ZONING CHANGE REVIEW SHEET

ZONING FROM:  SF-2 TO:  CS-CO, as amended

ADDRESS:  9606 Swansons Ranch Road

SITE AREA:  0.4949 acres (21,557 square feet)

PROPERTY OWNER:  The Avalon N Holdings, LLC (John Luke Sanchez)  AGENT:  Moncada Enterprises, LLC (Phil Moncada)

CASE MANAGER:  Wendy Rhoades (512-974-7719, wendy.rhoades@austintexas.gov)

STAFF RECOMMENDATION:

The Staff recommendation is to grant limited office – mixed use (LO-MU) district zoning.  For a summary of the basis of Staff’s recommendation, see case manager comments.

ZONING AND PLATTING COMMISSION ACTION / RECOMMENDATION:

CITY COUNCIL ACTION:
June 20, 2019:

ORDINANCE NUMBER:

ISSUES:

The Applicant would like to discuss the Staff’s recommendation with the Zoning and Platting Commission. Correspondence in support of the Applicant’s rezoning request is attached.

On May 6, 2019, the Applicant amended the rezoning request from the LI, limited industrial services district to CS, general commercial services.

On November 2, 2016, a Code Department investigation resulted in a citation to the owner regarding improper zoning and commercial construction performed without required permits, including the addition of a canopy, windows and door, and lighting canisters (CV-2016-135412).  After the Notice of Violation was issued, the Owner contracted with a firm to prepare an operational history of the property in order to determine if commercial use could
be established prior to annexation. Please refer to Exhibit E. The rezoning case was filed on February 27, 2019.

CASE MANAGER COMMENTS:

The subject rezoning area consists of one platted lot that has frontage on both Swansons Ranch Road and Bilbrook Place, and is zoned single family residence – standard lot (SF-2) district. The property has driveway access to Swansons Ranch Road and contains the Owner’s construction sales and service business and an automotive repair business run by an unrelated individual. Swansons Ranch Road is a local street that is developed with a mixture of single family residences, office and commercial uses, including a day spa (SF-2) and office (LO-CO) at the intersection with West Slaughter Lane, a roofing / general contractor company (GO-CO), a former automotive repair business (SF-2, grandfathered), and a warehouse for solid waste services company (RR). The property has a driveway apron to Bilbrook Place, although it is seldom used. There are also several single family residences on Swansons Ranch Road (SF-2). On Bilbrook Place to the west, there is undeveloped land and a church (LR; SF-6-CO).

The property was annexed into the City in November 1984 and zoning maps from the mid- and late 1980s suggest that some of the commercial uses on Swansons Ranch Road were in operation prior to annexation, and therefore, are considered legal uses. According to telephone directories, the subject property was occupied by a gunsmithing business in the mid-to-late 1970s, and a seafood handling operation in 1985. The City issued commercial building permits for installation of walk-in coolers, a grease trap and mop sink, and related electrical work for the seafood business in 1985, although it is unknown if rezoning to a commercial district was identified as a necessary process at that time. The auto repair business has occupied the property since 1990. Sale of the property to the current Owner occurred in July 2015 and purchase records indicated it was a commercial property.

Given the existing construction sales and services and auto repair businesses on the property, the Applicant proposes to rezone the lot to the general commercial services – conditional overlay (CS-CO) district, in order to bring the existing uses into conformance with the zoning district that allows these uses. The Applicant’s proposed –CO is for an extensive list of prohibited residential, commercial, industrial and civic uses, as shown at the very back of this packet.

BASIS FOR RECOMMENDATION

The CS zoning district is best suited for uses located at intersections of arterial roadways or arterials with collector status. The intention is to promote safe and efficient use of transportation facilities. The Conditional Overlay (CO) combining district may be applied in combination with any base district. The district is intended to provide flexible and adaptable use or site development regulations by requiring standards tailored to individual properties.

Although Swansons Ranch Road contains both residential and commercial uses, a request for CS zoning is not recommended by Staff on the basis that it would introduce intensive
commercial zoning on a local street. To this end, Staff is unable to recommend the Applicant’s request for CS-CO, because the zoning and type of development, associated activities, including truck traffic and vehicle trip generation for auto repair and construction sales and services uses are incompatible with the surrounding residences on Swansons Ranch Road.

Another basis for Staff recommendation is that any commercial uses which can be proven to have existed prior to annexation would be considered a non-conforming use. A commercial use (the seafood handling operation) was located on the property shortly after annexation and would have needed commercial zoning at that time.

