### NEIGHBORHOOD PLAN AMENDMENT REVIEW SHEET

**NEIGHORHOOD PLAN:** Oak Hill Combined (West Oak Hill)

**CASE#:** NPA-2021-0025.02 **DATE FILED**: March 11, 2021 (In-cycle)

PROJECT NAME: 7715 1/2 West State Highway 71

**PC DATE:** April 26, 2022

March 8, 2022

ADDRESS/ES: 7715 ½ West SH 71 Hwy

**DISTRICT AREA**: 8

**SITE AREA:** 13.62 acres

**OWNER/APPLICANT:** Stephen Simon, John Simon and Barbara Simon Bierner

**AGENT:** Drenner Group, PC (Amanda Swor)

**CASE MANAGER:** Maureen Meredith **PHONE:** (512) 974-2695

**STAFF EMAIL:** Maureen.Meredith@austintexas.gov

**TYPE OF AMENDMENT:** 

**Change in Future Land Use Designation** 

From: Single Family To: Mixed Use/Office

**Base District Zoning Change** 

**Related Zoning Case:** C14-2021-0130 and C14-85-288.23(RCA)

**Addresses:** 7817 and 7715 ½ W. SH 71 Hwy

From: LO-NP, RR-NP To: GO-MU-NP

NEIGHBORHOOD PLAN ADOPTION DATE: December 11, 2008

**CITY COUNCIL DATE:** June 9, 2022 ACTION:

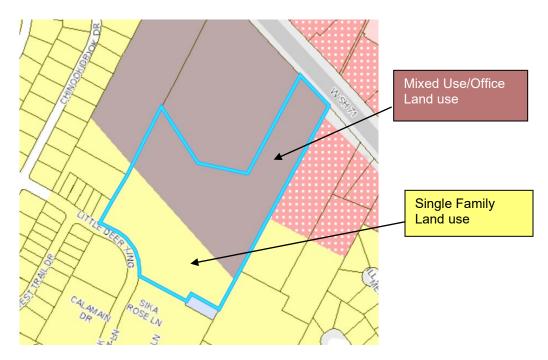

### PLANNING COMMISSION RECOMMENDATION:

*April 26, 2022* – Approved on the consent agenda the applicant's request for Mixed Use/Office land use. [J. Thompson –  $1^{st}$ ; R. Schneider –  $2^{nd}$ ] Vote: 11-0 [T. Shaw and J. Shieh absent].

*March 8, 2022* – Postponed to April 26, 2022 on the consent agenda at the request of staff. [R. Schneider – 1<sup>st</sup>; A. Azhar – 2<sup>nd</sup>] Vote: 10-0 [J. Mushtaler off the dais. J. Thompson and J. Shieh absent].

**STAFF RECOMMENDATION:** Recommended for the applicant's request for Mixed Use/Office land use.

**BASIS FOR STAFF'S RECOMMENDATION**: The property is a 13.62-acre undeveloped tract of land with split land use on the future land use map. Approximately three-quarters of the northern part of the property has Mixed Use/Office land use and the southern part has Single Family land use. The applicant proposes to change the Single Family land use to Mixed Use/Office so the entire property will be one land use. The proposed development is a 430-unit multifamily residential development with no more than seventeen townhomes on the southern part of the property. The development will include 8.2 acres for a public park and a 0.7-mile pedestrian and bike trail.

Staff supports the applicant's request to have one land use on the entire tract. The proposed development will provide additional housing options and provide public open space and recreational facilities for the neighborhood and the Oak Hill area.

Below are sections of the Oak Hill Plan that supports the applicant's request:

#### **CHAPTER 6: LAND USE AND DEVELOPMENT**

6.A. Provide opportunities for high-quality new development and redevelopment.

#### 6A.I

Ensure quality of new construction and renovations.

6.B. Balance development and environmental protection by maintaining a vibrant residential and commercial community that demonstrates caring stewardship of the environment.

#### 6.B.I

Encourage zoning to be compatible with existing and neighboring land uses and seek optimal and most appropriate use of land.

- 6.B. Ia—Rework zoning to allow/support the vision of the Oak Hill Neighborhood Plan.
- 6.B. Ib—Cluster higher density development in appropriate areas, striving to balance the interests of stakeholders while taking into consideration environmental concerns.

#### **CHAPTER 8: HOUSING**

8.A. Balance development and environmental protection by maintaining a vibrant residential and commercial community.

#### 8.A.I

Assess and minimize the impact of land development on surface and ground water.

