### **Additional Backup Information:**

Art in Public Places (AIPP), of the Economic Development Department's Cultural Arts Division, sought to commission local professional visual artists to design, fabricate and install artwork for the Austin Fire Department (AFD)/Austin-Travis County Emergency Services (EMS) Embedded Artist Project.

The goal of the project is to commission Austin-based artists and/or artist teams who, in collaboration with City staff and community stakeholders, design artwork that integrates with the AFD and EMS sites and architecture. The artwork should be relevant to AFD/EMS's role in how the station serves the community and be conceptually accessible to staff and visitors. The artist will work in collaboration with a project team, stakeholders and City staff to design and create artwork that adds additional value to the site. AFD/EMS staff, including EMS Division Chief Wesley Hopkins and AFD Division Chief Davis Tony Haden, reviewed and provided input on the public art project outline prior to its approval by the AIPP Panel and the Arts Commission.

On August 12, 2020, a Request for Qualifications (RFQ) was released to local Austin artists at least 18 years of age who live and work in Williamson, Travis, Bastrop, Caldwell, Hays, Burnet and Blanco counties. Artist outreach included an artist information meeting held via an online Zoom forum on August 19, 2020, information

The total budget available for the project is \$100,000 inclusive of embedded artist time, design, insurance, and all fabrication and installation related costs.

On November 5, 2020, the jury reviewed 53 applications and recommended six artists and six alternates for the projects. Shawn Smith, Angel Axioma Alcala, Luis Angulo, Xavier Shipani, Emily Weiskopf and Mary Godigna Collet were named as the selected artists and Will Hatch Crosby, Roni Ziemba, Bill Tavis, Emily Eisenhart, Allyson Lipkin and Steve Parker as alternate artists for the six \$100,000 commissions, respectively. The AIPP Panel and the Arts Commission approved the selection process recommendation at their December 2020 meetings.
