

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to participate in a public hearing, you are not required to participate. This meeting will be conducted both online and in-person at which you will have the opportunity to speak FOR or AGAINST the proposed development or change. Contact the case manager for further information on how to participate in the public hearings. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

Staff is conducting a pilot program to receive case-related comments online which can be accessed through this link or QR code:

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

Hello,

I'm writing regarding case number C14-2021-0091, a proposed rezoning for apartments on Yager Lane.

I've lived in this neighborhood for nearly 20 years and have seen the population and traffic grow and grow. Yager is a 2-lane road that has become very busy, creating many hazards. I believe two people have been hit and killed on this road over the last couple of years. This road cannot safely accommodate more traffic and residents. The addition of the IDEA school has created a bottleneck and safety issues I see and experience every afternoon. I wholeheartedly oppose this rezoning and building of a multistory building, primarily for safety reasons. The recent approval of a sidewalk down Yager will help, but it is far from enough. Additionally this will create an eyesore right in the middle of a residential neighborhood. And lastly, Zoning & Platting denied this proposal in October. Please don't approve this rezoning.

Sincerely,
Nicole Delcuze
