Council Committee, Boards and Commission Action:

March 11, 2020 - Recommended by the Water and Wastewater Commission on a 7-0 vote, with Commissioners Michel, Parton, Schmitt and Williams absent.

Additional Backup Information:

Under the Rolling Owner Controlled Insurance Program (ROCIP) program, the City obtains insurance coverage instead of requiring individual contractors to provide their own. This structure establishes improved contractor equity, removes insurance barriers that can impact small and minority contractors, assures broad and uniform insurance protection is in place for the City, and provides construction cost reductions through the

volume purchasing of insurance coverage. The City implemented the first ROCIP program in 1992 and ROCIP VII is a continuation of the City's efforts to achieve these goals.

This contract allows for payment of the actual insurance premiums for the ROCIP VII to the selected insurance carrier.

Council approved the ROCIP VII on February 16, 2017 with an anticipated \$400 million in construction values and 27 projects as initial candidates for inclusion in the program. The City has now identified an additional 13 projects with total construction values of \$246 million for inclusion in the program. This proposed amendment will allow for additional construction safety management services associated with the additional \$246 million in City construction values.

This proposed amendment will allow the City to take advantage of the favorable insurance rates that were negotiated during the 2017 soft insurance market while also maintaining broad and uniform coverage terms and conditions negotiated and purchased in 2017.

Strategic Outcome(s):

Government that Works for All.
