*** External Email - Exercise Caution ***

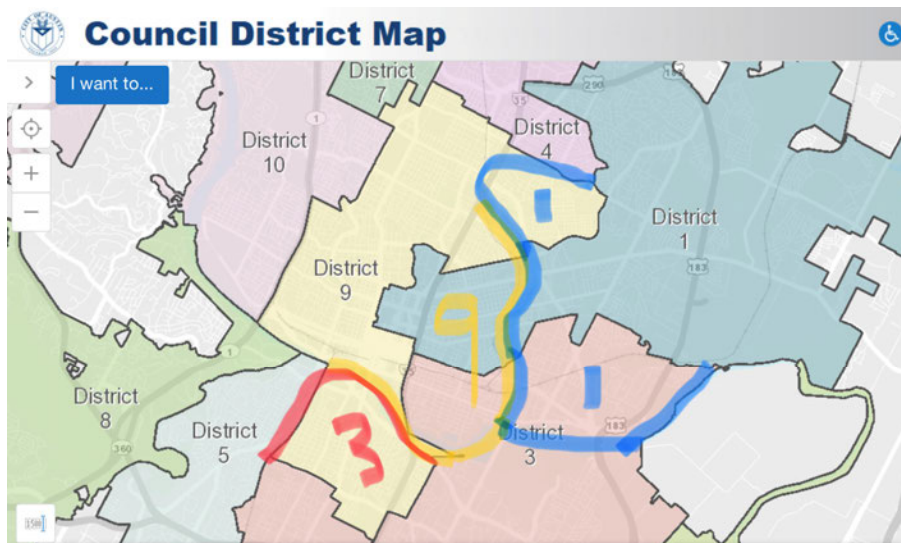

Dear Committee Members,

Thank you for your help in this process. I know there are no perfect answers, but I trust the outcome will be fair.

I'm a resident of the East Cesar Chavez neighborhood, currently in District 3, and feel that it is better suited to be connected to downtown, currently District 9. Similarly, neighborhoods south of Town Lake (LBL) would better be grouped with neighbors south of the lake. I-35 has been a man-made tool to divide Austin, and we should not allow it to draw district lines as we work to reconnect that scar.

I know the population of each area will determine where the lines should be drawn, but below is a rough idea of where I think the neighborhoods could be better grouped as districts in Austin.

Thanks,
Curtis