8.A. Ia—Every housing development/redevelopment should include an environmental impact analysis and incorporate all necessary measures to address its potential impact on the Edwards Aquifer (impervious cover, drainage, traffic, etc).

#### 8.A.2

Design and place homes to minimize impacts on natural resources and the physical environment and to maximize social resources.

- 8.A.2a—Clustered development should be encouraged where appropriate (see Chapter 9: Neighborhood Design).
- 8.A.2b—Residential density should be compatible with surrounding uses and informed by a regional vision of the environmental impact development has over the Edwards Aquifer.
- 8.A.2c—Whenever possible, new housing development should be located where existing services and infrastructure exist. Their appearance and density should be appropriate to its environment and compatible with surrounding uses.

### **CHAPTER 10: PARKS, TRAILS, AND OPEN SPACE**

10.A. Expand and develop park-like recreational options, especially in underserved neighborhoods.

#### 10.A.I

All neighborhoods in the Oak Hill area should have access to safe, convenient and well-equipped park facilities.

10.A.1a—Provide bathroom facilities and water fountains in Oak Hill parks where needed and appropriate.

 B. Establish a network of greenspaces and trails connecting neighborhoods.

#### 10.B.I

Create new parks with more active spaces within the planning area to mitigate overcrowding of existing facilities and serve neighborhood residents that are farthest away from existing facilities.

### LAND USE DESCRIPTIONS

#### EXISTING LAND USE ON THE PROPERTY

**Single family** - Detached or two family residential uses at typical urban and/or suburban densities.

### Purpose

- 1. Preserve the land use pattern and future viability of existing neighborhoods;
- 2. Encourage new infill development that continues existing neighborhood patterns of development; and
- 3. Protect residential neighborhoods from incompatible business or industry and the loss of existing housing.

### **Application**

- 1. Existing single-family areas should generally be designated as single family to preserve established neighborhoods; and
- 2. May include small lot options (Cottage, Urban Home, Small Lot Single Family) and two-family residential options (Duplex, Secondary Apartment, Single Family Attached, Two-Family Residential) in areas considered appropriate for this type of infill development.

#### PROPOSED LAND USE ON THE PROPERTY

Mixed Use/Office - An area that is appropriate for a mix of residential and office uses.

### **Purpose**

- 1. Accommodate mixed use development in areas that are not appropriate for general commercial development; and
- 2. Provide a transition from residential use to non-residential or mixed use.

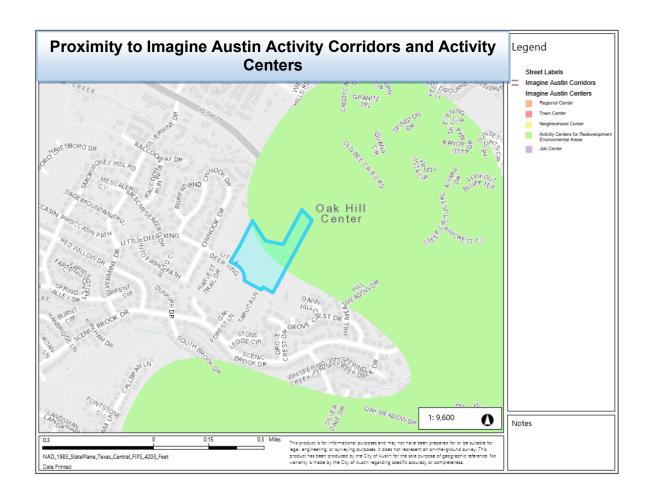

## **Application**

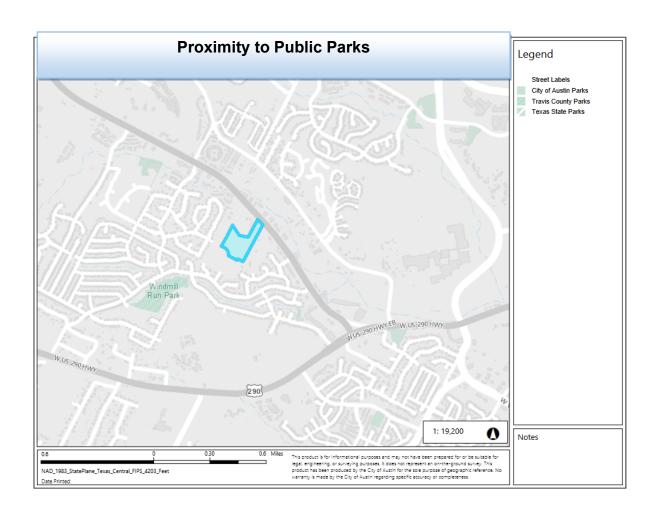

- 1. Appropriate for areas such as minor corridors or local streets adjacent to commercial areas;
- 2. May be used to encourage commercial uses to transition to residential use; and
- 3. Provide limited opportunities for live/work residential in urban areas

