Good Afternoon Ms. Meredith & Ms. Rhoades,

As a neighbor located within 500 feet of the proposed project, I wanted to state my objection to the two proposed zoning changes for 4700 Weidemar Lane. My primary concern is safety as related the increased traffic & density in our neighborhood. The increase or residents and cars will result in more speeding and traffic on roads that are already neglected by the city and void of improvement. The other safety issue is the moving an existing pipeline on the property. Shelby Lane Development has minimized the risk of relocating a pipeline to the city and also the adjacent neighbors. There has been no transparency on the actual risk of moving a major pipeline or discussion of safety protocols or impacts to neighbors in the event of an accident or death.

My second concern is the scale and structural size of the proposed development. We are a neighborhood of single and two story homes which soon may have 6-8 story apartment and condo building in our backyard. This density is not compatibly scaled with our existing neighborhood or the surrounding commercial businesses.

I request that you deny the request to amend the future land use map and the rezoning from commercial to multi-family residential.

Sincerely,

Angela Cruz
