

Austin – Travis County Emergency Medical Services Advisory Board RECOMMENDATION 20210203-3

Date: 02/03/2021

Subject: Consider and take action of the non-emergency medical transfer franchise application submitted by City Ambulance.

Motioned By: Board Member John Villanacci

Seconded By: Board Member Jerry Staton

Recommendation: Upon review of the EMS staff findings report and discussions with EMS staff, EMS Medical Director, as well as leaders and supporters of City Ambulance Service, the Austin—Travis County EMS Advisory Board recommends that City Council approve City Ambulance as a non-emergency franchise for the City of Austin.

Rationale: The ATCEMS Advisory Board agrees with the EMS staff findings and feels that a public convenience would be served by awarding an additional franchise. The City of Austin currently has three approved non-emergency franchises, American Medical Response, Acadian Ambulance Service and Allegiance Mobile Health, all three currently providing non-emergent transfers.
