## **Description of Need**

**Purpose:** To fund a planning process for improvements to Austin's first response system, informed by the Office of the City Auditor's report "APD Response to Mental Health-Related Incidents" and mental health response best practices. System improvements will ensure that in an incident involving an individual in mental health crisis, Austin's first responders will ensure that individual receives clinical care as quickly as possible, thereby ensuring the safety and security of the individual and the community.

**Enhancement Direction:** The City Manager shall commission a planning process, the scope of which should include, but not be limited to, the following:

- Bring together stakeholders, including community based organizations, to ensure the new first response strategies developed fulfill the stated purpose and goal of the planning process
- Identify enhancements/changes to existing programs and trainings and/or develop additional interventions with key stakeholders that addresses the identified goal
- Analyze data related to mental health calls including Use of Force, Use of lethal force, number of arrests of people with mental health issues, calls categorized as mental health calls coming into 911 and others to be determined to highlight potential solutions
- Review the Office of the City Auditor's report "APD Response to Mental Health-Related Incidents" for specific findings, including recommended next steps
- Analyze 911 calls and dispatch data to identify potential opportunities within 911 – opportunities for triage and dispatch changes
- Identify emerging best practices from other communities, including Houston, San Antonio and Dallas, around the system responding to individuals experiencing mental health crises from 911 or other call through triage, dispatch and response to identify strategies that address identified purpose
- Review data and information collected in existing reports related to emerging best practices in response to mental health calls from other communities and identify strategies that align with identified purpose
- Review local programs to identify what is currently in place and how to build on our community's strong foundation (community health paramedics, HOST, MCOT, EMCOT, Sobering Center, possibly others)
- Identify any policy or procedure changes across systems necessary or desirable to support goals

\$1.0M		TBD	General Fund

## Description of Need

Increased funding and scope of programs is necessary to provide immediate intervention for those experiencing homelessness or who are housing insecure, as well as the services and infrastructure to provide means for a long-term solution. Council expects the funding to address the following areas of need.:

- Rapid Rehousing
- Housing security protection, eviction prevention
- Revitalization and safety of ARCH and surrounding area
- Navigation outreach services, to include HOST Expansion, outside city central core providing entry to services and continuing support

Council further expects Staff to return with a plan, based on need and stakeholder input by 10/1/2018 with the expectation that approximately 40% of the total expenditure be for navigation outreach services outside the central city core.
