes. The Conditional Overlay limited development to general retail sales (convenience) and restaurant (limited) and all GO uses, and 2,000 trips per day (C14-2011-0136 – Traywick 3).

EXHIBIT B
RECORDED PLAT
ORDINANCE NO. 20120202-024

AN ORDINANCE REZONING AND CHANGING THE ZONING MAP FOR THE PROPERTY LOCATED AT 2105 AND 2107 WEST SLAUGHTER LANE AND 2109 RIDDLE ROAD FROM SINGLE FAMILY RESIDENCE STANDARD LOT (SF-2) DISTRICT, AND LIMITED OFFICE-CONDITIONAL OVERLAY (LO-CO) COMBINING DISTRICT TO NEIGHBORHOOD COMMERCIAL-MIXED USE-CONDITIONAL OVERLAY (LR-MU-CO) COMBINING DISTRICT.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:

PART 1. The zoning map established by Section 25-2-191 of the City Code is amended to change the base districts on the property (the "Property") described in Zoning Case No. C14-2011-0136, on file at the Planning and Development Review Department, as follows:

Tract 1: From single family residence standard lot (SF-2) district to neighborhood commercial-mixed use-conditional overlay (LR-MU-CO) combining district.

Lot 3, Three Oaks Subdivision, a subdivision in the City of Austin, Travis County, Texas, according to the map or plat of record in Volume 17, Page 86 of the Plat Records of Travis County, Texas of the Official Public Records of Travis County, Texas; and,

Tract 2: From limited office-conditional overlay (LO-CO) combining district to neighborhood commercial-mixed use-conditional overlay (LR-MU-CO) combining district.

Lot 5, Block A, Ford Oaks Subdivision, a subdivision in the City of Austin, Travis County, Texas, according to the map or plat of record in Volume 4, Page 264 of the Plat Records of Travis County, Texas of the Official Public Records of Travis County, Texas,

locally known as 2105 and 2107 West Slaughter Lane and 2109 Riddle Road in the City of Austin, Travis County, Texas, and generally identified in the map attached as Exhibit "A".

PART 2. The Property within the boundaries of the conditional overlay combining district established by this ordinance is subject to the following conditions:

[Exhibit C]
A. A site plan or building permit for the Property may not be approved, released, or issued, if the completed development or uses of the Property, considered cumulatively with all existing or previously authorized development and uses, generate traffic that exceeds 2,000 trips per day.

B. The following uses are prohibited uses of the Property:

- Consumer convenience services
- Consumer repair services
- Custom manufacturing
- Financial services
- Food sales
- General retail sales (general)
- Personal improvement services
- Pet services
- Plant nursery
- Restaurant (general)
- Service station

Except as specifically restricted under this ordinance, the Property may be developed and used in accordance with the regulations established for the neighborhood commercial (LR) base district, the mixed use combining district, and other applicable requirements of the City Code.

PART 3. This ordinance takes effect on February 13, 2012.

ZONING CASE#: C14-2011-0136

This product is for informational purposes and may not have been prepared for or be suitable for legal, engineering, or surveying purposes. It does not represent an on-the-ground survey and represents only the approximate relative location of property boundaries.

This product has been produced by CTM for the sole purpose of geographic reference. No warranty is made by the City of Austin regarding specific accuracy or completeness.
SUMMARY STAFF RECOMMENDATION:

The Staff recommendation is to grant neighborhood commercial – mixed use – conditional overlay (LR-MU-CO) district zoning and change the CO to allow for food sales and prohibit alternative financial services, medical offices exceeding 5,000 square feet, off-site accessory parking and hospital services (limited). The remainder of the prohibited uses and the 2,000 daily vehicle trips limit shown in Exhibit C would remain intact.

BASIS FOR LAND USE RECOMMENDATION (ZONING PRINCIPLES)

1. The proposed zoning should be consistent with the purpose statement of the district sought.

The LR-MU-CO, Neighborhood Commercial district is intended for shopping facilities that provide limited business services and offices to the residents of the neighborhood, such as consumer repair services, food sales, service stations, and pet services. The purpose statement listed in the City of Austin Land Development Code states: “The Neighborhood Commercial district is the designation for a commercial use that provides business service and office facilities for the residents of a neighborhood. Site development regulations and performance standards applicable to a LR district use are designed to ensure that the use is compatible and complementary in scale and appearance with the residential environment.” The mixed use (MU) district is intended to allow for office, retail, commercial and residential uses to be combined in a single development. The conditional overlay (CO) combining district may be applied in combination with most base districts. The district is intended to provide flexible and adaptive use or site development regulations by requiring standards tailored to individual properties.

