

Motion Sheet – V3

I move to amend the Draft Program Guidelines as follows:

On Page 2:

4.0 Equity Consideration

The City of Austin recognizes that childcare providers in specific geographic locations in the City-owned and/or operated by people of color are disproportionately less likely to receive financial assistance from other sources. Because the total request for funding will likely exceed the amount available in this grant program, the City of Austin's outreach strategy and award rubric ensures childcare providers owned and/or operating in these geographic locations by people of color receive equitable opportunity and consideration for program funding.

On Page 3, in the Award Rubric, substitute the Direction for the Equity Consideration as follows:

Have an owner or Executive Director of color? Located in a lower-income zip code OR serve students that reside in lower-income zip codes
