### **Additional Backup Information:**

The Minor Home Repair (MHR) program provides grant funds to low-income homeowners located within the City. The program seeks to preserve the existing housing stock and improve the quality of life for low-income homeowners, thereby allowing them to remain in their homes. The grant funds pay for repairs that are designed to alleviate actual risk to life, health or safety issues. The maximum repair cost for any one home is \$5,000 in a fiscal year. If approved, Austin Housing Finance Corporation (AHFC) will negotiate and execute a one-year contract with the Austin Area Urban League (AAUL). This will make AAUL the City's and AHFC's subrecipient for the MHR program. Under the contract, AAUL will respond to client requests for repairs, verify client eligibility, develop specifications for repairs, facilitate repairs, hire licensed contractors and other skilled tradespersons, and provide quality assurance for the work performed. The contract term will be October 1, 2020 to September 30, 2021.

The homeowners assisted by this program must reside in the home, and their total household incomes cannot exceed 80 percent of the Austin area Median Family Income (currently \$78,100 for a family of four). A total of 200 unduplicated households will be served. The assistance provided by this program is in the form of a grant to the homeowner. AAUL has provided home repairs services for over thirty years.

### **Strategic Outcome(s):**