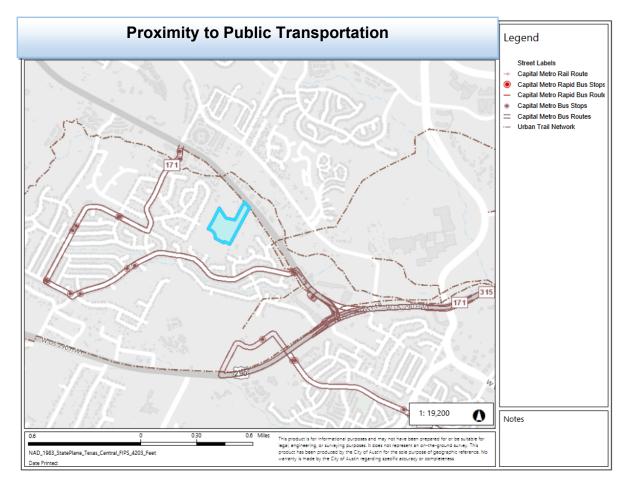

### IMAGINE AUSTIN PLANNING PRINCIPLES

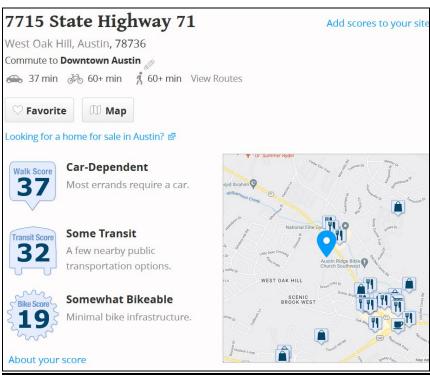

- 1. Create complete neighborhoods across Austin that provide a mix of housing types to suit a variety of household needs and incomes, offer a variety of transportation options, and have easy access to daily needs such as schools, retail, employment, community services, and parks and other recreation options.
  - The proposed development is a 430-unit multifamily residential development which includes no more than 17 townhomes. The property is located off W. SH 71 Hwy which is a commercial highway with numerous businesses.
- 2. Support the development of compact and connected activity centers and corridors that are well-served by public transit and designed to promote walking and bicycling as a way of reducing household expenditures for housing and transportation.
  - The property is located off a state highway and is not considered a walkable or bikeable environment, although there is access to public transportation.
- 3. Protect neighborhood character by ensuring context-sensitive development and directing more intensive development to activity centers and corridors, redevelopment, and infill sites.
  - The request is to change Single Family land use to Mixed Use/Office to make one consistent land use on the property to build a multifamily development with no more than 17 townhomes.
- 4. Expand the number and variety of housing choices throughout Austin to meet the financial and lifestyle needs of our diverse population.

- The applicant proposes 430 multifamily residential units with no more than 17 townhomes, which will expand the number and variety of housing choices.
- 5. Ensure harmonious transitions between adjacent land uses and development intensities.
  - The property has split land use with Mixed Use/Office on the top portion of the property and Single Family on the southern part. The applicant's request for Mixed Use/Office land use on the part with Single Family will make one cohesive land use on the property.
- 6. Protect Austin's natural resources and environmental systems by limiting land use and transportation development over environmentally sensitive areas and preserve open space and protect the function of the resource.
  - The proposed development reduces the allowable impervious cover, preserves open space on property.
- 7. Integrate and expand green infrastructure—preserves and parks, community gardens, trails, stream corridors, green streets, greenways, and the trails system—into the urban environment and transportation network.
  - The 13.62 acres tract will have 8.2 acres set aside for a public park and will include a 0.7-mile walking trail open to the public.
- 8. Protect, preserve and promote historically and culturally significant areas.
  - To staff's knowledge, there is no historic or cultural significance to this property.
- 9. Encourage active and healthy lifestyles by promoting walking and biking, healthy food choices, access to affordable healthcare, and to recreational opportunities.
  - The property is located off West State Highway 71, which not considered a walkable and bikeable environment with easy access to services, although the development proposes a public walking trail and 8.2-acre park on the property.
- 10. Expand the economic base, create job opportunities, and promote education to support a strong and adaptable workforce.
  - Not applicable.
- 11. Sustain and grow Austin's live music, festivals, theater, film, digital media, and new creative art forms.
  - Not applicable.
- 12. Provide public facilities and services that reduce greenhouse gas emissions, decrease water and energy usage, increase waste diversion, ensure the health and safety of the public, and support compact, connected, and complete communities.
  - Not applicable.

