

Recommendation for Action

File #: 21-3074, **Agenda Item #:** 18.

9/30/2021

Posting Language

Authorize negotiation and execution of an extension to the interlocal agreement with the Capital Area Emergency Communications District for the City to maintain and update the District's 9-1-1 GIS database through December 31, 2021.

Lead Department

Communications and Technology Management.

Fiscal Note

Estimated revenue from the Capital Area Emergency Communications District is increased by \$153,643.94 for a total of \$760,032.84 for Fiscal Year 2020-2021.

Prior Council Action:

May 07, 2019- City Council authorized negotiation and execution of an interlocal agreement with the Capital Area Emergency Communications District with the City to maintain the Austin and Travis County 9-1-1 database.

August 27, 2020- City Council approved the Travis County 9-1-1 database interlocal agreement for an additional term running through September 30, 2021.

For More Information:

Inquiries should be directed to the City Manager's Agenda Office, at 512-974-2991 or AgendaOffice@austintexas.gov <<mailto:AgendaOffice@austintexas.gov>> or to the Public Safety IT Manager for 9-1-1 GIS, Chandy Marler, at 512-974-0979 or chandy.marler@austintexas.gov

Additional Backup Information:

The City has the authority under state law to name public roads and assign address numbers within its city limits and has entered into an agreement to coordinate updates to the 9-1-1 GIS database for the unincorporated parts of Travis County. The current agreement between the City and Capital Area Emergency Communications District (CAECD) authorizes the City, under Chapter 791 of the Texas Government Code, to maintain and update CAECD's 9-1-1 GIS database during the period of Oct 1, 2020, through September 30, 2021, and to be compensated for such work. This requested extension amendment allows time to continue operating by the current procedures until we can better delineate the workflow of the NextGen system for next year's contract.

Strategic Outcome(s):

Safety.
