Additional Backup Information:

MJR Partners was engaged to guide review and evaluation of the Cultural Funding Program, including examination of program history, operation, structure, peer panel and matrix processes and participation; include the community of stakeholders, in conversation about program experience, goals and priorities; and prepare of a report on findings, with corresponding recommendations for guiding principles, future program structure and operation. Ultimately, the exercise will result in recommendations for changes to the program that better align with the Austin Strategic Direction 2023, resulting in a higher degree of effectiveness in grant-making and advance the Division's commitment to equitable access to resources and opportunities to support and serve the community through arts and culture.

MJR Partners contracted with the Economic Development Department in March 2019 for a phased approach for \$45,000 in the timeframe of March 2019 through April 2020. Due to the extensive community engagement and depth and breadth of feedback received from stakeholders during the first three (of five) phases of the process, the Economic Development Department has now extended the timeline for the Cultural Funding Review Process through early 2021, to allow thorough community conversation, and generate and vet recommendations for programmatic changes. The Economic Development Department has adjusted the timeline for the Review Process, with completion and recommendations to Council expected by February 2021.

This amendment will add an additional 12 months and \$50,000 to the original contract amount of \$45,000 with MJR Partners for a not to exceed amount of \$95,000.
