File #: 19-3356, Agenda Item #: 24.

**Posting Language**
Approve second and third readings of an ordinance for the full purpose annexation of approximately 42.064 acres in Travis County, located approximately four-tenths of a mile east of the intersection of River Place Boulevard and Milky Way Drive. Related to Item #44.

**Lead Department**
Planning and Zoning

**Fiscal Note**
This item has no fiscal impact.

**Prior Council Action:**
Public hearings were held March 28, 2019, and April 11, 2019.

**For More Information:**
Virginia Collier, Planner Principal, Planning and Zoning Department, (512) 974-2022.

**Additional Backup Information:**
The Milky Way Drive annexation area (approximately 42.064 acres) is located in Travis County approximately four-tenths of a mile east of the intersection of River Place Blvd and Milky Way Drive. This area is currently in the City’s limited purpose jurisdiction in Council Districts 6 and 10 and is surrounded by the City’s full purpose jurisdiction. The proposed annexation area contains vacant land which the owner plans to subdivide and construct single family homes.

Garrett Martin of Milestone Community Builders, LLC, a Texas limited liability company, Manager of Milky Way Holdings GP, LLC, a Texas limited liability company, as owner of the land, submitted a written request for full purpose annexation of this area. Before a municipality may adopt an ordinance annexing an area on request of the owner, the governing body must negotiate and enter into a written agreement with the property owner for the provision of services in the area. State law also requires a municipality to conduct two public hearings to provide persons interested in annexation the opportunity to be heard. The City Council may adopt an ordinance annexing the area for full purposes at the final public hearing.

Staff recommends that Council approve an ordinance for the owner-initiated full purpose annexation of approximately 42.064 acres of land in Travis County, known as the Milky Way Drive annexation area.
