Bill Brice, Downtown Austin Alliance presented first on the position and actions of the DAA to help address the homeless problem in Downtown Austin. He is a part of the Public Improvement District and they go out and actually take a count of their own of the homeless people in the downtown area. This count is not a part of any counts, efforts by ECHCO to track homeless population.

Lt. Lee Davis – presented APD’s efforts with Implementing Prop B., along with an update on APD’s plan called Responsible Public Space Management (RPSM).

1. Mission and Objectives of RPSM

2. Phased Approach

Phase 1 – May 11- June 12, 2021 – Community engagement, education
clean up and verbal warnings

Phase 2 – June 13 – July 10, 2021 - Written Warnings and Citations

Lt. Davis provided stats/data to the commissioners on the number of homeless people APD has served/interacted with in their efforts to prepare for the implementation of Prop B, whether is was educating or cleaning up APD is on the scene to assist. Per Lt. Davis, “the elephant in the room is where do we tell the people to go” Homeless people want safe places and help.

Chief of Staff, Vires briefed the board on Austin Fire Departments efforts to work with the homeless population since Chief Wade was not able to attend the meeting. Per Chief Vires

- AFD continues to work with other City of Austin departments to keep Austin SAFE
- Educate the homeless and enforce no camping in high wildfire areas
- No fires of any kind under bridges (causes damage to bridge structure and sometimes could cause structures to collapse)
- AFD is working with PARD (Parks and Recreation Department) to find sanctioned places for the homeless that would avoid wildfires
- AFD site tracking of the homeless for educational purposes and so HOST (Homeless Outreach Street Team) can visit the sites to offer help

Interim Chief Jasper Brown commented EMS contribution to working on the homeless issues is working with the Community Health Care Team and their HOST partnership.

After presentations, **Chair Gonzales** asked Bill Brice his thoughts on how things were going in regards to the Prop B Ordinance and the homeless moving out of downtown. Mr. Brice responded that Prop B was more than just about the public camping. There are other concerns listed in the ordinance and Solicitation/Panhandling Aggressively is another piece of this ordinance and all of the City of Austin has to continue to work together to implement Prop B.

Questions and comments were received from Commissioner Ramirez, Lewis, Webber, and Bernhardt at the end of the presentations. The common comment was everyone wanted to see more humanity as possible when sharing and considering the homeless.

Lt. Davis agreed to be contacted by the commissioners after today's meeting for them to share/express more of their homelessness concerns and Prop B implementation.
