CASES:  C14-2020-0122  The Villas at Pioneer Hill South Side
        C14-2020-0123  The Villas at Pioneer Hill North Side

ADDRESSES:  South Side – 10017-1/2 Dessau Road
             North Side – 1500-1/2 Arborside Drive

AREA:  South Side – 6.685 acres
       North Side – 3.197 acres

OWNER:  Continental Homes of Texas

APPLICANT:  Pape-Dawson Engineers (Terry Reynolds)

ZONING   FROM          TO
South Side GR-CO         MF-3
North Side GR-CO and LI-CO MF-3

SUMMARY STAFF RECOMMENDATION:
Staff recommends MF-3-CO for both rezoning requests. The conditional overlay (CO) will
preserve the requirement that the properties comply with the Traffic Impact Analysis (TIA) that
was previously approved for the area. The Applicant agrees to the conditional overlay. For a
summary of the basis of staff’s recommendation, see case manager comments on page 2.

ZONING AND PLATTING COMMISSION RECOMMENDATION:
January 19, 2021: To grant MF-3-CO as recommended by Staff, on consent. (11-0) [Duncan- 1st,
Acosta- 2nd]

CITY COUNCIL DATE:

ORDINANCE READINGS:  1st  2nd  3rd
ORDINANCE NUMBER:

CASE MANAGER:  Heather Chaffin
PHONE:  512-974-2122
e-mail:  heather.chaffin@austintexas.gov
ISSUES:
The rezoning tracts were included in a Traffic Impact Analysis (TIA) for the overall Pioneer Hill area that was approved in 2002 and amended in 2003 and 2011. At that time, the City of Austin attached TIA requirements via conditional overlay instead of via public restrictive covenant (RC). The applicant has agreed to maintain the TIA conditional overlay with this request.

DEPARTMENT COMMENTS:
The rezoning tracts are located along the east side of Dessau Road, with the tracts located on the north and south sides of the intersection with Arborside Drive. The North Tract is currently zoned GR-CO and LI-CO; the South Tract is zoned GR-CO. Both tracts are currently undeveloped. The properties immediately to the north and south of the rezoning tracts are also undeveloped and are zoned MF-3-CO and MF-4, respectively. East of the rezoning tracts is a small-lot single family neighborhood zoned SF-6-CO. West of the rezoning tracts, across Dessau Road, is the Windsor Hills neighborhood, which is zoned SF-3-NP. Please see Exhibits A and B- Zoning Map and Aerial Exhibit.

The applicant has stated that the request to rezone the properties to MF-3 will allow the owner to develop these sites and the existing MF-3-CO site to the north with 3 & 4 bedroom townhouse/condominium units. This represents a down zoning of the tracts, which currently allow a range of commercial and limited industrial land uses.

The 277+/- acre Pioneer Hill area was annexed into the City of Austin full purpose jurisdiction in 2003 with an initial zoning of I-RR. The property was zoned to Tradition Neighborhood District (TND) zoning district in 2003-2004. The area was rezoned in 2011 to a mix of more common categories that included a mix of residential, commercial and limited industrial zoning districts. Several of the tracts in the Pioneer Hills area, including the rezoning tract, had COs as part of their zoning. For the tracts that comprise the rezoning tracts, the only conditions were related to the TIA and commercial and limited industrial land uses. If the rezoning to MF-3-CO is granted, the TIA CO will carry forward and the conditions relating to commercial and limited industrial land uses will no longer be applicable. Please see Exhibit C- 2011 Zoning Ordinance.

Staff supports MF-3-CO for both rezoning tracts. Residential development of the tracts is more compatible with the adjacent MF-4 and MF-3-CO tracts. It is also compatible with the nearby Windsor Hills (SF-3-NP) neighborhood and the SF-6 Pioneer Hills neighborhood to the east. If developed with multifamily or townhouse/condominium use, the sites would provide a mix of housing types in an area with single family and small-lot single family residences.

BASIS OF RECOMMENDATION

1. **Granting of the request should result in an equal treatment of similarly situated properties.**
The tracts immediately to the north and south of the rezoning tracts are zoned MF-3-CO and MF-4.

2. **Zoning changes should promote compatibility with adjacent and nearby uses and should not result in detrimental impacts to the neighborhood character.**
In addition to being compatible with the adjacent multifamily zoned tracts, MF-4-CO is more compatible with the nearby SF-3-NP and SF-6 neighborhoods than the existing GR-CO and LI-CO zoning on the tracts.

3. **The rezoning should be consistent with the policies and principles adopted by the City Council or Planning Commission.**
The Housing Blueprint and other policies and principles adopted by Council and Commissions encourage a mix of housing types available in an area.

ADDITIONAL STAFF COMMENTS

Comprehensive Planning

This case is located along the Dessau Road Activity Corridor but not in an area with an adopted neighborhood plan.

Connectivity- There are public sidewalks located along both sides of Dessau Road. There are no public transit stops or bike lanes within a quarter of a mile from the site. The mobility and connectivity options in the area are below average.

