ZONING CHANGE REVIEW SHEET

CASE: C14-2021-0162 – Amaya’s Building Project

DISTRICT: 4

ZONING FROM: CS-CO-NP

TO: CS-MU-CO-NP

ADDRESS: 5804 N IH 35 SVRD SB

SITE AREA: 51,467 SF (1.18 acres)

PROPERTY OWNER: Roberto C Amaya, INC

AGENT: Moreno Development Services (Candelario Moreno)

CASE MANAGER: Kate Clark (512-974-1237, kate.clark@austintexas.gov)

STAFF RECOMMENDATION:

Staff recommends general commercial services-mixed use-conditional overlay-neighborhood plan (CS-MU-CO-NP) combining district zoning. The conditional overlay is for a set of prohibited and conditional land uses. For a summary of the basis of staff’s recommendation, see page 2.

PLANNING COMMISSION ACTION / RECOMMENDATION:

November 17, 2021 Approved CS-MU-CO-NP combining district zoning as staff recommended on the consent agenda. Vote: 8-0. [Commissioner Shieh - 1st, Commissioner Schneider - 2nd; Commissioners Connolly, Howard, Mushtaler, Praxis and Llanes Pulido were absent.

CITY COUNCIL ACTION:

December 9, 2021 Scheduled for City Council

ORDINANCE NUMBER:

ISSUES

Currently there are no known issues. Staff has received a comment in favor of this rezoning request. For all written or emailed comments, please see Exhibit C: Correspondence Received.
CASE MANAGER COMMENTS:
This property is approximately 1.18 acres in size and currently developed with a restaurant use and associated parking. It is located adjacent to the IH-35 southbound frontage road and zoned CS-CO-NP. Adjacent and surrounding zoning districts include CS-CO-NP to the north, south and west.

This property was rezoned in 2002 as a part of the North Loop Neighborhood Plan Area process (Ordinance No. 020523-31). The following prohibited and conditional land uses were put on this property through a conditional overlay at that time. Should City Council approve this rezoning request, staff recommends that these conditions be carried over with the new ordinance:

<table>
<thead>
<tr>
<th>Prohibited Land Uses</th>
<th>Conditional Land Uses</th>
</tr>
</thead>
<tbody>
<tr>
<td>Adult oriented businesses</td>
<td>Campground</td>
</tr>
<tr>

<td>Convenience storage</td>
</tr>
<tr>
<td></td>
<td>Equipment sales</td>
</tr>
<tr>
<td></td>
<td>Kennels</td>
</tr>
<tr>
<td></td>
<td>Vehicle storage</td>
</tr>
</tbody>
</table>

The previous zoning ordinance also prohibited “residential treatment” and “transitional housing”. These uses will no longer be prohibited because the uses, while classified as civic, provide housing choice at a site that will include a residential component through the mixed use designation.

The applicant is requesting to add mixed use (MU) to their current zoning to redevelop the site with a restaurant on the ground level and condominiums above it. Per their application, they are proposing up to 70 residential units with a mixture of one- and two-bedroom units ranging from 600 to 1,200 square feet. The future land use map (FLUM) designates this property as “commercial” and therefore requires a neighborhood plan amendment (NPA) to be considered with the rezoning request. Please refer to case no. NPA-2021-0011.02.

BASIS OF RECOMMENDATION:
1. The proposed zoning should be consistent with the purpose statement of the district sought. Zoning changes should promote compatibility with adjacent and nearby uses.

   This property is surrounded by existing CS base zoning with an existing restaurant built at the site. The applicant is proposing to redevelop the property with a mixed use development containing a restaurant on the ground floor and condominiums above it. Rezoning this property to CS-MU-CO-NP would be consistent with the combining district zoning requested and be compatible with the surrounding zoning pattern.

