

## Recommendation for Action

---

**File #:** 21-3336, **Agenda Item #:** 3.

10/29/2021

---

### **Posting Language**

Approve a resolution relating to the design, construction, and operation of Project Connect and applicable City Code requirements, regulations, and permitting procedures; and potential code amendments.

### **Lead Department**

Management Services.

### **Fiscal Note**

### **For More Information:**

Inquiries should be direct to Gina Fiandaca, Assistant City Manager; Annick Beaudet, Mobility Officer; or Katherine Kuzmickas, Assistant City Attorney.

### **Additional Backup Information:**

With the passage of the City Council-approved resolution 20200807-003, "Contract with the Voters", Council adopted the Initial Investment Map and Implementation Sequence Plan for the Project Connect System Plan. In order to meet the Sequence Plan, staff have identified the need to review code, criteria and other regulatory processes to determine if there are any impediments with current regulations to the implementation of Project Connect. Any changes to code, criteria or processes would be brought back for Council consideration by April 2022.
