### **DEPARTMENT COMMENTS:**

The applicant is requesting to amend a public restrictive covenant associated with zoning case C14-85-244 (Part 7) and executed on July 1, 1986 that prohibits new development on the Property from exceeding a maximum floor to area ratio (FAR) of 0.9:1, requires a public site plan review, requires that any development comply with the roadway map on page 40 of the Golden Triangle Area Study and states that at the time of subdivision approval the applicant will dedicate right-of-way to the City. The applicant's request letter is included as Attachment A to this report.

The staff recommends the applicant's request to delete the conditions of this public restrictive covenant for this 1.7141 acre site as the applicant is currently proposing to redevelop this property in accordance with the site development regulations approved in the North Burnet/Gateway Regulating Plan that allow for a 2:1 FAR on the property. The lot under consideration is currently developed with a restaurant use (North by Northwest). This property was rezoned from CS-NP to NBG-CMU-NP, North Burnet/Gateway-Commercial Mixed Use-Neighborhood Plan Combining District, through case zoning C14-2008-182 (North Burnet/Gateway Neighborhood Plan Rezonings), in 2009.

The applicant agrees with the staff's recommendation.

Re: 10010 N. Capital of Texas Hwy. – Restrictive covenant amendment application for the 1.7141 acre piece of property located at 10010 N. Capital of Texas Hwy. in Austin, Travis County, Texas (the “Property”)

Dear Commissioners:

As representatives of the owner of the Property, we respectfully submit the enclosed restrictive covenant amendment application package. The project is titled 10010 N. Capital of Texas Hwy., consists of 1.7141 acres, and is located between Hwy 183 and MOPAC Expressway, on the northeast corner of N. Capital of Texas Highway and Stonelake Boulevard in the North Burnet Gateway Planning Area. The Property is zoned NBG-CMU, North Burnet Gateway – Commercial Mixed Use.

We are proposing to amend the restrictive covenant on the Property executed July 1, 1986 in Volume 9839, Page 566 of the Travis County Deed Records. This restrictive covenant prohibits a new development from exceeding a maximum Floor Area Ratio (FAR) of 0.9:1.

We respectfully request approval to release the Property from the restrictive covenant so that the Property can be developed in adherence to the site development regulations in the North Burnet Gateway regulating plan, which allows 2:1 FAR on the Property. This FAR restriction predates the North Burnet Gateway Plan and undermines the design regulations within the regulating plan which are intended to produce a dense, walkable environment.

Please let me know if you or your team members require additional information or have any questions. Thank you for your time and attention to this project.

Sincerely,

Leah M. Bojo