#### IMAGINE AUSTIN GROWTH CONCEPT MAP

### **Definitions**

Neighborhood Centers - The smallest and least intense of the three mixed-use centers are neighborhood centers. As with the regional and town centers, neighborhood centers are walkable, bikable, and supported by transit. The greatest density of people and activities in neighborhood centers will likely be concentrated on several blocks or around one or two intersections. However, depending on localized conditions, different neighborhood centers can be very different places. If a neighborhood center is designated on an existing commercial area, such as a shopping center or mall, it could represent redevelopment or the addition of housing. A new neighborhood center may be focused on a dense, mixed-use core surrounded by a mix of housing. In other instances, new or redevelopment may occur incrementally and concentrate people and activities along several blocks or around one or two intersections. Neighborhood centers will be more locally focused than either a regional or a town center. Businesses and services—grocery and department stores, doctors and dentists, shops, branch libraries, dry cleaners, hair salons, schools, restaurants, and other small and local businesses—will generally serve the center and surrounding neighborhoods.

**Town Centers -** Although less intense than regional centers, town centers are also where many people will live and work. Town centers will have large and small employers, although fewer than in regional centers. These employers will have regional customer and employee bases, and provide goods and services for the center as well as the surrounding areas. The buildings found in a town center will range in size from one-to three-story houses, duplexes, townhouses, and rowhouses, to low-to midrise apartments, mixed use buildings, and office buildings. These centers will also be important hubs in the transit system.

**Regional Centers** - Regional centers are the most urban places in the region. These centers are and will become the retail, cultural, recreational, and entertainment destinations for Central Texas. These are the places where the greatest density of people and jobs and the tallest buildings in the region will be located. Housing in regional centers will mostly consist of low to high-rise apartments, mixed use buildings, row houses, and townhouses. However, other housing types, such as single-family units, may be included depending on the location and character of the center. The densities, buildings heights, and overall character of a center will depend on its location.

Job Centers - Job centers accommodate those businesses not well-suited for residential or environmentally- sensitive areas. These centers take advantage of existing transportation infrastructure such as arterial roadways, freeways, or the Austin-Bergstrom International airport. Job centers will mostly contain office parks, manufacturing, warehouses, logistics, and other businesses with similar demands and operating characteristics. They should nevertheless become more pedestrian and bicycle friendly, in part by better accommodating services for the people who work in those centers. While many of these centers are currently best served by car, the growth Concept map offers transportation choices such as light rail and bus rapid transit to increase commuter options.

Activity Centers for Redevelopment in Sensitive Environmental Areas - Five centers are located over the recharge or contributing zones of the Barton Springs Zone of the Edwards Aquifer or within water-supply watersheds. These centers are located on already developed areas and, in some instances, provide opportunities to address long-standing water quality issues and provide walkable areas in and near existing neighborhoods. State-of-the-art development practices will be required of any redevelopment to improve stormwater retention and the water quality flowing into the aquifer or other drinking water sources. These centers should also be carefully evaluated to fit within their infrastructural and environmental context.

**Corridors** - Activity corridors have a dual nature. They are the connections that link activity centers and other key destinations to one another and allow people to travel throughout the city and region by bicycle, transit, or automobile. Corridors are also characterized by a variety of activities and types of buildings located along the roadway — shopping, restaurants and cafés, parks, schools, single-family houses, apartments, public buildings, houses of worship, mixed-use buildings, and offices. Along many corridors, there will be both large and small redevelopment sites. These redevelopment opportunities may be continuous along stretches of the corridor. There may also be a series of small neighborhood centers, connected by the roadway. Other corridors may have fewer redevelopment opportunities, but already have a mixture of uses, and could provide critical transportation connections. As a corridor evolves, sites that do not redevelop may transition from one use to another, such as a service station becoming a restaurant or a large retail space being divided into several storefronts. To improve mobility along an activity corridor, new and redevelopment should reduce per capita car use and increase walking, bicycling, and transit use. Intensity of land use should correspond to the availability of quality transit, public space, and walkable destinations. Site design should use building arrangement and open space to reduce walking distance to transit and destinations, achieve safety and comfort, and draw people outdoors.

