7.14 **Gratuities.** The City may, by written notice to the Contractor, cancel the Contract without liability if it is determined by the City that gratuities were offered or given by the Contractor or any agent or representative of the Contractor to any officer or employee of the City with a view toward securing the Contract or securing favorable treatment with respect to the awarding or amending or the making of any determinations with respect to the performing of such contract. In the event the Contract is canceled by the City pursuant to this provision, the City shall be entitled, in addition to any other rights and remedies, to recover or withhold the amount of the cost incurred by the Contractor in providing such gratuities.

7.15 **Prohibition Against Personal Interest in Contracts.** No officer, employee, independent consultant, or elected official of the City who is involved in the development, evaluation, or decision-making process of the performance of any solicitation shall have a financial interest, direct or indirect, in the Contract resulting from that solicitation. Any willful violation of this section shall constitute impropriety in office, and any officer or employee guilty thereof shall be subject to disciplinary action up to and including dismissal. Any violation of this provision, with the knowledge, expressed or implied, of the Contractor shall render the Contract voidable by the City.

7.16 **Independent Contractor.** The Contract shall not be construed as creating an employer/employee relationship, a partnership, or a joint venture. The Contractor's services shall be those of an independent contractor. The Contractor agrees and understands that the Contract does not grant any rights or privileges established for employees of the City.

7.17 **Assignment-Delegation.** The Contract shall be binding upon and enure to the benefit of the City and the Contractor and their respective successors and assigns, provided however, that no right or interest in the Contract shall be assigned and no obligation shall be delegated by the Contractor without the prior written consent of the City. Any attempted assignment or delegation by the Contractor shall be void unless made in conformity with this paragraph. The Contract is not intended to confer rights or benefits on any person, firm or entity not a party hereto; it being the intention of the parties that there be no third party beneficiaries to the Contract.

7.18 **Waiver.** No claim or right arising out of a breach of the Contract can be discharged in whole or in part by a waiver or renunciation of the claim or right unless the waiver or renunciation is supported by consideration and is in writing signed by the aggrieved party. No waiver by either the Contractor or the City of any one or more events of default by the other party shall operate as, or be construed to be, a permanent waiver of any rights or obligations under the Contract, or an express or implied acceptance of any other existing or future default or defaults, whether of a similar or different character.

7.19 **Modifications.** The Contract can be modified or amended only in writing signed by both parties. No pre-printed or similar terms on any Contractor invoice, order or other document shall have any force or effect to change the terms, covenants, and conditions of the Contract.

7.20 **Interpretation.** The Contract is intended by the parties as a final, complete and exclusive statement of the terms of their agreement. No course of prior dealing between the parties or course of performance or usage of the trade shall be relevant to supplement or explain any term used in the Contract. Although the Contract may have been substantially drafted by one party, it is the intent of the parties that all provisions be construed in a manner to be fair to both parties, reading no provisions more strictly against one party or the other. Whenever a term defined by the Uniform Commercial Code, as enacted by the State of Texas, is used in the Contract, the UCC definition shall control, unless otherwise defined in the Contract.

7.21 Dispute Resolution.

7.21.1 If a dispute arises out of or relates to the Contract, or the breach thereof, the parties agree to negotiate prior to prosecuting a suit for damages. However, this section does not prohibit the filing of a lawsuit to toll the running of a statute of limitations or to seek injunctive relief. Either party may make a written request for a meeting between representatives of each party within fourteen (14) calendar days after receipt of the request or such later period as agreed by the parties. Each party shall include, at a minimum, one (1) senior level individual with decision-making authority regarding the dispute. The purpose of this and any subsequent meeting is to attempt in good faith to negotiate a resolution of the dispute. If, within thirty (30) calendar days after such meeting, the parties have not succeeded in negotiating a resolution of the dispute, they will proceed directly to mediation as described below. Negotiation may be waived by a written agreement signed by both parties, in which event the parties may proceed directly to mediation as described below.

