WHEREAS, expenditures for the Project will exceed \$50,000; and

WHEREAS, Subchapter G of Chapter 2269, Government Code, “Building Using the Design-Build Method,” describes the design-build method authorized by that subchapter as a project delivery method by which a governmental entity contracts with a single entity to provide both design and construction services for the construction, rehabilitation, alteration, or repair of a facility that is a building or associated structure (Design-Build for Buildings); and

Page 1 of 2

WHEREAS, in relation to the Project specifics and requirements, staff has considered the methods described in Chapter 2269 and reviewed the procedures described in Chapter 252; and

WHEREAS, with respect to the Project and the expenditures necessary to complete it, staff recommends use of the design-build method for buildings authorized by Subchapter G, Chapter 2269, Government Code (Design-Build for Buildings) as the project delivery method that provides the best value for the City;

NOW, THEREFORE,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:

The City Council finds that with respect to expenditures necessary for the project of rebuilding the Brackenridge GIS Substation, the design-build method described by Subchapter G of Chapter 2269 of the Texas Government Code (Design-Build for Buildings) provides the best value for the City.

ADOPTED: _____, 2019 **ATTEST:** _____
Jannette S. Goodall
City Clerk
