Additional Backup Information:

AIPP sought to commission local professional visual artists to design, fabricate and install artwork for the four Austin Fire Department (AFD)/Austin-Travis County Emergency Services (EMS) Art in Public Places projects.

The goal of the projects is to commission Austin-based artists or artist teams who, in collaboration with City staff and community stakeholders, design artwork that integrates with the AFD and EMS sites and architecture. The artwork should reflect the mission "to create safer communities through prevention, preparedness, and effective emergency response" and be relevant to AFD/EMS's role in how the station serves the community. The artist will work with AFD/EMS staff to understand the important work they do with the community. In addition, the artist will collaborate with project team, stakeholders and City staff to design and create artwork that brings additional value to the site. AFD/EMS and Public Works staff reviewed and provided input on the

public art project outline prior to its approval by the AIPP panel and Arts Commission.

On February 6, 2021, a Request for Qualifications for 4 artist opportunities at AFD/EMS Stations was released to local Austin artists at least 18 years of age who live and work in Williamson, Travis, Bastrop, Caldwell, Hays, Burnet and Blanco counties. The AFD/EMS Stations included Del Valle (Budget: \$135,000), Travis Country (Budget: \$118,000), AFD22/EMS12 (East Riverside) (Budget: \$70,000), and AFD1/EMS6 (Downtown) (Budget: \$42,000). Artist outreach included artist information meeting held via online Zoom forum on February 25, 2021; information posted on the AIPP website; multiple notices in AIPP and Cultural Arts Division newsletters and social media; posts to regional artist opportunity pages (such as Texas Commission on the Arts); and direct emails to past AIPP applicants, City of Austin Cultural Center liaisons, City of Austin Quality of Life Commission liaisons, Austin Public Library staff, and several local arts and cultural organizations. The total budget available for the Del Valle AFD/EMS Station project is \$135,000 inclusive of artist time, design, insurance, and all fabrication and installation related costs.

On May 28, 2021, the jury reviewed 63 applications and recommended four artists and four alternates for the projects. The jury recommended Agustina Rodriguez as the selected artist and Fidencio Duran as the alternate artist for the \$135,000 Del Valle AFD/EMS Station commission.
