The Austin Geriatric Center, Inc. and DMA Development Company, LLC

The Austin Geriatric Center has been operating the RBJ Tower for more than 40 years. It is intimately familiar with the needs of the physical plant as well as its residents as long term stewards of that property. DMA Development Company is very experienced in the development and construction of complicated real estate developments, having extensive experience with both new construction and renovation, and with all the financial tools proposed for this project. DMA Development Company most recently closed bond financing and began construction on a 240-unit vertical mixed use development in the Mueller community. This development, Aldrich 51, is a joint venture with AHFC, utilized 4% housing tax credits and tax exempt bond financing, and involved structured parking, as does this proposed development.