**BACKGROUND:** The application was filed on March 11, 2021, which is considered incycle because staff extended the February open filing period due to the severe winter storm in February.

The applicant proposes to amend the future land use map from Single Family to Mixed Use/Office land use. The property has split land use with the northern part of the property with Mixed Use/Office and the southern part with Single Family land use. The applicant seeks to make the entire property one land use, Mixed Use/Office. The proposed development is a 430-unit multifamily development with no more than 17 townhomes.

The applicant proposes to change the zoning on the property from RR-NP, Rural Residential-Neighborhood Plan and LO-NP, Limited Office-Neighborhood Plan to GO-MU-NP, General Office-Mixed Use-Neighborhood Plan. The applicant submitted a rezoning application, which cover more area than the plan amendment application because the additional tract with the zoning application did not require a change in the land use. For more information on the zoning case see report for C14-2021-0130. There is also a request to amend an existing restrictive covenant. See report for C14-85-288.23(RCA).

Plan Amendment area

Zoning Change Area

PUBLIC MEETINGS: The ordinance-required community meeting was virtually held on January 20, 2022. The recorded meeting can be found at <a href="https://www.speakupaustin.org/npa">https://www.speakupaustin.org/npa</a>. Approximately 251 meetings notices were mailed to people who rent or own property within 500 feet of the subject tracts. Two city staff members attended the meeting, Maureen Meredith and Mark Walters, in addition to the applicant's agent, Amanda Swor and Kate Kniejski from Drenner Group. Other attendees associated with the application were Josh Miksch, Matthew Strub, Jason Hauck and Travis Russell, who provided development and engineering information regarding the proposed project. Thirty-four people from the neighborhood also attended.

Amanda Swor, the applicant's agent, provide this information:

- There are three applications on the property that will move forward together: A plan amendment application, a zoning change application and application to amend the restrictive covenant.
- There is Tract 1 and Tract 2. Tract 1 is not part of the plan amendment application because it already has the Mixed Use/Office land use on the property. This Tract will be developed under the current code.
- Tract 2 is known as the Simon Tract. This tract is subject to all three applications and is still owned by the respective families who have the property under contract to be sold along with Tract 1 to the Morgan Group.
- The northern part of the tract already has the Mixed Use/Office land use. The southern part of the tract has Single Family land, but the current zoning on the property isn't even zoned single family and doesn't allow residential as a permitted use.
- The Kretzschmar tract is zoned RR-NP, Rural Residential Neighborhood Plan, and we are asking for a GO-MU-NP, General Office-Mixed Use-Neighborhood Plan zoning.

- Tract 2, the Simon Tract is 13 acres and Tract 1 is 8.8 acres for a total of 22.16 acres.
- The Restrictive Covenant amendment application was put on the property in 1985 when the City did the Oak Hill Area Study when the properties we annexed into the City. These properties have restrictive covenants that grandfathered the properties to the rules and regulations of the Code from 1981, which is not to Code today.
- On the Simon Tract, the current maximum impervious cover is 65% by-right. It has a buildable square footage amount of 146,000 square feet. With the current LO, Limited Office zoning you could have an office building with a very large surface parking lot. We are proposing a maximum of 60% impervious cover.
- We have been through 17 different site plans on this project, working with the City's Environmental staff. We are proposing a multifamily residential project with a maximum of 450 dwelling units, but we are right now at 430 dwelling units.
- On the site plan there is an area in light green that will be dedicated for TXDOT right-of-way.
- The dark green that surrounds the project is 8.2 acres to be dedicated to the City as parkland because this part of the city is underserved for parkland.
- There will be a 0.7-mile hike and bike trail and any ancillary improvements as well as some trailhead parking that we will build
- The tallest building in the project will be four-stories and placed on the western side of the property by the adjacent property that is zoned CS that has 60 feet building height.
- Parking will be structured parking garage to reduce the impervious cover on the property. The garage will be fully screen from a lighting perspective to protect future residents from headlights. It will be designed to not be taller than the buildings
- Our buildings transition down in height on the east side of the property where the buildings are three-stories and there will be two-story townhomes on the southern part of the property.
- All construction access will be from W. SH 71. There will be an emergency vehicular access to the south, but there will be no day-to-day access from the south.
- There are 42 Heritage Tress on the property that will be in compliance with current Code.