OTHER STAFF COMMENTS:

Environmental

1. The site is not located over the Edwards Aquifer Recharge Zone. The site is located in the Tannehill Branch Creek Watershed of the Colorado River Basin, which is classified as an Urban Watershed by Chapter 25-8 of the City's Land Development Code.

2. Zoning district impervious cover limits apply in the Urban Watershed classification.

3. According to floodplain maps there is no floodplain within or adjacent to the project location.
4. Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

5. At this time, site specific information is unavailable regarding vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.

6. This site is required to provide on-site water quality controls (or payment in lieu of) for all development and/or redevelopment when 8,000 square feet cumulative is exceeded, and on-site control for the two-year storm.

7. At this time, no information has been provided as to whether this property has any preexisting approvals that preempt current water quality or Code requirements.

PARD Review

PR1. Parkland dedication will be required for the new residential units proposed by this development, condominium with CS-CO-MU-NP zoning, at the time of subdivision or site plan, per City Code § 25-1-601. Whether the requirement shall be met with fees in-lieu or dedicated land will be determined using the criteria in City Code Title 25, Article 14, as amended. Should fees in-lieu be required, those fees shall be used toward park investments in the form of land acquisition and/or park amenities within the surrounding area, per the Parkland Dedication Operating Procedures § 14.3.11 and City Code § 25-1-607 (B)(1) & (2).

If the applicant wishes to discuss parkland dedication requirements in advance of site plan or subdivision applications, please contact this reviewer: thomas.rowlinson@austintexas.gov. At the applicant’s request, PARD can provide an early determination of whether fees in-lieu of land will be allowed.

Site Plan

SP1. Site plans will be required for any new development other than single-family or duplex residential.

SP2. Any new development is subject to Subchapter E. Design Standards and Mixed Use. Additional comments will be made when the site plan is submitted.

SP3. There is no site plan currently under review for this property.

Transportation

Assessment of required transportation mitigation, including the potential dedication of right of way and easements and participation in roadway and other multi-modal improvements, will occur at the time of site plan application. A traffic impact analysis shall be required at the time of site plan if triggered per LDC 25-6-113.
Austin Water Utility

AW1. The landowner intends to serve the site with City of Austin water and wastewater utilities. The landowner, at own expense, will be responsible for providing any water and wastewater utility improvements, offsite main extensions, utility relocations and or abandonments required by the land use. The water and wastewater utility plan must be reviewed and approved by Austin Water for compliance with City criteria and suitability for operation and maintenance.

Based on current public infrastructure configurations, it appears that service extension requests (SER) will be required to provide service to this lot. For more information pertaining to the Service Extension Request process and submittal requirements contact the Austin Water SER team at ser@austintexas.gov.

The landowner must pay the City inspection fee with the utility construction. The landowner must pay the tap and impact fee once the landowner makes an application for a City of Austin water and wastewater utility tap permit.

Importance: High

Dear North Loop NPCT:
The plan amendment and zoning case (C14‐2021‐0162) for 5804 N IH‐35 SB are scheduled for Wednesday, November 17, 2021 Planning Commission hearing date. The hearing will not be held on Tuesday as they normally are due to the Thanksgiving Holiday.

If your team would like your letter of recommendation added to the staff case reports, please email it to me and Kate no later than Wednesday, November 10, 2021 by 4:30 pm. If we get the letter after that time, we will submit it as late back up material for the hearing.

Below is an email dated June 23, 2021 from James Howard. If you want me to use this email as your team’s letter of recommendation, please let me know. If you want to submit an updated recommendation please email it to me by the deadline.

Thanks.
Maureen
Maureen,

This is to confirm that the North Loop Neighborhood Plan Contact Team met last week and unanimously voted to approve the out-of-cycle submission of the rezoning application for the Amaya’s property on I-35. I understand that Candy Moreno (copied) is handling the application on behalf of Amaya’s.

The general consensus from the Planning Team is that we are excited for and approve of the redevelopment as proposed.

Let me know if you have any questions.

Thanks,

James Howard