Moreover, the Swansons Ranchettes subdivision that contains the lot proposed for rezoning was originally platted for residential development, and proposes some challenges in order to redevelop with commercial uses. If CS zoning is granted, this site will have to comply with CS site development standards, which includes a 25 feet setback from SF-6 or more restrictive district and any single family residence.

As an alternative, the Staff recommends LO-MU, limited office – mixed use zoning which is intended for office use predominantly serving the neighborhood or community needs, such as professional, semi-professional and medical offices, which may be located within or adjacent to residential neighborhoods. The subject lot is adjacent to a neighborhood that still has a number of single family residences. An office use would potentially serve the surrounding neighborhoods and the mixed use component would allow for residential use on the property. The mixed use (MU) district is intended to allow for residential uses to be combined with office uses in a single development.

**RELATED CASES:**

The property is platted as Lot B of the Resubdivision of Lot 1 and the South 100’ of Lot 2, Swanson’s Ranchettes No. 2, recorded in September 1975 (C8s-75-114). Please refer to Exhibit B.

The property was annexed into the City limits on November 15, 1984.

Capital Metro bus service (Routes No. 3, 318) is available along West Slaughter Lane.
According to the Austin 2014 Bicycle Plan approved by Austin City Council in 2014, a Bike Lane has been recommended for Bilbrook Place.

OTHER STAFF COMMENTS:

Comprehensive Planning

This rezoning case is located on the west side of Swansons Ranch Road, on a 0.495 acre parcel, which contains an auto body shop and a warehouse. The subject property is not located within the boundaries of a neighborhood planning area. Surrounding land uses include a day spa with an outdoor pool, a food trailer, retail uses, a large single family subdivision and undeveloped land to the north; to the south is an office, single family housing, and an outdoor auto wrecking yard; to the east is single family housing; undeveloped land, and a large apartment complex; and to the west is undeveloped land, an oil change center, single family housing, and a convenience storage facility. The request is to rezone the property to an industrial zoning classification and acknowledge the existing warehouse and auto body shop on the site.

Connectivity

There are no public sidewalks on Swansons Ranch Road. However, the property is located less than 250 ft. south of Slaughter Lane, which has public sidewalks and bike lanes on both sides of the street. A CapMetro transit stop is located less than 300 ft. away from the subject property. The property is located 2,300 ft. from a shopping center with a grocery store. The Walkscore for this site is 39/100, Car Dependent Walkable, meaning most errands require a car.

Imagine Austin

The property is located within the boundaries of ‘Slaughter Lane Station Neighborhood Center’ and 250 ft. feet off an ‘Activity Corridor’, on Slaughter Lane as identified on the Imagine Austin’s Growth Concept Map. A Neighborhood Center is intended to have a more local focus, businesses and services (doctors and dentists, shops, branch libraries, dry cleaners, hair salons, coffee shops, restaurants, and other small and local businesses) will generally serve the center and surrounding neighborhoods. Activity corridors are characterized by a variety of activities and types of buildings located along the roadway, and are intended to allow people to reside, work, shop, access services, people watch, recreate, and hang out without traveling far distances. The following IACP policies are also relevant to this case:

- **LUT P4.** Protect neighborhood character by directing growth to areas of change that includes designated redevelopment areas, corridors and infill sites. Recognize that different neighborhoods have different characteristics and new and infill development should be sensitive to the predominant character of these communities.

- **LUT P7.** Encourage infill and redevelopment opportunities that place residential, work, and retail land uses in proximity to each other to maximize walking, bicycling, and transit opportunities.
By its very definition, a Neighborhood Center is intended to support residential, commercial, mixed use and civic uses, and have a local focus. Conversely, industrial uses and industrially zoned properties are reserved for manufacturing and related uses but are generally not compatible with other areas with a lower intensity use, including residential uses. The Imagine Austin Comprehensive Plan supports locating office/warehouse uses and other light industrial uses in Job Centers, but not within Neighborhood Centers, therefore this rezoning request does not appear to support the Comprehensive Plan.

**Environmental**

The site is not located over the Edwards Aquifer Recharge Zone. The site is in the Slaughter Creek Watershed of the Colorado River Basin, which is classified as a Suburban Watershed by Chapter 25-8 of the City’s Land Development Code. The site is in the Desired Development Zone.