Imagine Austin- The Imagine Austin Growth Concept Map identifies this project as being located along an Activity Corridor (Dessau Road). Activity Corridors are characterized by a variety of activities and types of buildings located along the roadway —shopping, restaurants and cafés, parks, schools, single-family houses, apartments, public buildings, houses of worship, mixed-use buildings, and offices.

The following Imagine Austin policy is applicable to this case:

- LUT P4. Protect neighborhood character by directing growth to areas of change that includes designated redevelopment areas, corridors and infill sites. Recognize that different neighborhoods have different characteristics and new and infill development should be sensitive to the predominant character of these communities.
- LUT P5. Create healthy and family-friendly communities through development that includes a mix of land uses and housing types and affords realistic opportunities for transit, bicycle, and pedestrian travel and provides both community gathering spaces, parks and safe outdoor play areas for children.
- HN P10. Create complete neighborhoods across Austin that have a mix of housing types and land uses, affordable housing and transportation options, and access to healthy food, schools, retail, employment, community services, and parks and recreation options.

Conclusions: Based on this property being situated along an Activity Corridor, which supports residential uses, but the lack of mobility and connectivity options in the area, this project only partially supports the policies in the Imagine Austin Comprehensive Plan.

Environmental

1. The site is not located over the Edwards Aquifer Recharge Zone. The site is in the Walnut Creek Watershed of the Colorado River Basin, which is classified as a Suburban Watershed by Chapter 25-8 of the City's Land Development Code.
2. Under current watershed regulations, development or redevelopment on this site will be subject to the following impervious cover limits:

3. According to floodplain maps there is no floodplain within or adjacent to the project location.
4. Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.
5. At this time, site specific information is unavailable regarding vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.
6. Under current watershed regulations, development or redevelopment requires water quality control with increased capture volume and control of the 2 year storm on site.
Site Plan
SP 1. Site plans will be required for any new development other than single-family or duplex residential.
SP 2. Any development which occurs in an SF-6 or less restrictive zoning district which is located 540 feet or less from property in an SF-5 or more restrictive zoning district will be subject to compatibility development regulations.
SP 3. Any new development is subject to Subchapter E, Design Standards and Mixed Use. Additional comments will be made when the site plan is submitted.

Compatibility Standards
SP 4. The site is subject to compatibility standards. Along the west property line, the following standards apply:

□ For a structure more than 100 feet but not more than 300 feet from property zoned SF-5 or more restrictive, height limitation is 40 feet plus one foot for each 10 feet of distance in excess of 100 feet from the property line.

Parkland
PR1: Parkland dedication will be required for the new residential units proposed by this development, multifamily with MF-3 zoning, at the time of subdivision or site plan. Whether the requirement shall be met with fees in-lieu or dedicated land will be determined using the criteria in City Code Title 25, Article 14, as amended. Should fees in-lieu be required, those fees shall be used toward park investments in the form of land acquisition and/or park amenities within the surrounding area, per the Parkland Dedication Operating Procedures § 14.3.11 and City Code § 25-1-607 (B)(1) & (2). If the applicant wishes to discuss parkland dedication requirements in advance of site plan or subdivision applications, please contact this reviewer: thomas.rowlinson@austintexas.gov. At the applicant’s request, PARD can provide an early determination of whether fees in-lieu of land will be allowed.

Transportation
The Austin Strategic Mobility Plan (ASMP), adopted 04/11/2019, right-of-way for Dessau Drive should be dedicated at the time of zoning or subdivision. Existing right-of-way is sufficient for Arborside Drive. Traffic impact analysis is waived until time of site plan, the site must comply with the vehicle trip cap approved with zoning ordinance.

Water and Wastewater
FYI: The landowner intends to serve the site with City of Austin water utilities. There is currently no public wastewater service available to this tract. The landowner, at own expense, will be responsible for providing any water and wastewater utility improvements, offsite main extensions, water or wastewater easements, utility relocations and or abandonments required by the proposed land use. Depending on the development plans submitted, water and or wastewater service extension requests may be required. Water and wastewater utility plans must be reviewed and approved by Austin Water for compliance with City criteria and suitability for operation and maintenance. All water and
wastewater construction must be inspected by the City of Austin. The landowner must pay the City inspection fee with the utility construction. The landowner must pay the tap and impact fees once the landowner makes an application for Austin Water utility tap permits.

ORDINANCE NO. 20111215-075

AN ORDINANCE REZONING AND CHANGING THE ZONING MAP FOR THE PROPERTY FORMERLY KNOWN AS PIONEER HILL TND LOCATED AT 9900-10324 DESSAU ROAD FROM TRADITIONAL NEIGHBORHOOD DISTRICT (TND) TO VARIOUS ZONING DISTRICTS ON APPROXIMATELY 269 ACRES OF LAND.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:

PART 1. The zoning map established by Section 25-2-191 of the City Code is amended to change the base district on the property (the “Property”) described in Zoning Case No. C14-2011-0049, on file at the Planning and Development Review Department, as follows:

Tract One: From traditional neighborhood district (TND) to multifamily residence limited density-conditional overlay (MF-1-CO) combining district.

