

EXHIBIT B - Staff proposed changes

March 22, 2019

ID	Type	Page Number	Change Proposed	Proposed By
B-1	N/A	Various	There were typographical errors in the final draft document that will be corrected.	Staff
B-2	Street Network Table	A8	<p>The Street Network Table and Map will be updated to include Level 1 Streets that were included in the Roadway Capacity Projects Map but were left out of the Street Network Table in error.</p> <p>The following text will be added to the Street Network Table home page to support the proposed change:</p> <p>"The right of way requirements for Level 2, 3, and 4 streets are included in the Street Network Table. <u>Level 1 streets (local streets) with improvements identified are included in the Street Network Table.</u> Level 1 streets <u>without improvements identified</u> (local streets) were not evaluated for right of way constraints and are all required to be 50 feet in constrained conditions and 60 feet in greenfield developments."</p>	Staff

Additional recommendations are anticipated following further staff analysis and anticipated action from the Planning Commission on March 26.

			<p>Public Transportation System Policy 4 Invest in a high-capacity transit system</p> <p>Supporting text will include reference to the Project Connect "BRT Light" corridors as part of the long-term high-capacity transit system</p> <p>"For the <u>BRT Light corridors in the Project Connect Long Term Vision Plan</u> that are not slated for dedicated transit pathways in the near-term, we must continue to advance the levels of transit service, such as by increasing frequency to less than 15 minutes and by providing high-capacity vehicles, in order to have a complete high-capacity transit system in the long term. <u>Opportunities to make near-term operational improvements, such as designating transit-only lanes, should be made while pursuing longer-term opportunities to operate transit in dedicated pathways in the future in order to have a complete high-capacity transit system by 2039.</u>"</p>	
B-3	Policy, Map	100	Public Transportation System Map will be updated to reflect the BRT Light corridors	Urban Transportation Commission
B-4	Policy	88	Roadway System Policy 1: "...provide new roadway connections to <u>improve street grid connectivity</u> and make improvements..."	Staff
B-5	Policy	158	Closures and Detours Policy 3 short description: "Limit and coordinate closures, including for special events, on the Vehicle, Transit, and <u>Bicycle</u> Priority Networks to minimize disruptions to transportation network operations"	Staff
B-6	Policy	7, 18	Designing for Safety Policy 1: " <u>Design and</u> manage for safe speeds"	Urban Transportation Commission

Additional recommendations are anticipated following further staff analysis and anticipated action from the Planning Commission on March 26.

B-7	Policy	128	"Emerging technologies include new modes of vehicular travel, like scooters, connected and automated vehicles, <u>low-speed electric vehicles, and pedicabs.</u> "	Urban Transportation Commission, Pedestrian Advisory Council, Commission on Seniors, Community Development Commission, Bicycle Advisory Council
B-8	Policy	90	Roadway System Policy 3: "...high-occupancy vehicle lanes are <u>a</u> <u>another</u> strategy to increase person-carrying capacity. <u>Another strategy is to include access points to managed lanes that are configured to allow the efficient entrance and exit of commuter transit service.</u> Without..."	Urban Transportation Commission
B-9	Policy	75	Supplying Our Transportation Infrastructure introduction: "...increase its resiliency, <u>and leverage mobility improvements through capital renewal, and ensure it is available to everyone whenever and wherever they need to go.</u> We also must..."	Urban Transportation Commission, Pedestrian Advisory Council, Bicycle Advisory Council
B-10	Policy	54	Transportation Demand Management Programming introduction: "...away from peak travel times, <u>combine trips,</u> or reduce the need to take a trip in the first place."	Environmental Commission
B-11	Policy	70	Voluntary services, such as Drive a Senior, also provide shared mobility to people who don't drive, connecting people to services in our community.	Commission on Seniors
B-12	Policy	120	"...important facilities. <u>Urban trails can be a tool to connect the street grid to provide additional pedestrian and bicycle connectivity and shorten walking and bicycling distances.</u> New trail connections..."	Bicycle Advisory Council

Additional recommendations are anticipated following further staff analysis and anticipated action from the Planning Commission on March 26.