# Q: Will you add trees from what is already there? And will you do native landscaping?

A: Yes, we will mitigate trees and add trees and landscaping. We will work to preserve the Park in as natural a state as possible. We hired a local landscaping company who specializes in native design. We also designed around the Heritage Trees because they are bigger and much more interesting and beautiful than newer ones.

# Q: What is the total impervious cover for the project as a whole and what are the current height limitations?

A: Under the LO zoning, the maximum height is 40 feet and three-stories and the total impervious cover on the project is 40%.

# Q: What is the elevation difference between the south and north side the tract?

A: There is an 80-foot difference. We placed the buildings so that they are at the lowest points, so we are not creating large cuts.

# Q: What ways can the residents make sure the gated entry onto Little Deer Crossing will not be opened later?

A: We could put that in a conditional overlay as part of the zoning or a restrictive covenant amendment, both of which would be enforced by the City.

# Q: Why not put the park near the KB Homes pocket park and the building on the north part of the property?

A: Because the tract that has the park is subject to existing Code regulations and we cannot put more buildings there because of the low impervious cover. Also, that area where the park is proposed has most of the Heritage Trees.

## Q: What hours and days of construction will the project have?

A: We'll maintain the hours regulated by the City of Austin. I don't know what those are at this time.

# Q: With an 80-foot difference in elevation, how safe would it be for a child to ride down the trail to have access to the public park?

A: This is something we've been working with the Parks Department to make sure that at least one side of the park is completely ADA accessible so that a pedestrian or bicycle rider can get form the south side to the north side of the property. We know there are a couple areas that will likely have switchbacks or a little different grade.

# Q: What rent range are you proposing?

A: We will have a mix of one-, two-, and three-bedrooms on the site, so each one will be priced different. We anticipate will start at \$1,300 and then exceed well over \$3,000 a month. Construction will take some time. We will price the units about 90 days before we open. We proposed to have 40% of the units as family-friendly units that are two- and three-bedroom units.

# Q: Why not wrap around the three buildings on the east side of the property to minimize your surface parking?

A: We looked into that, and it doesn't have any impact on impervious cover as you would think.

# Q: Is there any way to make all the buildings three-stories or less in height? This is a concern many neighbors who live close to the property.

A: We looked at a lot of different building heights and we ended up with four-stories because it reduced the impervious cover and allowed us to remove a building.

# Q: What are the guarantees that the 8.2 acres of parkland won't turn into a homeless camp?

A: Yes, we will dedicate this as a public park, but the property will be maintained by the project so that it does not fall into dilapidation.

### O: Where will the foot access points be located around the park hike and bike trails?

A: There will be an entrance point at the southwest corner of the project that will align with the pocket park that is under constructions. There will also be a couple of trailhead entrances on the northside of the property. There will be three of four locations where there will be access.

# Q: Who is the target renter for this property?

A: This is proposed to be a market-rate project. We are still working through what an affordable component of the project would look like.

## Q: Can you make a 3-D model available to the public?

A: We don't have one. The details will be in the site development process, but we don't have this for the zoning part.

## Q: What access do you have planned for the Scenic Brook neighborhood?

A: There might be a bike or pedestrian access. The only vehicular access was for Fire Department emergency access that we are required to provide.

# Q: How high will the light poles be?

A: This project will be subject to the City of Austin lighting regulations which required all new lights to be fully hooded and shielded, which means our lights cannot cross the property line.

# Q: Will the entire property have fence lines around the perimeter?

A: No. There will be fencing and landscaping between the park and the project, which the Parks and Recreation Department wanted. There will not be a large fence along W. SH 71 or along the south end of the site. The parkland will be accessible for anybody to use.

### Q: What will the height of the parking garage be?

A: It will be four stories to match the height of the building so each resident will be able to park on the level that they live, but the parking garage will be under the top of the buildings, so it won't be visible from the exterior.

# Q: Will the park area include bathrooms, picnic area, playset, or other structures?

A: It will not have bathrooms, which is something the Parks Departments does not allow in privately maintained parks even though it will be public. There will be picnic area, but not playsets.

# Q: Will this be a mixed-use project with residential, retail, restaurants, and office?

A: It will be all residential at this point.

### Q: Why not just follow the future land use map and put single-family there?

A: We have modeled our project to embody the spirit of the future land use map by putting the townhomes there to provide a buffer. Right now, with the zoning of LO, Limited Office, we couldn't even put single family homes there.

# Q: How would you say this development is improving the land and lives of those that currently own property and live in the surrounding areas?