Under current watershed regulations, development or redevelopment on this site will be subject to the following impervious cover limits:

<table>
<thead>
<tr>
<th>Development Classification</th>
<th>% of Gross Site Area</th>
<th>% of Gross Site Area with Transfers</th>
</tr>
</thead>
<tbody>
<tr>
<td>Single-Family (minimum lot size 5750 sq. ft.)</td>
<td>50%</td>
<td>60%</td>
</tr>
<tr>
<td>Other Single-Family or Duplex</td>
<td>55%</td>
<td>60%</td>
</tr>
<tr>
<td>Multifamily</td>
<td>60%</td>
<td>70%</td>
</tr>
<tr>
<td>Commercial</td>
<td>80%</td>
<td>90%</td>
</tr>
</tbody>
</table>

The maximum impervious cover allowed by the CS zoning district would be 80%, which is based on the more restrictive zoning regulations.

According to floodplain maps there is no floodplain within or adjacent to the project location.

Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment. At this time, site specific information is unavailable regarding vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.

Under current watershed regulations, development or redevelopment requires water quality control with increased capture volume and control of the 2 year storm on site.

**Site Plan and Compatibility Standards**

Site plans will be required for any new development other than single-family or duplex residential.
Any development which occurs in an SF-6 or less restrictive zoning district which is located 540 feet or less from property in an SF-5 or more restrictive zoning district will be subject to compatibility development regulations.

Any new development is subject to Subchapter E. Design Standards and Mixed Use.

FYI: Additional design regulations will be enforced at the time a site plan is submitted.

The site is subject to compatibility standards due to adjacency to SF-1 zoned properties to the north and south. The following standards apply:

- No structure may be built within 25 feet of the property line.
- No structure in excess of two stories or 30 feet in height may be constructed within 50 feet of the property line.
- No structure in excess of three stories or 40 feet in height may be constructed within 100 feet of the property line.
- No parking or driveways are allowed within 25 feet of the property line.
- A landscape area at least 25 feet wide is required along the property line. In addition, a fence, berm, or dense vegetation must be provided to screen adjoining properties from views of parking, mechanical equipment, storage, and refuse collection.
- For a structure more than 100 feet but not more than 300 feet from property zoned SF-5 or more restrictive, height limitation is 40 feet plus one foot for each 10 feet of distance in excess of 100 feet from the property zoned SF-5 or more restrictive.
- An intensive recreational use, including a swimming pool, tennis court, ball court, or playground, may not be constructed 50 feet or less from property in an SF-5 or more restrictive zoning district.

Scenic Roadways
This site is within the Scenic Roadway Sign District. All signs must comply with Scenic Roadway Sign District regulations. Contact Cierra Flores at 512-974-2612 for more information.

Transportation

No additional right-of-way is needed at this time.

A traffic impact analysis was waived for this case because the applicant agreed to limit the intensity and uses for this development. If the zoning is granted, development should be limited through a conditional overlay to less than 2,000 vehicle trips per day [LDC, 25-6-117].

A neighborhood traffic analysis may be required in the future if the site is redeveloped such that the projected number of vehicle trips generated exceeds the vehicle trips per day generated by the current existing land uses by at least 300 vehicle trips per day.
Austin Water Utility

The landowner intends to serve the site with City of Austin water and wastewater utilities. The landowner, at own expense, will be responsible for providing any water and wastewater utility improvements, offsite main extensions, utility relocations and or abandonments required by the land use. The water and wastewater utility plan must be reviewed and approved by Austin Water for compliance with City criteria and suitability for operation and maintenance.

Depending on the development plans submitted, water and or wastewater service extension requests may be required. All water and wastewater construction must be inspected by the City of Austin.

The landowner must pay the City inspection fee with the utility construction. The landowner must pay the tap and impact fee once the landowner makes an application for a City of Austin water and wastewater utility tap permit.

AUSTIN, Texas, 78737

RE: 9060 SWANSONS RANCH RD AUSTIN TX 78748
Legally described as LOT B * RESUB OF LOT 1 & S100FT OF LOT 2 SWANSONS
RANCHETTES SEC 2
Zoned as SF-2
Parcel Number 0430190119

Dear: THE AVALON-N HOLDINGS LLC

The City of Austin Code Department investigated the property described above. Austin City Code violations were found that require your immediate attention. A description of the violation(s) and compliance timeframe(s) are provided in the attached violation report.

After receipt of this Notice, and until compliance is attained, the Austin City Code prohibits the sale, lease, or transfer of this property unless:

- You provide the buyer, lessee, or other transferee a copy of this Notice of Violation; and
- You provide the name and address of the buyer, lessee, or other transferee to the Code Official.

For additional information, I can be reached at 512-974-6781 or Mario.Ruiz@austintexas.gov. Please reference case number CV-2016-135412. Hours of operation are: Monday – Friday, 7:30 a.m. - 4:00 p.m.