7.21.2 If the efforts to resolve the dispute through negotiation fail, or the parties waive the negotiation process, the parties may select, within thirty (30) calendar days, a mediator trained in mediation skills to assist with resolution of the dispute. Should they choose this option, the City and the Contractor agree to act in good faith in the selection of the mediator and to give consideration to qualified individuals nominated to act as mediator. Nothing in the Contract prevents the parties from relying on the skills of a person who is trained in the subject matter of the dispute or a contract interpretation expert. If the parties fail to agree on a mediator within thirty (30) calendar days of initiation of the mediation process, the mediator shall be selected by the Travis County Dispute Resolution Center (DRC). The parties agree to participate in mediation in good faith for up to thirty (30) calendar days from the date of the first mediation session. The City and the Contractor will share the mediator's fees equally and the parties will bear their own costs of participation such as fees for any consultants or attorneys they may utilize to represent them or otherwise assist them in the mediation.

- (5) To obtain a written statement from any labor union or labor organization furnishing labor or service to Contractors in which said union or organization has agreed not to engage in any discriminatory employment practices as defined in this chapter and to take affirmative action to implement policies and provisions of this chapter.
- (6) To cooperate fully with City and the Equal Employment/Fair Housing Office in connection with any investigation or conciliation effort of the Equal Employment/Fair Housing Office to ensure that the purpose of the provisions against discriminatory employment practices are being carried out.

For the purposes of this Offer and any resulting Contract, Contractor adopts the provisions of the City's Minimum Standard Non-Discrimination and Non-Retaliation Policy set forth below.

City of Austin
Minimum Standard Non-Discrimination and Non-Retaliation in Employment Policy

As an Equal Employment Opportunity (EEO) employer, the Contractor will conduct its personnel activities in accordance with established federal, state and local EEO laws and regulations.

The Contractor will not discriminate against any applicant or employee based on race, creed, color, national origin, sex, age, religion, veteran status, gender identity, disability, or sexual orientation. This policy covers all aspects of employment, including hiring, placement, upgrading, transfer, demotion, recruitment, recruitment advertising, selection for training and apprenticeship, rates of pay or other forms of compensation, and layoff or termination.

The Contractor agrees to prohibit retaliation, discharge or otherwise discrimination against any employee or applicant for employment who has inquired about, discussed or disclosed their compensation.

Further, employees who experience discrimination, sexual harassment, or another form of harassment should immediately report it to their supervisor. If this is not a suitable avenue for addressing their complaint, employees are advised to contact another member of management or their human resources representative. No employee shall be discriminated against, harassed, intimidated, nor suffer any reprisal as a result of reporting a violation of this policy. Furthermore, any employee, supervisor, or manager who becomes aware of any such discrimination or harassment should immediately report it to executive management or the human resources office to ensure that such conduct does not continue.

Contractor agrees that to the extent of any inconsistency, omission, or conflict with its current non-discrimination and non-retaliation employment policy, the Contractor has expressly adopted the provisions of the City's Minimum Non-Discrimination Policy contained in Section 5-4-2 of the City Code and set forth above, as the Contractor's Non-Discrimination Policy or as an amendment to such Policy and such provisions are intended to not only supplement the Contractor's policy, but will also supersede the Contractor's policy to the extent of any conflict.

UPON CONTRACT AWARD, THE CONTRACTOR SHALL PROVIDE THE CITY A COPY OF THE CONTRACTOR'S NON-DISCRIMINATION AND NON-RETALIATION POLICIES ON COMPANY LETTERHEAD, WHICH CONFORMS IN FORM, SCOPE, AND CONTENT TO THE CITY'S MINIMUM NON-DISCRIMINATION AND NON-RETALIATION POLICIES, AS SET FORTH HEREIN, OR THIS NON-DISCRIMINATION AND NON-RETALIATION POLICY, WHICH HAS BEEN ADOPTED BY THE CONTRACTOR FOR ALL PURPOSES WILL BE CONSIDERED THE CONTRACTOR'S NON-DISCRIMINATION AND NON-RETALIATION POLICY WITHOUT THE REQUIREMENT OF A SEPARATE SUBMITTAL.

