BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:

The City Manager is directed to analyze and consider, as part of the City Manager's Fiscal Year 20-21 budget development process, the funding necessary to acquire a hotel and fund a service provider to operate and manage the property as protective shelter from family violence. Such a project should be analyzed and considered, in context with solutions that leverage hotels without purchasing, above and beyond the City's existing hotel acquisition strategy.
