I am Katherine Willfong,  
I am a former resident of Arbors at Creekside apartments.  
I moved out at the end of March, 2021  
I am writing this for the residents that still reside at Arbors  
PLEASE do everything with in your power as council and through the legal system to protect these folks.  
Make this an apartment complex that the residents have a Healthy environment .for their health and peace of mind.  
MOLD FREE. By what ever means it takes. Replace and repair.  
PEST FREE The complex is beyond infested with them  
Both are and can cause serious health problems.  
I left for health reasons that turned serious. Emergency room care and more.  
I will be more than willing to share this information to the council. I think such should be private at this time. If useful I will share the information. BASTA has my  
contact information of which they may share with you.  
Look forward to hearing from one or all of you.  
Thank you  
Katherine Willfong