A: We will provide better water quality environment than what is there today in the undeveloped state. We will be removing more solids and providing better outflow, which has been verified by engineers, even the city's engineers. We are providing a far better project than what could be built under the existing restrictive covenant today which would be something with a massive sea of surface parking. We are donating over a third of our property, eight acres, as a public park to this area that is an under-served with park facilities.

# Q: I'm concerned about the current wildlife that lives in this space. Is there any consideration to the environmental impact this project creates?

A: As mentioned earlier, about a third of the area is dedicated to parkland, which you would not get under the current restrictive covenant. We employ a local construction team that employs construction practices that are as environmentally friendly as possible. We are limiting cut and fill on the site to eight feet.

# Q: The design looks impressive, especially the area designated for the park, but how can we be assured that the green spaces as proposed?

A: The restrictive covenant amendment lets us put these items in there, as well as the zoning case. We have also entered into agreements with neighborhoods through private restrictive covenants. Also, if we wanted to take out any of these big trees, it would require us to go to the City Council and Planning Commission for a variance as part of the public process.

**Q:** How many projects has Morgan developed in Austin and how many do you still own? A: We've development two in Austin and we still manage them as part of our current portfolio. There is Pearl Lantana on Southwest Parkway and one in Tech Ridge. We are currently working on building our local team in Austin.

# Q: It seems there will be access problems coming northwest on W. SH 71 because now they would have an unprotected left turn and, in the future, they will need to use a turn around and quickly get over into the right lane to access the project.

A: Now with COVID, TIA's are done at the time of site development permit. We have had preliminary conversation with TXDOT to make sure we accounted for the right-of-way they will need. We had to make sure the Simon Tract had the driveway locations and valid access points that we will need. Right now, there will be right-in and right-out only. There will not be a left-in and left-out at the beginning. There will be main lanes and frontage roads once the project gets going and there will most likely be a deceleration lane and an acceleration lane.

# Q: I'd love to know if you're considering any other areas in the city to put your project. Our neighborhood has enjoyed the rural field within the city, and this will take this way from us. Why not build elsewhere?

A: The reality is that the property owners want to sell the property. Morgan was able to work with the two families to create a better project versus what could be build under the existing restrictive covenant.

Q: How can you justify disregarding the Oak Hill Combined Plan which as been agreed upon by the City and the residents. The Park is only a result of the fact that there was nothing else to do with the tract. Why not reduce the impervious cover on the Simon tract? A: We have reduced the impervious cover on the Simon Tract which has an impervious cover by right of 65%, we have it down to 60%. Also, the impervious cover on the park tract is 25% and we have it down to 15%. The current zoning on the FLUM does not even allow residential uses, so what we are providing is consistent with the future land use map.

**Q:** How much right-of-way will TXDOT take within the next ten to twenty years? A: The 8.2 acres for the park excludes the right-of-way already accounted for by TXDOT. We also worked with TXDOT to make sure that any future right-of-way is taken into consideration.

## Q: How long would this development take to complete?

A: From start to finish, about two years.

# Q: You said that single family couldn't be built under the current restrictive covenant, why not ask for a change to allow single family units?

A: Single family cannot be built under the currently zoning of LO, Limited Office, the restrictive covenant is silent on uses.

# Q: Why not just build single family on the entire property?

A: We worked hard to create the transition to provide the little bit of single family on the south side that was only a portion of the property that was even contemplated for single family. The rest of it was contemplated for higher density residential uses which was evident with the mixed-use designation. If it was all intended to be single family, that's what would have been on the future land use map.

# Q: Why not provide more townhomes?

A: Townhomes increase the impervious cover, so to achieve the housing goals of city, we need to make the development compact.

# Q: Will this development start after the Oak Hill Parkway Project is complete? I'm concerned about the amount of additional traffic at our existing intersection.

A: We are at the beginning of the development process. We still have to go through the public hearing process, then the site development permit process. We are looking at 2025 completion.

### Q: How does this project meet the vision of the Oak Hill Neighborhood Plan?

A: I don't know all the visioning points of the plan, but I talked about the FLUM and the initial designation of mixed use.

### **Comment:**

• I appreciate that you have shared your time to defend your case. I would like to make sure that I voice, as a resident of this neighborhood, that I do not support this effort.

We have enjoyed the greenspace in our neighborhood and is a reason why we moved here. You will have to work extremely hard to impress me.

