ZONING CHANGE REVIEW SHEET

CASE: C14-2019-0005 – APC Towers – TX 1395 Kuckols Crossing

Z.A.P. DATE: March 5, 2019

ADDRESS: 4400-1/2 East William Cannon Drive

DISTRICT AREA: 2

OWNER: LDG Development, LLC (Jacob P. Brown)

AGENT: Vincent Gerard & Associates, Inc. (Vincent G. Huebinger)

ZONING FROM: GR-MU-C0

TO: GR-MU-C0, to remove the restriction pertaining to the maximum 45’ height of a structure on the property

AREA: 0.04 acres (1,600 square feet)

SUMMARY STAFF RECOMMENDATION:

The Staff recommendation is to grant community commercial – mixed use – conditional overlay (GR-MU-C0) combining district zoning. The conditional overlay prohibits the following uses: automotive rentals; automotive repair services; automotive sales; automotive washing (of any type); club or lodge; college or university facilities; communication service facilities; custom manufacturing; drop-off recycling collection facility; exterminating services; funeral services; guidance services; hospital services (general); pawn shop services; plant nursery; private secondary educational facilities; public secondary educational facilities; residential treatment; service station; special use historic; theater; urban farm, and drive-in services as an accessory use, and limits the maximum height of a building to 45 feet.

ZONING AND PLATTING COMMISSION RECOMMENDATION:

March 5, 2019: APPROVED GR-MU-C0 DISTRICT ZONING TO CHANGE A CONDITION OF ZONING, AND LIMIT THE MAXIMUM HEIGHT OF A STRUCTURE TO 45 FEET, EXCEPT THAT A TELECOMMUNICATION TOWER MAY NOT EXCEED 100 FEET.

[B. EVANS; S. LAVANI – 2ND] (9-0) 2 VACANCIES ON THE COMMISSION

NOTE: ALL OTHER EXISTING CONDITIONAL OVERLAYS CONTINUE TO APPLY.

ISSUES:

The Applicant is in agreement the recommendation of the Zoning and Platting Commission.
DEPARTMENT COMMENTS:

The subject undeveloped pad site is within a larger tract and zoned community commercial – mixed use – conditional overlay (GR-MU-CO) district by a 2016 case. The Conditional Overlay is for a list of prohibited uses and restricts height of a building or structure to 45 feet (C14-2016-0004 – Oporta Zoning). Access is taken from East William Cannon, a divided major arterial roadway and therefore, vehicle movements are limited to right-turn in, right-turn out. There is undeveloped land to the west and north (MF-2), and auto-related and personal service uses to the east (GR-CO; CS). For additional context, the Williamson Creek Greenbelt is further north (SF-3). Please refer to Exhibits A (Zoning Map), A-1 (Aerial View) and B (2016 Rezoning Ordinance).

The Applicant has requested a change to the Conditional Overlay to remove the height limit for a structure in order to build a 100-foot tall telecommunication tower on a 1,600 square foot pad site. The proposed tower location near the southeast corner of the property area meets the required 50-foot setback from a dwelling unit (LDC 25-2-839(E)(1)(c). It also meets the required 200-foot setback from an SF-5 or more restrictive district or use, which is the SF-3 zoned Williamson Creek greenbelt to the north (LDC 25-2-839(F)(1)). For these reasons, Staff recommends the Applicant’s request.

The CO continues the same prohibited uses and the height limit for a building as the surrounding GR-MU-CO site approved in 2016, and allows for retail sales, restaurants, administrative and business offices, medical offices, consumer convenience services and consumer repair services, personal services and personal improvement services to occur.

RELATED CASES:

The larger tract which includes this pad site was zoned from SF-3 to GR-MU-CO on May 5, 2016 (C14-2016-0004 – Oporta Zoning).
The property was annexed into the full-purpose City limits on November 16, 1972 (C7-72-4AN).

There are no subdivision or site plan cases on the subject property.

**ORDINANCE NUMBER:**

**CASE MANAGER:** Wendy Rhoades

**PHONE:** 512-974-7719

e-mail: wendy.rhoades@austintexas.gov
SUMMARY STAFF RECOMMENDATION:

The Staff recommendation is to grant community commercial – mixed use – conditional overlay (GR-MU-CO) combining district zoning. The conditional overlay prohibits the following uses: automotive rentals; automotive repair services; automotive washing (of any type); club or lodge; college or university facilities; communication service facilities; custom manufacturing; drop-off recycling collection facility; exterminating services; funeral services; guidance services; hospital services (general); pawn shop services; plant nursery; private secondary educational facilities; public secondary educational facilities; residential treatment; service station; special use historic; theater; urban farm, and drive-in services as an accessory use, and limits the maximum height of a building to 45 feet.

