### **Additional Backup Information:**

Council approved a FY2020-21 budget rider directing Austin Water (AW) to develop a multifamily Customer Assistance Program (CAP) discount program and return to Council in the first quarter of Fiscal Year 2021 to describe the fiscal impacts of the program and seek approval of implementation, including any necessary budget amendments.

Austin Water is recommending a \$17.00 monthly combined water and wastewater multifamily CAP credit, which will be included on the bills of all Austin Energy (AE) CAP customers that are not currently AW CAP customers. This will be a \$11.00 water credit and a \$6.00 wastewater credit. A separate item (Item 1) is on the Council's agenda to approve this credit.

To implement this multifamily CAP discount, the Austin Water Community Benefit Charge Fund (CBC) will need to be amended to include a \$4.0M increase in Other Requirements-Multifamily CAP Discount for the CAP credit provided to AW multifamily CAP customers on AE's electric bill. Implementation is expected to begin during the first quarter of 2021. The CBC fund collects the community benefit surcharge revenues used to fund AW's CAP programs. Since AE will be providing this credit to Austin Water's multifamily CAP customers on AE CAP customer bills, AW's CBC fund will reimburse AE for the credit.