Para obtener más información, llame al 512-974-6781 o enviar un correo electrónico a Mario.Ruiz@austintexas.gov. Por favor, consulte caso número CV-2016-135412. El horario de atención es: lunes a viernes, 7:30 a.m. - 4:00 p.m.

Sincerely,

Mario Ruiz, Austin Code Officer
City of Austin Code Department
VIOLATION REPORT

Date of Notice: November 2, 2016

Code Officer: Mario Ruiz
Case Number: CV-2016-135412
Property Address: 9606 SWANSONS RANCH RD AUSTIN TX 78748
Zoned as SF-2

The items listed below are violations of the Austin City Code, and require your immediate attention. If the violations are not brought into compliance within the timeframes listed in this report, enforcement action may be taken. Timeframes start from the Date of Notice.

Violation Type: LAND USE

Austin City Code Section: Building Permit Requirement (§25-11-32)
Description of Violation: Commercial construction performed without required permit(s). Commercial structure, changes made to the front of the structure. Canopy added and electrical lighting installed without permits. Obtain a Building Permit for the canopy, windows and door added to the structure. Also an electrical permit for all the light canisters installed.
Date Observed: 11/01/2016
Timeframe to Comply: 14 Day(s)

Notes: Permit violations require the permit(s) to be issued and all required inspections to be completed to attain compliance. For questions concerning land use violations, please contact the Development Services Department at 512-978-4000. You can also visit http://www.austintexas.gov/department/development-services for more information.

IMPORTANT INFORMATION

Failure to Correct
If the violations are not brought into compliance within the timeframes listed in the violation report, enforcement action may include:

- Criminal charges in the City of Austin Municipal Court subjecting you to fines of up to $2,000 per violation, per day.
- Civil penalties in an Administrative Hearing subjecting you to fines of up to $1,000 per violation, per day, along with additional fees.
- Suspension or cancelation of existing site plan, permit or certificate of occupancy. If the site plan, permit or certificate of occupancy is suspended or revoked, the utility service to this property may be disconnected.
- Civil injunctions or penalties in State court.
- For dangerous or substandard buildings, the City of Austin may also take action with the Building and Standards Commission (BSC) to order the vacation, relocation of occupants, securing, repair, removal or demolition of a building, and civil penalties.
Ownership Information
According to the records of the County, you own the property described in this notice. If this property has other owners, please provide me with this information. If you no longer own this property, you must execute an affidavit form provided by our office. This form should state that you no longer own the property, the name of the new owner, and their last known address. The affidavit must be delivered in person or by certified mail, with return receipt requested, to the Austin Code Department office no later than 20 days after you receive this notice. If you do not submit an affidavit, it will be presumed that you own the property described in this notice.

An affidavit form is available at www.austintexas.gov/code-resources, or at the Austin Code Department office at 1520 Rutherford Lane. The completed affidavit should be mailed to: City of Austin Code Department, P.O. Box 1088, Austin, Texas 78767.

You may file a written complaint or commendation regarding an Austin Code Department Officer no later than 3 days after you receive this notice. Please reference your case number. The complaint or commendation should be mailed to: City of Austin Code Department, ATTN: Code Official, P.O. Box 1088, Austin, Texas 78767.
4.0 SITE BACKGROUND/OPERATING HISTORY

Various sources were consulted to develop a history of prior uses of the subject property and surrounding area to help identify uses that may have been environmentally significant, leading to Recognized Environmental Conditions (RECs). Attempts were made to identify the obvious prior usage of the property back to the properties first development using as many sources that were both reasonably ascertainable and likely to be useful. Standard historical sources include any or all of the following: historical aerial photographs, historical maps, tax information, land title records, topographic maps, city/local directories, building department records, zoning/land use records and interviews with local agencies or other knowledgeable individuals.

The source(s) used for this determination were Polk/Cole Historical address look up phone directories, Historical Aerial Photographs, Historic Sandborn Maps (a search was performed, but no maps were available for this area), Historical Topographic Maps and a Title Search. According to the ASTM E1527 standards, a minimum of at least one of these sources must be researched, and if Title Search is one of these searches, it must be accompanied by one of the other historic sources listed.

4.1 Current and Prior Ownership

Results from a search of Travis County Clerk traced transfer of the subject property back to 1957. Within this period of time the title history did not reveal ownership, by any business that would be suspect for involvement in any activity related to any RECs for the property, nor did it reveal transfer or reference to any activity that would be of concern as an REC to the property.