BASIS FOR LAND USE RECOMMENDATION (ZONING PRINCIPLES)

1. The proposed zoning should be consistent with the purpose statement of the district sought.

   The proposed community commercial (GR) district is intended for office and commercial uses serving neighborhood and community needs, including both unified shopping centers and individually developed commercial sites, and typically requiring locations accessible from major trafficways. The mixed use (MU) district is intended to allow for office, retail, commercial and residential uses to be combined in a single development. The CO combining district may be applied in combination with most base districts. The district is intended to provide flexible and adaptive use or site development regulations by requiring standards tailored to individual properties.

   This property has frontage on East William Cannon Drive.

2. Zoning should allow for reasonable use of the property.

   The proposed tower location near the southeast corner of the property area meets the required 50-foot setback from a dwelling unit (LDC 25-2-839(E)(1)(c). It also meets the required 200-foot setback from an SF-5 or more restrictive district or use, which is the SF-3 zoned Williamson Creek greenbelt to the north (LDC 25-2-839(F)(1)). For these reasons, Staff recommends the Applicant’s request.

EXISTING CONDITIONS

Site Characteristics

The subject property is undeveloped and generally slopes to the east, with groupings of trees along the north and east property lines. There is an existing gravel u-shaped driveway that extends along the south, west and north property lines.

Impervious Cover

The maximum impervious cover allowed by the GR zoning district would be 80%, which is based on the more restrictive watershed regulations described below.
**Comprehensive Planning**

The review of public and private utilities, including telecommunication towers, is beyond the scope of the Imagine Austin Comprehensive Plan and subsequently no review comments are being submitted for this case.

**Environmental**

The site is not located over the Edwards Aquifer Recharge Zone. The site is in the Williamson Creek Watershed of the Colorado River Basin, which is classified as a Suburban Watershed by Chapter 25-8 of the City's Land Development Code. The site is in the Desired Development Zone.

Under current watershed regulations, development or redevelopment on this site will be subject to the following impervious cover limits:

<table>
<thead>
<tr>
<th>Development Classification</th>
<th>% of Gross Site Area</th>
<th>% of Gross Site Area with Transfers</th>
</tr>
</thead>
<tbody>
<tr>
<td>Single-Family (minimum lot size 5750 sq. ft.)</td>

<td>60%</td>
<td>70%</td>
</tr>
<tr>
<td>Commercial</td>
<td>80%</td>
<td>90%</td>
</tr>
</tbody>
</table>

According to floodplain maps there is no floodplain within or adjacent to the project location.

Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

At this time, site specific information is unavailable regarding vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.

Under current watershed regulations, development or redevelopment requires water quality control with increased capture volume and control of the 2 year storm on site.

At this time, no information has been provided as to whether this property has any preexisting approvals that preempt current water quality or Code requirements.

**Site Plan and Compatibility Standards**

Site plans will be required for any new development other than single-family or duplex residential.
**Transportation and Complete Streets Review**

Additional right-of-way may be required at the time of subdivision and/or site plan.

**Water and Wastewater**

The landowner intends to serve the site with City of Austin water and wastewater utilities. The landowner, at own expense, will be responsible for providing any water and wastewater utility improvements, offsite main extensions, utility relocations and or abandonments required by the land use. The water and wastewater utility plan must be reviewed and approved by Austin Water for compliance with City criteria and suitability for operation and maintenance. Depending on the development plans submitted, water and or wastewater service extension requests may be required. All water and wastewater construction must be inspected by the City of Austin. The landowner must pay the City inspection fee with the utility construction. The landowner must pay the tap and impact fee once the landowner makes an application for a City of Austin water and wastewater utility tap permit.

ORDINANCE NO. 20160505-043

AN ORDINANCE REZONING AND CHANGING THE ZONING MAP FOR THE PROPERTY LOCATED AT 4400 EAST WILLIAM CANNON DRIVE FROM FAMILY RESIDENCE (SF-3) DISTRICT TO COMMUNITY COMMERCIAL-MIXED USE-CONDITIONAL OVERLAY (GR-MU-CO) COMBINING DISTRICT.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:

PART 1. The zoning map established by Section 25-2-191 of the City Code is amended to change the base district from family residence (SF-3) district to community commercial-mixed use-conditional overlay (GR-MU-CO) combining district on the property described in Zoning Case No. C14-2016-0004, on file at the Planning and Zoning Department, as follows:

All that certain parcel or tract of land out of the Santiago Del Valle Grant, Travis County, Texas; being all of a remaining portion of a tract of land as conveyed to Vicky Oporta by general warranty deed recorded on Document No. 2010106125 of the Official Public Records of Travis County, Texas, save and except that tract as conveyed to the City of Austin as described in a street deed recorded in Volume 9541, Page 158 of the Real Property Records of Travis County; and being more particularly described by metes and bounds in Exhibit “A” incorporated into this ordinance (the “Property”),

locally known as 4400 East William Cannon Drive in the City of Austin, Travis County, Texas, generally identified in the map attached as Exhibit “B”.

