

CM Fuentes – Item 8

December 9, 2021

Fuentes Motion Sheet

I move to amend Exhibit A as follows:

CELOC is directed to coordinate meetings with relevant City departments and other stakeholders including, but not limited to, Travis County, CAMPO, Capital Metro, Visit Austin, COTA, State of Texas, and any local private partners on further recommendations to address infrastructure needs and strengthen coordination in the following areas:

- Coordination of a post-F1 meeting with the City Manager’s designee and the District representative, at minimum, not more than 30 days after the F1 event to debrief on the performance of the Transportation Management Plan to plan for mutually agreed upon measures to be taken to improve each F1 event.
- Coordination of local infrastructure needs that directly support City and County residents living near Circuit of the Americas, including but not limited to project timelines and funding status of the following:
 - Sidewalk and bike lanes
 - Expansion of Hwy 812
 - Installation of traffic signals at:
 - SH-130 & Hwy 812
 - Kellan and Elroy Road to East
 - Hwy 812 and Circuit of the Americas Boulevard
 - 2-way stops for Elroy Road & Ross Road, and Elroy Road and Heine Farms Road
 - Pre-event signage alerting residents to the dates of the event along with any road closures.
 - Evaluation of traffic management personnel allocation utilized throughout the event.
- Study the feasibility of a youth-focused STEM program implemented by Formula 1, at no cost to the City.
- Study the feasibility of a youth-focused internship program for students attending schools located in the region associated with the venue implemented by COTA, at no cost to the City.

CELOC shall coordinate with stakeholders and present feasible recommendations, along with fiscal impacts, to Council by March 4, 2022.

Additionally, the City Manager shall:

- Coordination of and participation in the Regional Disability Access Task Force consisting of leaders from the local disability community to develop enhanced ADA event protocol at large scale citywide events.
- Coordination with Cap Metro of additional public transit options increasing regional mobility.