2. Zoning changes should allow for reasonable use of the property.

This rezoning change would introduce food sales as a permitted use to this block of office and commercial zoning and uses. Within the past seven years, more intensive office and commercial zoning has been granted for two adjacent properties on this block of Riddle Road/Slaughter Lane. The subject rezoning area is uniquely situated in that it benefits from two driveways, one to Riddle Road, a collector street and another to West Slaughter Lane, an arterial. A food sales use is viewed as an incremental change that could serve the residential neighborhood to the south and west without necessitating access to Slaughter Lane, and capture eastbound pass-by traffic. Given the size of the lot and applicability of compatibility standards along the south property line, any resulting office or commercial development would be of relatively small scale.

EXISTING CONDITIONS

Site Characteristics

The subject two lots are undeveloped and have moderate vegetative cover. There appear to be no significant topographical constraints on the site.
**Impervious Cover**

The maximum impervious cover allowed by the *LR-MU-CO zoning district* is 80%, a consistent figure between the *zoning and watershed* regulations.

**Comprehensive Planning**

This rezoning case is located on the south side of W. Slaughter Lane, on an undeveloped parcel that is 0.87 acres in size. The subject property is not located within the boundaries of the neighborhood planning area. Surrounding land uses includes an HEB shopping center to the north; single family housing to the south; a counseling office to the west; and an office/afterschool day care center to the east. The request is to remove the existing -CO that prohibits food sales on the property to open a small market/deli.

**Connectivity**

*Public sidewalks and CapMetro transit stops are located along both sides of this portion of W. Slaughter Lane. The Walkscore for this site is 60/100, Somewhat Walkable, meaning some errands can be accomplished on foot.*

**Imagine Austin**

The property is located within the boundaries of ‘*Neighborhood Center*’ and along an ‘*Activity Corridor*’, as identified on the Imagine Austin’s Growth Concept Map. A Neighborhood Center is the smallest and least intense of the three types of activity centers outlined in the Growth Concept Map, with a focus on creating local businesses and services—including doctors and dentists, shops, branch libraries, dry cleaners, hair salons, coffee shops, restaurants, and other small and local businesses that generally serve the center and surrounding neighborhoods. Activity corridors are characterized by a variety of activities and types of buildings located along the roadway, and are intended to allow people to reside, work, shop, access services, people watch, recreate, and hang out without traveling far distances. The following IACP policies are also relevant to this case:

- **LUT P1.** Align land use and transportation planning and decision-making to achieve a **compact and connected city** in line with the growth concept map.

- **LUT P3.** Promote development in **compact centers, communities, or along corridors** that are connected by roads and transit that are designed to encourage walking and bicycling, and reduce health care, housing and transportation costs.

- **LUT P4.** Protect neighborhood character by directing growth to areas of change that includes designated redevelopment areas, corridors and infill sites. Recognize that different neighborhoods have different characteristics and new and infill development should be sensitive to the predominant character of these communities.

**Conclusion**

While this proposed project is located by a Neighborhood Center and along an Activity Corridor, based upon the comparatively scale of the proposed commercial use to other
commercial uses in the area, this case falls below the scope of Imagine Austin; and consequently the plan is neutral on this proposed rezoning.

**Environmental**

The site is not located over the Edwards Aquifer Recharge Zone. The site is in the Slaughter Creek Watershed of the Colorado River Basin, which is classified as a Suburban Watershed by Chapter 25-8 of the City's Land Development Code. The site is in the Desired Development Zone.

Under current watershed regulations, development or redevelopment on this site will be subject to the following impervious cover limits:

<table>
<thead>
<tr>
<th>Development Classification</th>
<th>% of Gross Site Area</th>
<th>% of Gross Site Area with Transfers</th>
</tr>
</thead>
<tbody>
<tr>
<td>Single-Family (minimum lot size 5750 sq. ft.)</td>
<td>50%</td>
<td>60%</td>
</tr>
<tr>
<td>Other Single-Family or Duplex</td>
<td>55%</td>
<td>60%</td>
</tr>
<tr>
<td>Multifamily</td>
<td>60%</td>
<td>70%</td>
</tr>
<tr>
<td>Commercial</td>
<td>80%</td>
<td>90%</td>
</tr>
</tbody>
</table>

According to floodplain maps there is no floodplain within or adjacent to the project location.

Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

Trees will likely be impacted with a proposed development associated with this rezoning case. Please be aware that an approved rezoning status does not eliminate a proposed development’s requirements to meet the intent of the tree ordinances. If further explanation or specificity is needed, please contact the City Arborist at 512-974-1876. At this time, site specific information is unavailable regarding other vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.

Under current watershed regulations, development or redevelopment requires water quality control with increased capture volume and control of the 2 year storm on site.

**Site Plan and Compatibility Standards**

This location is in the Scenic Roadway sign district. Compliance with Scenic Roadway sign district regulations is required.

Any new development is subject to Subchapter E. Design Standards and Mixed Use. Additional comments will be made when the site plan is submitted.
Site plans will be required for any new development other than single-family or duplex residential.

Any development which occurs in an SF-6 or less restrictive zoning district which is located 540-feet or less from property in an SF-5 or more restrictive zoning district will be subject to compatibility development regulations.

The site is subject to compatibility standards. Along the south property line, the following standards apply:

- No structure may be built within 25 feet of the property line.
- No structure in excess of two stories or 30 feet in height may be constructed within 50 feet of the property line.
- No structure in excess of three stories or 40 feet in height may be constructed within 100 feet of the property line.
- No parking or driveways are allowed within 25 feet of the property line.
- A landscape area at least 25 feet wide is required along the property line. In addition, a fence, berm, or dense vegetation must be provided to screen adjoining properties from views of parking, mechanical equipment, storage, and refuse collection.
- For a structure more than 100 feet but not more than 300 feet from property zoned SF-5 or more restrictive, 40 feet plus one foot for each 10 feet of distance in excess of 100 feet from the property zoned SF-5 or more restrictive.
- An intensive recreational use, including a swimming pool, tennis court, ball court, or playground, may not be constructed 50 feet or less from adjoining SF-3 property.

Additional design regulations will be enforced at the time a site plan is submitted.

**Transportation**

A traffic impact analysis was not required for this case because the traffic generated by the proposed zoning does not exceed the threshold of 2,000 vehicle trips per day [LDC, 25-6-113].

**Water and Wastewater**

FYI: The landowner intends to serve the site with City of Austin water and wastewater utilities. The landowner, at own expense, will be responsible for providing any water and wastewater utility improvements, offsite main extensions, water or wastewater easements, utility relocations and or abandonments required by the proposed land use. Depending on the development plans submitted, water and or wastewater service extension requests may be required. Water and wastewater utility plans must be reviewed and approved by Austin Water for compliance with City criteria and suitability for operation and maintenance. All water and wastewater construction must be inspected by the City of Austin. The landowner must pay the City inspection fee with the utility construction. The landowner must pay the tap and impact fees once the landowner makes an application for Austin Water utility tap permits.
November 16, 2017

Mr. Greg Guernsey, Director
Planning and Zoning Department
505 Barton Springs Road, 5th Floor
Austin, Texas 78704

Re: Application for Rezoning; 0.87 acres located at 2105 & 2107 West Slaughter Lane and 2109 Riddle Road (the “Property”)

Dear Mr. Guernsey:

As representatives of the owner of the above stated Property we respectfully submit the attached application for rezoning. The Property is located at 2105 & 2107 West Slaughter Ln and 2109 Riddle Rd (see Location Map attached) and is currently zoned Neighborhood Commercial-Mixed Use-Conditional Overlay (LR-MU-CO).

The Property is currently zoned Neighborhood Commercial-Mixed Use-Conditional Overlay (LR-MU-CO) and the proposed zoning will be the same, with the Conditional Overlay (CO) allowing for a Food Sales use. The Property is currently undeveloped. The proposed CO will continue to include the existing uses prohibited on the Property today, with the exception of Food Sales. In addition, the following uses will be prohibited on the Property with this zoning:

- Alternative Financial Services,
- Medical Office exceeding 5,000 SF,
- Off-Site Parking,
- Hospital Services (Limited).

