Andrei Lubomudrov, Senior Planner, 512-974-7659.

Council Committee, Boards and Commission Action:

December 1, 2021- No recommendation by the Water and Wastewater Commission, due to the lack of affirmative votes by the quorum.

Additional Backup Information:

Pilot Knob Municipal Utility District No. 3 ("District"), a political subdivision of the State of Texas, was created under the laws of the State of Texas by House Bill No. 1758, Acts of the 82nd Texas Legislature, Regular Session (2011), Chapter 987, codified as Chapter 8377, Subtitle F, Title 6, Texas Special District Local Laws Code ("Enabling Legislation"), and operates under Chapters 49 and 54 of the Texas Water Code. The Enabling Legislation became effective May 25, 2011, and created the District, subject to the consent of the City of Austin ("City").

The City consented to the creation of the District by Council action taken March 22, 2012 ("Consent Ordinance") and under the terms of the April 13, 2012 Consent Agreement between the City, the District, and Carma Easton LLC, a Texas limited liability company ("Developer"). The City and the District entered into a Strategic Partnership Agreement dated as of June 4, 2012 ("SPA"), as authorized by Section 43.0751, Texas Local Government Code. The SPA sets forth the terms and conditions of the City's annexation of the land within the District and frames the terms by which the District will continue to exist as a limited district, Pilot Knob Limited District No. 3 following the City's full-purpose annexation of the land within the District as provided in Consent Agreement and the SPA.

The District, which currently contains 677.567 acres of land, is within the extraterritorial jurisdiction of the City in southeast Travis County, Texas. The District is approximately eight miles southeast of the downtown portion of the City, adjacent to the east side of McKinney Falls Parkway and approximately one mile west of U.S. Highway 183. An extension of William Cannon Drive, the initial phases of which are under construction, bisects the District in an east-west direction. Cottonmouth Creek traverses the District in a north-south direction. The Austin-Bergstrom International Airport is approximately four miles to the northeast of the

District.

The District is required to obtain City approval for all bond sales pursuant to the Consent Agreement. In 2021, City Council approved a bond issuance of \$11.39 million for the District. The City has received a request from the District to approve the District's bond sale in the amount of \$6.465 million for the Water, WasteWater, Drainage proposition. After the proposed bond issue, approximately \$62.6 million in authorized but unissued bonds will remain in this proposition, with an additional approximately \$7.7 million unissued for the Recreational proposition, and approximately \$45.6 million unissued for the Road proposition.

The proceeds from the proposed bond sale will be used for (i) Easton Park Section 2A drainage facilities; (ii) Easton Park Section 2B and Tract 2A water, wastewater and drainage facilities; (iii) engineering costs; (iv) land costs; and (v) city inspection; as well as various project and issuance related costs.

The City is the retail provider of water and wastewater service.

The District bonds are the sole obligation of the District until the City full purpose annexes the District. The first eligible date for the City to annex the District pursuant to the Consent Agreement is December 31, 2037.

City departmental staff from Austin Water, Housing and Planning, Parks and Recreation, and Watershed Protection reviewed the District's Consent Agreement and its amendments. The District was found to be in compliance with the terms of the Consent Agreement. The City's Financial Services Department and the City's Financial Advisor have reviewed the District's proposed bond sale and recommend approval.

Strategic Outcome(s):

Government that Works for All.
