- Small partner engagement shows an increase in cat pulls of 100 percent and decrease in dog pulls of 63 percent compared to February 2020.

Veterinary Services

- Veterinarians addressed 73 emergency cases, performed six orthopedic surgeries and 14 other specialty surgeries including enucleations, amputations, mass removals, hernia repair, wound repairs and dentals. A total of 204 spay/neuter surgeries were performed and 513 vet exams.

Pet Resource Center

- The Pet Resource Center (PRC) currently has a wait list of 275 animals waiting to be owner surrendered. PRC staff has been able to defer nine behavior dogs by working with the owner on alternatives to shelter placement.
- PRC staff has handed out 2,315 basic necessity items including food, beds, leashes, etc.
- In February, 136 found animal reports and 121 lost animal reports were filed.
- In January, PRC staff launched a text program to help reunite lost pets with their family. The program, called LostATX sends subscribers tips and tricks that are proven to increase chances of finding their lost pet. In February, the team launched FoundATX, sending subscribers tips and tricks for how to facilitate reunification for a pet they have found, instead of bringing it to the shelter. Currently, the programs have 638 total subscribers, with 439 of those being added in February.
- The chatbot feature on the Austin Animal Center website had 1,341 conversations with community members who were looking for resources and information.