At this time, a small market/deli is proposed for the property.

The Property is not within a neighborhood plan. Surrounding zoning includes Single Family (SF-2) to the south, Neighborhood Office to the west, Neighborhood Commercial-Mixed Use-Conditional Overlay (LR-MU-CO) to the east, and Community Commercial (GR), across from Slaughter Ln, to the north. Surrounding land uses include single family and commercial uses.

If you have any questions about this Application for rezoning or need additional information, please do not hesitate to contact me at your convenience. Thank you for your time and attention to this project.

Very truly yours,

Michele Rogerson Lynch

cc: Randall Traywick, Traywick Properties, LLC
Zoning and Platting Commission – 2/6/18

Item C-3 – 2105 West Slaughter Lane

The proposed conditional overlay (CO) for this case is a combination of the existing CO on the property today with the addition of 3 additional prohibited uses and the conversion of 1 existing prohibited use to an allowed use as follows:

Prohibited in existing CO to remain in new CO:

<table>
<thead>
<tr>
<th>Consumer Convenience Services</th>
<th>Custom Manufacturing</th>
<th>Personal Improvement Services</th>
</tr>
</thead>
<tbody>
<tr>
<td>Plant Nursery</td>
<td>Service Station</td>
<td>Consumer Repair Services</td>
</tr>
<tr>
<td>Financial Services</td>
<td>General Retail Sales (General)</td>
<td>Pet Services</td>
</tr>
<tr>
<td>Restaurant (General)</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Additional Prohibited uses to add to new CO:

<table>
<thead>
<tr>
<th>Alternative Financial Services</th>
<th>Medical Offices Exceeding 5,000 square feet</th>
<th>Off-Site Accessory Parking</th>
</tr>
</thead>
<tbody>
<tr>
<td>Hospital Services (Limited)</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Previously prohibited use in existing CO to now be an allowed use and not prohibited:

| Food Sales                     |                                            |

Justification for new CO:

- The owner intends to sell the property to someone that wishes to do a small deli and therefore a rezoning was needed to allow for Food Sales, which was previously prohibited;
- The existing prohibited uses and restrictions (including the 2,000 trip limit) noted above were carefully negotiated in 2012 with regard to the size and type of development for this property related to its proximity to single family and location along West Slaughter Lane;
- While the area has seem some change in density and use over the last 5 years, careful consideration should still be given to commercial properties adjacent to single family;
- Thus, the existing prohibited uses and restrictions should remain in place with the addition of 4 other uses that would also seem to not be as compatible with adjacent single family; and
- 43 uses are still allowed for the property.
### Permitted LR uses:
- Bed & Breakfast (Group 1)
- Bed & Breakfast (Group 2)
- Administrative and Business Offices
- Art Gallery
- Art Workshop
- Food Sales
- General Retail Sales (Convenience)
- Medical Offices -- exceeding 5000 sq. ft. gross floor area
- Pedicab Storage and Dispatch
- Personal Services
- Printing and Publishing
- Professional Office
- Restaurant (Limited)
- Software Development
- Special Use Historic
- Community Garden
- Urban Farm
- Club or Lodge
- College and University Facilities
- Communication Service Facilities
- Community Events
- Community Recreation (Private)
- Community Recreation (Public)
- Congregate Living
- Counseling Services
- Cultural Services
- Day Care Services (Commercial)
- Day Care Services (General)
- Day Care Services (Limited)
- Family Home
- Group Home, Class I (General)
- Group Home, Class I (Limited)
- Group Home, Class II
- Guidance Services
- Local Utility Services
- Private Primary Educational Facilities
- Private Secondary Educational Facilities
- Public Primary Educational Facilities
- Public Secondary Educational Facilities
- Religious Assembly
- Residential Treatment
- Safety Services
- Telecommunication Tower

### Prohibited Uses which carry over from previous zoning ordinance:
- Consumer convenience services
- Custom Manufacturing
- Personal Improvement Services
- Plant Nursery
- Service Station
- Consumer Repair Services
- Financial Services
- General Retail Sales (General)
- Pet Services
- Restaurant (General)

### New Prohibited Uses:
- Alternative Financial Services
- Medical Offices Exceeding 5,000 SF
- Off-site Accessory Parking
- Hospital Services (limited)
