

ORDINANCE NO. 20190523-006

AN ORDINANCE AUTHORIZING AN AMENDMENT TO ORDINANCE NO. 20180911-002 TO INCREASE THE INDUSTRIAL WASTE SURCHARGE FOR EXCESSIVE AMMONIA-NITROGEN.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:

PART 1. The City Council authorizes an amendment to the fees, fines, and other charges adopted by Ordinance No. 20180911-002 to change the surcharge for industrial waste in accordance with the attached Exhibit "A".

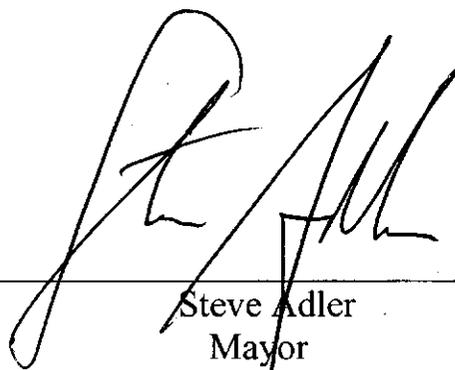

PART 2. To the extent that a previous ordinance conflicts with this ordinance, the earlier ordinance is repealed.

PART 3. This ordinance takes effect on June 3, 2019.

**PROPOSED WATER RATES
FY 2018-19**

**PROPOSED RATES EFFECTIVE June 3, 2019
(Rates for bills generated on or after June 3, 2019)**

Industrial Waste Surcharge Rate for Ammonia-Nitrogen

Ammonia-Nitrogen	<u>Current Rate</u>	<u>Proposed Rate</u>
	\$1.559	\$1.641

Increase the current rate of \$1.559 to \$1.641 per pound of ammonia-nitrogen discharged into Austin Water's wastewater system by an Industrial User when the ammonia-nitrogen concentration is in excess of 35 mg/l. The surcharge fee for ammonia nitrogen will be charged to an Industrial User that uses or produces ammonia-nitrogen in a manufacturing process. The surcharge fee for ammonia-nitrogen will be determined by calculating the difference between the average concentrations discharged from such an Industrial User and the 35 mg/l threshold as described in the formula below:

$$\text{Surcharge fee for ammonia-nitrogen} = \text{Volume of wastewater discharged (in millions of gallons)} \times 8.34 \text{ pounds per gallon} \times [\$1.641 \text{ per pound} \times (\text{Industrial User's average ammonia-nitrogen (in mg/l)} - 35 \text{ mg/l})]$$

Industrial Wastewater Surcharges for BOD, COD, or TSS remain unchanged.
