### LDC Amendment Direction for December 11

#### Direction 14 (AMENDED):

~~To promote beneficial reuse of stormwater, conserve potable water, improve soil moisture and enhance creek baseflows, include a beneficial use of stormwater provision that requires sites to keep rainfall from smaller storms on-site and require a portion of the captured water to be beneficially used on-site.~~

Consider enhancements to the code that could increase the beneficial use of stormwater from smaller storm events to be beneficially used onsite and reduce demands on potable water. As part of this analysis, report back to council on any affordability impacts of any proposed changes.