PART 2. The Property within the boundaries of the conditional overlay combining district established by this ordinance is subject to the following conditions:

A. The following uses are not permitted uses of the Property:

Automotive rentals
Automotive sales
Club or lodge
Communication service facilities
Service station
Funeral services
Hospital services (general)
Plant nursery

Automotive repair services
Automotive washing (of any type)
College and university facilities
Custom manufacturing
Exterminating services
Guidance services
Pawn shop services
Special use historic

EXHIBIT B
2016 REZONING ORDINANCE
Theater
Urban farm
Drop-off recycling collection facility

Residential treatment
Private secondary educational facilities
Public secondary educational facilities

B. The maximum height of a building or structure on the Property shall not exceed 45 feet.

C. Drive-in service use is prohibited as an accessory use on the Property.

Except as specifically restricted under this ordinance, the Property may be developed and used in accordance with the regulations established for the community commercial (GR) district and other applicable requirements of the City Code.

PART 3. This ordinance takes effect on May 16, 2016.

PASSED AND APPROVED

May 5, 2016

Steve Adler
Mayor

APPROVED: Anne L. Morgan
City Attorney

ATTEST: Jannette S. Goodall
City Clerk
SUMMARY STAFF RECOMMENDATION:

The Staff recommendation is to grant community commercial – mixed use – conditional overlay (GR-MU-CO) combining district zoning. The conditional overlay prohibits the following uses: automotive rentals; automotive repair services; automotive sales; automotive washing (of any type); club or lodge; college or university facilities; communication service facilities; custom manufacturing; drop-off recycling collection facility; exterminating services; funeral services; guidance services; hospital services (general); pawn shop services; plant nursery; private secondary educational facilities; public secondary educational facilities; residential treatment; service station; special use historic; theater; urban farm, and drive-in services as an accessory use, and limits the maximum height of a building to 45 feet.

BASIS FOR LAND USE RECOMMENDATION (ZONING PRINCIPLES)

1. The proposed zoning should be consistent with the purpose statement of the district sought.

   The proposed community commercial (GR) district is intended for office and commercial uses serving neighborhood and community needs, including both unified shopping centers and individually developed commercial sites, and typically requiring locations accessible from major trafficways. The mixed use (MU) district is intended to allow for office, retail, commercial and residential uses to be combined in a single development. The CO combining district may be applied in combination with most base districts. The district is intended to provide flexible and adaptive use or site development regulations by requiring standards tailored to individual properties.
   
   This property has frontage on East William Cannon Drive.

2. Zoning should allow for reasonable use of the property.

   The proposed tower location near the southeast corner of the property area meets the required 50-foot setback from a dwelling unit (LDC 25-2-839(E)(1)(c). It also meets the required 200-foot setback from an SF-5 or more restrictive district or use, which is the SF-3 zoned Williamson Creek greenbelt to the north (LDC 25-2-839(F)(1)). For these reasons, Staff recommends the Applicant’s request.

EXISTING CONDITIONS

Site Characteristics

The subject property is undeveloped and generally slopes to the east, with groupings of trees along the north and east property lines. There is an existing gravel u-shaped driveway that extends along the south, west and north property lines.

Impervious Cover

The maximum impervious cover allowed by the GR zoning district would be 80%, which is based on the more restrictive watershed regulations described below.
Comprehensive Planning

The review of public and private utilities, including telecommunication towers, is beyond the scope of the Imagine Austin Comprehensive Plan and subsequently no review comments are being submitted for this case.

Environmental

The site is not located over the Edwards Aquifer Recharge Zone. The site is in the Williamson Creek Watershed of the Colorado River Basin, which is classified as a Suburban Watershed by Chapter 25-8 of the City's Land Development Code. The site is in the Desired Development Zone.

Under current watershed regulations, development or redevelopment on this site will be subject to the following impervious cover limits:

According to floodplain maps there is no floodplain within or adjacent to the project location.

Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

At this time, site specific information is unavailable regarding vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.

