WHEREAS, expenditures for the Project will exceed \$50,000; and

WHEREAS, Subchapter F of Chapter 2269, Government Code, "Construction Manager-at-Risk Method," describes the manager-at-risk method authorized by that subchapter as a project delivery method by which a governmental entity contracts with an architect or engineer for design and construction phase services and contracts separately with a construction manager to serve as the general contractor and to provide consultation during the design and construction, rehabilitation, alteration, or repair of a facility; and

WHEREAS, Section 2269.056(a) of the Government Code provides that the governing body of a governmental entity that considers a construction contract using a method authorized by Chapter 2269 other than competitive bidding must, before advertising, determine which method provides the best value for the governmental entity; and

WHEREAS, in relation to the Project specifics and requirements, staff has considered the methods described in Chapter 2269 and reviewed the procedures described in Chapter 252; and

WHEREAS, with respect to the Project and the expenditures necessary to complete it, staff recommends use of the construction manager-at-risk method for buildings authorized by Subchapter F, Chapter 2269, Government Code as the project delivery method that provides the best value for the City; **NOW, THEREFORE,**

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:

The City Council finds that with respect to expenditures necessary for the renovations and additions to the Emma S. Barrientos Mexican American Cultural Center; the construction manager-at-risk method described by Subchapter F of Chapter 2269 of the Texas Government Code provides the best value for the City.