4.2 Historic City Directories

Austin Enviro Group reviewed copies of the historic Cole/Polk street/phone directories to determine the businesses and property use for the subject property and surrounding properties. The results of the historic phone directory search are: R=Residential A=Apartment NL>No Listing NP>No Phone V=Vacant

The year when the listing began is indicated beside the entry when available from the directory, and the type of business is listed where available from the Polk directory.

Good Morning Wendy,
we would like to amend our zoning application to reflect our request to change from LI to CS zoning and be able to have the auto repair included for the small paint shop at the rear.

Phil Moncada
Moncada Enterprises, LLC
1301 S IH 35 Ste. 204
Austin, TX 78741

On Fri, May 3, 2019 at 11:01 AM Rhoades, Wendy <Wendy.Rhoades@austintexas.gov> wrote:

Phil,

Yes, the existing construction and sales business is first permitted under the CS district and auto repair use is also permitted by the CS district.

If you would like to amend the rezoning case from the LI zoning district to the CS zoning district, please send me an email to that effect.

Thank you,

Wendy

Good morning Wendy,
I am more than happy to amend the application to CS, but need to verify that Luke's current use is one that our CS zoning will support. How do we amend the zoning application? Vias email or do I need to come down to the OTC to take care of this? Thank you in advance.

Phil

Luke / Phil,

Thank you for the additional information. Is this the finalized list of land uses to be prohibited? Also, could you let me know if it is your intent to amend the rezoning application from the LI, limited industrial services district to the CS, general commercial services district as we discussed in our meeting.

Thank you,

Wendy

Subject: Rezoning 9606 Swanson Ranch Rd

Good afternoon Wendy,Luke

I have prepared a list of uses that we can prohibit in order to potentially gain staff support for our rezoning case. Please review and let me know if I need to change anything off of this list since we would like to include it with the other documents that you already have in your possession. Thank you in advance,

As follows:
RESIDENTIAL USES
Bed and Breakfast (Group 1),( Group 2)
COMMERCIAL USES
Agricultural Sales and Services
Art and Craft Studio (Industrial), (Limited) Automotive Sales Bail Bond Service Business or Trade School Campground Commercial Blood Plasma Center Communications Services Customer Conveniences Service
Consumer Repair Services Convenience Storage Drop-off Recycling Collections Facility Electronic Prototype Assembly Equipment Repair Services Equipment Sales Exterminating Services Financial services Food sales Funeral services General Retail Sales (Convenience) General Retail Sales (General) Hotel – Motel Indoor Entertainment Indoor Sports and Recreation Kennels Laundry Service Marina Medical Offices -not exceeding 5,000 square ft. Medical Offices- exceeding 5,000 square ft. Monument Retail Sales Off-site Accessory Parking Outdoor Sports and Recreation Pawn Shop Services Personal Improvements Services Personal Services Pet Services Plant Nursery Research Assembly Services Research Services Restaurant (Drive-in, Fast Food) Restaurant (Limited) Restaurant (General) Service Station Software Development Theater Vehicle Storage Veterinary Services INDUSTRIAL USES Custom Manufacturing Limited Warehouse and Distribution CIVIC USES College and University Facilities Community Recreation (Private) Community Recreation (Public) Congregate Living Counseling Services Cultural Services Day Care Services(Commercial) Day Care Services(General) Day Care Services (Limited) Family Home Group Home, Class I(General) Group Home, Class I(Limited) Group Home, Class II Guidance Services Hospital Services (Limited) Local Utility Services - not recommended to be prohibited Maintenance and Service Facilities Private Primary Educational Facilities Private Secondary Educational Facilities Public Primary Educational Facilities Public Secondary Educational Facilities Religious Assembly Residential Treatment Safety Services

Phil

cannot be prohibited

cannot be prohibited
PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application’s hearing to a later date, or may evaluate the City staff’s recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

For additional information on the City of Austin’s land development process, visit our website:
www.austintexas.gov/planning.

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before or at a public hearing. Your comments should include the board or commission’s name, the scheduled date of the public hearing, and the Case Number and the contact person listed on the notice.

Case Number: C14-2019-0048
Contact: Wendy Rhoades, 512-974-7719
Public Hearings: May 21, 2019, Zoning and Platting Commission;
June 20, 2019, City Council

Michelle Ellis
1513 Sugarberry Lane, 78748
Signature 5/13/2019
Daytime Telephone: 512-436-2744

Comments: Changing the zoning to CS - General Commercial Services district would be detrimental to the neighborhood area. The area/light in question where zoning would change is already very accident prone. This would increase traffic, traffic accidents and possibly harbor health effects on the neighborhood children and elementary school.

If you use this form to comment, it may be returned to:
