

Recommendation for Action

File #: 19-3650, **Agenda Item #:** 29.

12/5/2019

Posting Language

Authorize negotiation and execution of an interlocal agreement with Hays County to provide connectivity to the Austin Police Department's Gemalto Cogent Live Scan Automated Biometric Identification System.

Lead Department

Austin Police Department

Fiscal Note

This item has no fiscal impact.

For More Information:

Troy Gay, Chief of Staff, Austin Police Department @ 512-974-5030

Additional Backup Information:

The City currently operates The Gemalto Cogent Automated Biometric Identification System (CABIS) in the Austin Police Department (APD) for identification processes required when booking individuals into the criminal justice system. The Austin Police Department's CABIS 7.0 is used for searching and storing fingerprint, palm print, and latent prints (i.e. a database). The City and Hays County have each determined that it would be mutually advantageous for the County to connect to the City's CABIS, so the County can enter its latent finger and palm print records into the CABIS database, and search that same database for potential print matches. This interlocal agreement allows for this connectivity, and more specifically is required in order for the Austin Police Department to maintain compliance with the FBI CJIS Security Policy and the Code of Federal Regulations, Title 28 Part 20.
