Additional Backup Information:

These contracts will provide automotive body repair services for the City's fleet of light, medium, and heavy-duty vehicles. The contractors will provide parts and labor for body, painting, frame and mechanical repairs. These services will be provided on an as-needed basis for various types of vehicles including sedans, police cars, fire trucks, ambulances, dump trucks, garbage trucks and other vehicles. These contracts are necessary to provide Fleet Services with reliable sources for automotive body repair services and to ensure the continuity of fleet services to City departments.

This solicitation was designed with multiple groups based on vehicle types with the possibility of a different award for each group, allowing for greater minority and women owned business enterprise participation, greater competition and greater contractor availability to provide services for the City. Kaiser and Sons D/B/A Network Auto Body and Paint Shop will be awarded body repair and associated parts for cars and light trucks. ACM Body & Frame, Inc. will be awarded body repair and associated parts for medium and heavy-duty vehicles.

The requested authorization amount was determined using departmental estimates based on historical spend and will allow for a small increase in unforeseen automotive body repair services. These contracts will replace the current contract which expires February 21, 2020.
