Water Treatment Plant 4 (WTP4) is Austin Water's newest water treatment plant. The plant is located at 6800 N. Ranch Road to Market 620, Austin Texas (District 6). As per the provisions of the code, 90 days were allowed for the community to make additional suggestion or endorsements, and that process concluded on April 5, 2018. The Public Works Department received six recommendations for renaming the plant, in addition to the "Berl L. Handcox" as recommended by the City Council.
