RESOLUTION NO.

WHEREAS, the City conducted public engagement from December 2018 to May 2019, to learn from the community what they hoped to see in an expansion of the Asian American Resource Center (AARC); and

WHEREAS, the stakeholders in this process specifically cited public-private partnerships (P3s), senior housing, and other elements that are not directly reflected in the AARC Master Plan; and

WHEREAS, P3s are noted in the Austin Strategic Housing Blueprint as a collaborative approach that can yield public benefits without spending public subsidies; and

WHEREAS, the City owns not only the property on which the AARC is located, but also the adjacent property to the south known as the Rutherford Lane Campus, covering over 47 acres of City-owned property (collectively referred to as the Rutherford/AARC Campus); and

WHEREAS, the Rutherford/AARC Campus is located within an area designated as a Job Center in the Imagine Austin Growth Concept Map; and

WHEREAS, the Rutherford/AARC Campus sits at the intersection of Cameron Road and Rutherford Lane, roads identified as Transit Priority Network (TPN) corridors in the adopted Austin Strategic Mobility Plan (ASMP); and

WHEREAS, the ASMP calls for transit-supportive densities along TPN corridors, encourages employers to locate near public transportation by siting employment-intensive
commercial uses along TPN corridors, and facilitates social interaction by encouraging
mixed-use developments that are served by multiple transportation modes with active ground
floor uses and welcoming public spaces; and

WHEREAS, the City’s internal Strategic Facilities Governance Team is currently
looking across all City facility needs and leases to analyze and recommend facility strategies
to maximize the use of City resources; and

WHEREAS, given the demands on all City resources, the City Council values the
approach of maximizing the use of City-owned property for the benefit of the City and the
community; NOW, THEREFORE,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:

The City Manager is directed to initiate a process for redevelopment of the Rutherford
Lane Campus, including consideration of current and future City facility needs and private
development opportunities.

BE IT FURTHER RESOLVED:

The City Manager should consider expanding the AARC Master Plan to include the
Rutherford Lane Campus and identifying improvements made possible by a larger
redevelopment project, including:

1. Continuing PARD’s role as operator of the AARC;

2. Sharing parking on the Rutherford Lane Campus to reduce the surface parking
   requirements on the AARC site;
3. Considering underground drainage infrastructure to serve the Rutherford/AARC Campus, thereby creating a more cohesive development;

4. Integrating senior housing, retail, and/or office space into the Rutherford/AARC Campus; and

5. Incorporating placemaking principles that add value to the neighborhood and on-site users.

BE IT FURTHER RESOLVED:

The City Manager should explore various funding sources and methods for delivering a multi-use Rutherford/AARC Campus, including but not limited to:

1. Establishing public-private partnerships with the potential to generate capital or operating revenues for AARC, on-site facilities, and the general City budget;

2. Utilizing an economic development corporation; and

3. Issuing debt and other financing mechanisms.
BE IT FURTHER RESOLVED:

In conjunction with the Strategic Facilities Governance Team recommendations, the City Manager is directed to return to Council with a proposal to incorporate the AARC Master Plan into a larger consolidated plan for the entire Rutherford/AARC Campus no later than winter 2020.

ADOPTED: _____________, 2019
