BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:

The City Manager is directed to bring forward a baseline budget that:

• Includes no additional sworn police staff positions;
• Eliminates the sworn positions that the Austin Police Department cannot reasonably fill in FY2020-2021 and reallocates those unused funds to alternative public safety and public health strategies such as, but not limited to, training and standards for trauma-informed responses, substance abuse, mental health responses, a comprehensive and community informed community policing standard, COVID-19 relief, social services, housing stability programs, family violence prevention and family violence sheltering strategies funded through the Austin Public Health or Neighborhood Housing and Community Development Departments, and other preventative actions and alternatives;

• Explores options for reallocating positions and roles currently assigned to the Austin Police Department that could be managed by other departments, including but not limited to Code Enforcement, Austin Transportation Department, Austin Public Health, Austin Fire Department, and Parks and Recreation Department.

• Explores options for reallocating positions and roles currently assigned to the Austin Police Department that could be managed by other outside partner entities, including but not limited to CAPCOG, constable precincts, or non-profit organizations.
• Does not include any additional funding for militarized equipment, including but not limited to:
  • Tear gas
  • Rubber bullets
  • Bean bag rounds
• Includes funding for a process to rewrite the Austin Police Department’s General Orders using national best practices and community input for the implementation of new use of force guidelines that will reduce police violence and clarify that all life is sacred;
• Funds an audit of all disciplinary records held by the Austin Police Department, along with staffing needed to build data systems designed to measure and track the implementation of new force guidelines and equity outcomes related to use of force;
• Increases staffing for mental health first response, such as Community Health Paramedics, to ensure the full implementation of an alternative response to 911 calls related to mental health;
• Funds for the distribution of Naloxone and training in its use to ensure that officers save lives when confronted with drug overdose situations;
• Includes funds for the expansion of programs to reduce or eliminate arrests for low-level, non-violent offenses by substituting alternatives to arrest and
incarceration, including harm reduction strategies, when the underlying
issues can be better addressed with services and health care; and

- Establishes and funds an audit of the costs incurred by the City in
  expenditures related to suspected and/or confirmed officer misconduct,
  including but not limited to paid administrative leave, replacement
  compensation and overtime, litigation and fees, settlements and payouts.

Committees all changes made to the Austin Police Department General Orders.