A 16.85 acre tract of land, more or less, out of the James O. Rice Survey No. 31, in Travis County, the tract of land being more particularly described by metes and bounds in Exhibit “A” incorporated into this ordinance; and,

Tract Two: From traditional neighborhood district (TND) to townhouse and condominium residence-conditional overlay (SF-6-CO) combining district.

A 191.43 acre tract of land, more or less, out of the James O. Rice Survey No. 31, in Travis County, the tract of land being more particularly described by metes and bounds in Exhibit “B” incorporated into this ordinance; and,

Tract Three: From traditional neighborhood district (TND) to multifamily residence medium density-conditional overlay (MF-3-CO) combining district.

A 23.83 acre tract of land, more or less, out of the James O. Rice Survey No. 31, in Travis County, the tract of land being more particularly described by metes and bounds in Exhibit “C” incorporated into this ordinance; and,

Tract Four: From traditional neighborhood district (TND) to community commercial-conditional overlay (GR-CO) combining district.
A 6.20 acre tract of land, more or less, out of the James O. Rice Survey No. 31, in Travis County, the tract of land being more particularly described by metes and bounds in Exhibit “D” incorporated into this ordinance; and,

Tract Five-A: From traditional neighborhood district (TND) to limited industrial service-conditional overlay (LI-CO) combining district.

A 29.33 acre tract of land, more or less, out of the James O. Rice Survey No. 31, in Travis County, the tract of land being more particularly described by metes and bounds in Exhibit “E” incorporated into this ordinance; and,

Tract Five-B: From traditional neighborhood district (TND) to limited industrial service-conditional overlay (LI-CO) combining district.

A 1.30 acre tract of land, more or less, out of the James O. Rice Survey No. 31, in Travis County, the tract of land being more particularly described by metes and bounds in Exhibit “F” incorporated into this ordinance; and,

locally known as 9900-10324 Dessau Road, in the City of Austin, Travis County, Texas, and generally identified in the map attached as Exhibit “G”.

PART 2. The Property within the boundaries of the conditional overlay combining district established by this ordinance is subject to the following conditions:

A. A site plan or building permit for the Property may not be approved, released, or issued, if the completed development or uses of the Property, considered cumulatively with all existing or previously authorized development and uses, generate traffic that exceeds 17,670 trips per day.

B. The following uses are prohibited uses of Tract One:

- Bed & breakfast (Group 1)
- Multifamily residential

F. A 100-foot wide buffer zone shall be established between property developed with a residential use on Tract Two and the following commercial, industrial and civic uses on Tracts Five-A and Five-B:

- Research services
- Limited warehousing & distribution
- Custom manufacturing

The 100-foot wide buffer zone shall be measured from the property line of a property developed with a residential use to a building with a commercial, industrial or civic use.

Improvements permitted within the buffer zone are limited to streets, access easements, driveways, parking facilities, solid fences, pedestrian trails, hike and bike pathways, recreational facilities, detention and water quality re-irrigation facilities, underground utility improvements, overhead electric or communication lines, or those improvements that may be otherwise required by the City of Austin.

A driveway, access easement, or private street that serves a building with a commercial, industrial, or civic use, may not be constructed within 50 feet of the property line of a lot with a residential use.

G. A 150-foot wide buffer zone shall be established between property developed with a residential use on Tract Two and the following specific industrial uses on Tracts Five-A and Five-B:

- General warehousing & distribution
- Light manufacturing

The 150-foot wide buffer zone shall be measured from the property line of a property developed with a residential use to a building with the above identified specific industrial uses.

Improvements permitted within the buffer zone are limited to streets, access easements, driveways, parking facilities, solid fences, pedestrian trails, hike and bike pathways, recreational facilities, detention and water quality re-irrigation facilities, underground utility improvements, overhead electric or communication lines, or those improvements that may be otherwise required by the City of Austin.
A driveway, access easement, or private street that serves a building with a commercial, industrial, or civic use, may not be constructed within 50 feet of the property line of a lot with a residential use.

H. A 25-foot wide vegetative buffer to provide screening shall be established and maintained between property developed with a residential use and any of the commercial or industrial uses identified in Sections F and G. The vegetative buffer may be placed with the 100-foot and 150-foot setback buffers described in Section F and G.

Improvements permitted within this vegetative buffer are limited to hike and bike trails, drainage, underground utility improvements, overhead electric or communication lines, or those improvements that may be otherwise required by the City of Austin.

Except as otherwise specifically restricted under this ordinance, the Property may be developed and used in accordance with the regulations established for the respective base districts, and other applicable requirements of the City Code.

PART 3. This ordinance takes effect on December 26, 2011.