Under current watershed regulations, development or redevelopment requires water quality control with increased capture volume and control of the 2 year storm on site.

At this time, no information has been provided as to whether this property has any preexisting approvals that preempt current water quality or Code requirements.

Site Plan and Compatibility Standards

Site plans will be required for any new development other than single-family or duplex residential.
Transportation and Complete Streets Review

Additional right-of-way may be required at the time of subdivision and/or site plan.

Water and Wastewater

The landowner intends to serve the site with City of Austin water and wastewater utilities. The landowner, at own expense, will be responsible for providing any water and wastewater utility improvements, offsite main extensions, utility relocations and or abandonments required by the land use. The water and wastewater utility plan must be reviewed and approved by Austin Water for compliance with City criteria and suitability for operation and maintenance. Depending on the development plans submitted, water and or wastewater service extension requests may be required. All water and wastewater construction must be inspected by the City of Austin. The landowner must pay the City inspection fee with the utility construction. The landowner must pay the tap and impact fee once the landowner makes an application for a City of Austin water and wastewater utility tap permit.
4. **Rezoning:** C14-2019-0005 - APC Towers - TX 1395 Kuckols Crossing; District 2
   Location: 4400-1/2 East William Cannon Drive, Williamson Creek Watershed
   Owner/Applicant: LDG Development LLC (Jacob P. Brown)
   Agent: Vincent Gerard & Associates, Inc. (Vincent G. Huebinger)
   Request: GR-MU-CO to GR-MU-CO, to change a condition of zoning
   Staff Rec.: **Recommended**
   Staff: Wendy Rhoades, 512-974-7719, wendy.rhoades@austintexas.gov
   Planning and Zoning Department

**Question: Commissioner King**

1. The property would be entitled to a building height of up to 100 feet on the 1,600 square feet portion of the property and up to 45 feet on all other portions of the property. Is this correct?

2. The property would be entitled to 100-feet building height on the entire 1,600 square feet portion of the property. One 100-foot building or one 100-foot tower could be built by right on this portion. Is this correct?

3. The only change to the existing zoning entitlements and conditional overlay for the property is an increase of the current 45-feet building height limit to 100 feet on the 1,600 square feet portion of the property. All other aspects of the existing conditional overlay (prohibited uses and prohibit drive-in services) continue in force for this property. Is this correct?

4. If staff recommendation for this case is approved by ZAP and Council, would the property owner be entitled by right to use the 100-feet structure height entitlement to build a 100-foot tall building or any other structure instead of a telecommunications tower on the 1,600 square feet portion?

5. Could the property owner use this entitlement for any other structure (other than telecommunications tower) or any building that exceeds 45 feet on the 1,600 square feet portion of the property?

6. Can ZAP limit the 100 feet height entitlement solely to a telecommunications tower on the 1,600 square feet portion of the site? As I understand, that portion of the property would still be entitled to 45 feet height for a building or other structure that doesn't exceed 45 feet in height.
Answer: Staff

1. Yes.
2. A telecommunications tower is considered a "structure", rather than a "building". Substituting the word "structure" for "building" in the above sentence would be correct. The zoning change would allow for one 100-foot tall structure in the 1,600 square foot rezoning area.
3. Substituting the word "structure" for "building" is correct. The zoning change would allow for one 100-foot tall structure in the 1,600 square foot rezoning area. All other aspects of the existing -CO remain unchanged.
4. The intent is to use the 1,600 sf rezoning area for a 100-foot tall telecommunications tower, the "structure" (as covered in my last email, this is different from a building). The Owner could build a structure that is not a telecommunications tower, however I don't know what kind of structure that would be other than some kind of utility structure, such as a water reservoir.
5. Yes.
6. Yes.

5. Rezoning: C14-2018-0130 - The Meadows on West Slaughter; District 5
   Location: 707 West Slaughter Lane, Slaughter Creek Watershed
   Owner/Applicant: SFC Software Factory LLC (Leonardo Madrigal)
   Agent: Morales Development LLC (Amy Morales)
   Request: GO-MU-CO to GR-MU-V
   Staff Rec.: Recommended
   Staff: Wendy Rhoades, 512-974-7719, wendy.rhoades@austintexas.gov
Planning and Zoning Department

Question: Commissioner King

Does staff's recommendation for this case include the existing conditional overlay that establishes a 2,000 daily trip limit for this property?

What is the location of the closest bus stop to this property?

Can the V (vertical mixed use) designation be limited to the section of the property immediately north of the existing vacant single family home up to the property line along Slaughter Lane? This lot looks fairly deep and as I understand vertical mixed use is isn't intended to go too far back from a transit corridor.