ABIA's terminal facility currently operates twenty-five (25) Jetway Systems passenger boarding bridges that are used during passenger per-flight boarding and un-boarding services. This agreement will allow ABIA to purchase the necessary OEM spare parts for the ongoing in-house maintenance and repair activities while providing OEM maintenance oversight, quality control inspections and emergency repairs by the JBT AeroTech factory trained and certified technicians. Without this agreement we will not be able to meet the departments goals and insure that our passenger boarding bridges are operating in a safe, efficient manner, and are available at all times.

4. Please attach any documentation that supports this exemption.
5. Please provide any evaluation conducted to support the recommendation. Include the efforts taken to ensure the selected vendor is responsible and will provide the best value to the City (Ex: evaluation of other firms, knowledge of market, etc).

ABIA is recommending JBT AeroTech - Jetway Systems because they are the original equipment manufacture of the Jetway passenger boarding bridges and sole supplier of all associated spare parts and they employ factory trained and certified Jetway Systems technicians. Due to the critical nature of the passenger boarding bridges we feel it is in the best interest of the City to contract with JBT for these parts and services. JBT will be able to provide the OEM repairs at the highest level of quality, reduced price points for parts, and efficiency in the repair process as the sole supplier for the Jetway passenger boarding bridges.

6. Because the above facts and documentation support the requested exemption, the City of Austin intends to contract with JBT AeroTech - Jetway Systems which will cost approximately \$2,750,000.00 (Provide estimate and/or breakdown of cost).

Paul Pena
Airport Maintenance Supervisor II
City of Austin/Aviation Dept.

Dear Mr. Pena:

JBT AeroTech is providing the attached listing of JBT AeroTech - Jetway business unit patents pertinent to aircraft passenger boarding bridges, pre-conditioned air units, and ground power units. As the Original Equipment Manufacturer (OEM) for these passenger boarding bridges, pre-conditioned air units, and ground power units, JBT AeroTech is the provider of all spare parts required for the maintenance of these products.

JBT AeroTech – Jetway has various patents pertaining to aircraft passenger boarding bridges in many countries. However, this listing will only include patents in the United States. Additionally, JBT AeroTech – Jetway has had many patents for the passenger boarding bridges that have expired. Nevertheless, the methods and procedures of JBT AeroTech – Jetway in making the pertinent products remain a trade secret and are proprietary to JBT AeroTech – Jetway. The current United States patent estate for passenger boarding bridges and associated equipment is attached to this letter.

Not all Jetway passenger boarding bridges, Pre-conditioned air units, or ground power units contain the inventions covered by the patents noted on the attached list. Additionally, there are patents that are currently pending which have not been issued.

We have reviewed your list of parts and have determined that ninety-one (91) percent of the items are supplied by JBT AeroTech - Jetway as the OEM. That is not to say that the remaining 21 items are not JBT AeroTech – Jetway products, but with the information provided and time permitted, we were not able to tie those parts back to Jetway part numbers before the sending of this letter. We are attaching the updated parts list with Jetway part numbers and including in column K all items for which JBT AeroTech – Jetway is the OEM. While other sources for comparable, or seemingly comparable, items may exist in the marketplace, there is no guarantee that those items will meet the form, fit, function, and design intent of the OEM products. Where safe operation of all of our products is our primary concern, we urge our customers to use only OEM products in our equipment.

In regards to software, this is a proprietary program designed by JBT Jetway engineers for the operation of our equipment. Standard Terms and Conditions regarding the software are as follows:

SOFTWARE: Seller hereby grants to Buyer a non-exclusive, non-transferable and non-sublicensable license to use the PLC control Software solely in conjunction with the operation of the Equipment provided under the contract and otherwise in accordance with any other applicable agreements in existence between the parties. Buyer agrees that the Software and any other related information or data supplied by Seller constitutes a valuable trade secret and is proprietary information of Seller and/or Seller's licensors. Unless expressly authorized by Seller in writing, the Software may not be copied, modified, translated, reverse engineered, compiled or decompiled, transferred, or disclosed to another party. Notwithstanding the foregoing, the Software may be copied for backup or archival purposes reasonably necessary to support the license granted herein.

I appreciate the opportunity to be of assistance. If you have any further questions, please feel free to call.

Sincerely,

Keenan Drenning
