

APPENDIX G. ATTACHED PLANS

In Austin, neighborhood planning provides an opportunity for residents to get involved in the local planning process. Since 1996, community members have used this planning process to address local issues and concerns. The neighborhood planning process addresses land use, zoning, transportation, and urban design issues. The goal is to bring diverse interests together to develop a shared neighborhood vision. The following adopted small area, neighborhood plans, and station area plans are attached to and included in the Imagine Austin Comprehensive Plan.
