Additional Backup Information:

During the budget adoption process for Fiscal Year 2018-2019, Council approved an increase in fees for easement releases, permanent encroachments in public right of way, and street/alley vacations. The fee amounts for the permanent encroachments in public right of way and

street/alley vacations were transposed and must be corrected. Additionally, a clerical error in the fee schedule requires the permanent encroachments in public right of way description “per application plus reimbursement for appraisal fees incurred by the City” to be changed to “per application plus reimbursement for appraisal fees and public notice incurred by the City” as cited under City Code Chapter 14-11. The ordinance proposed for approval will amend the City fee schedule ordinance to establish fees and other costs related to permanent encroachments in the public right of way and street/alley vacations under City Code Chapter 14-11.
