**Sales and Use Tax (State and Local)**
The Texas state sales and use tax rate is 6.25%, but the local taxing jurisdictions (cities, counties and special purpose districts, and transit authorities) may also impose sales and use tax up to 2% for a total maximum combined rate of 8.25%. For purposes of this program, it is the 6.25% portion of the tax that is used to provide a refund to corporations that apply for the Enterprise Zone program. The 2.0 % local tax is not affected, therefore no fiscal impact on the city.

**Tax Structure**
- Overall Tax = 8.25%
- State Portion = 6.25%
- Local Portion = 2.0 %*

**Enterprise Zone Designation Period**

**The Public Good (if approved)**
1. The City of Austin would join our corporate partners in battling poverty, and in this case, it would assist the disadvantaged in a zone suffering from 9.30% poverty according to the state’s data of the last decennial census.
2. The City of Austin would send a signal that we appreciate all corporate partners who take advantage of this program to help our citizens who meet economically disadvantaged, enterprise zone residence or veteran requirements.
3. The City of Austin would support a program that requires no fiscal impact to the city.
4. The City of Austin would support capital investment within the Desired Development Zone rather than the Drinking Water Protection Zone.
5. The City of Austin would support keeping this corporate benefit in Austin rather than allowing it to be refunded in another city in the State of Texas.

The City of Austin would maximize our local effort to return state sales and use tax to our city, rather than allow those dollars to be sent to other cities in support of their corporations and/or local economies.