## Applicant's Summary Letter from Application

Amanda Swor direct dial: (512) 807-2904 aswor@drennergroup.com

March 11, 2021

Ms. Rosie Truelove Housing and Planning Department City of Austin 6310 Wilhelmina Delco Dr. Austin, TX 78752 <u>Via Electronic Delivery</u>

Re:

<u>7715 West State Highway 71</u> – Neighborhood plan amendment application for the 13.6245-acre piece of property located at 7715 West State Highway 71 in Austin, Travis County, Texas (the "Property")

Dear Ms. Truelove:

As representatives of the owner of the Property, we respectfully submit the enclosed neighborhood plan amendment application package. The project is titled 7715 West State Highway 71, consists of 13.6245 acres, and is located on the south side of West State Highway 71, approximately 0.42 miles south of the intersection of State Highway 71 and Fletcher Lane, and approximately 0.85 miles northwest of the intersection of State Highway 71 and U.S. Highway 290. The Property is currently undeveloped.

The Property is located within the boundaries of Oak Hill Combined Neighborhood Planning Area with Future Land Use Map (FLUM) designations of "Mixed Use/Office" and "Single Family". This application is submitted request a change of the portion designated "Single Family" to "Mixed Use/Office".

The site is currently zoned LO-NP, Limited Office — Neighborhood Plan. Following the submittal of this neighborhood plan amendment application, a rezoning application from LO-NP to GO-MU-NP, General Office — Mixed Use — Neighborhood Plan, zoning district and a restrictive covenant amendment application will be submitted. The rezoning is proposed to allow a residential development with up to 450 multifamily on the Property. This request is consistent with surrounding uses.

Please let me know if you or your team members require additional information or have any questions. Thank you for your time and attention to this project.

Very truly yours,

Amanda Swor

**DATE:** January 26, 2022

TO: Planning Commission, City of Austin

FROM: OHNPCT Board

RE: Vote "NO" on NPA-2021-0025.02 / 7715 ½ W. SH 71

C14-2021-0130 / Restrictive Covenant C14-85-288.23 (RCA)

Dear Chair Shaw, Vice-Chair Hempel, and Commissioners Mushtaler, Llanes Pulido, Thompson, Schneider, Cohen, Praxis, Connolly, Howard, Shieh, Azhar, Cox, Flores, and Singh,

The Oak Hill Neighborhood Planning Contact Team Board voted unanimously to recommend leaving the current zoning and land use in place on both subject tracts, and requests that commissioners vote "no" on these cases.

Members of the Oak Hill Community, affected stakeholders, and the petitioner (who has submitted a valid petition) have clearly communicated support for maintaining the current zoning and land use (LO-NP and RR-NP).

Thank you in advance for supporting the will of the community stakeholders.

Sincerely,

OHNPCT's Board of Directors

President, Cynthia Wilcox; Vice-President, Tom Thayer; Secretary Leigh Ziegler

### \*\*\* External Email - Exercise Caution \*\*\*

Dear Ms. Clark, Ms. Meredith, and the Austin Housing and Planning Department: As a homeowner and resident in close proximity to the above referenced rezoning tract I would like to strongly object to the rezoning of 7715 ½ W. SH 71 to Multifamily. I think that it would be too abrupt an upgrade in density from the SF and RR which is directly adjacent to the tract attempting to be rezoned. The proposed 60 ft allowable height is far too tall, especially considering that most of the apartments would be on one of the tallest hills in the area. The amendment of the restrictive covenant would allow far too much impervious coverage in an environmentally sensitive Edwards Aquifer contributing zone. The Oak Hill combined plan and FLUM are clear on what the residents of the area want on that tract and allowing anything else would be a failure in the representation of Oak Hill Residents. Please add me on the notification list of any hearing, meetings and updates.

Thank You
Wesley Hopkins

Subject: I Object Rezoning of 7715 1/2 W. SH 71

# \*\*\* External Email - Exercise Caution \*\*\*

Hi,

I am writing this email regarding the Rezoning case No. C14-2021-0130 and RCA Case No. C14-85-288.23(RCA). I object to this rezoning in our neighborhood. We

already have enough urbanization and we do not need more building and construction which destroys the green space, and also affects the climate around it.

I strongly Oppose this rezoning of 7715 1/2 W. SH 71 and development of another massive apartment complex in our neighborhood.

## Regards

## \*\*\* External Email - Exercise Caution \*\*\*

Dear Ms. Clark, Ms. Meredith, and the Austin Housing and Planning Department: As a homeowner and resident in proximity to the above referenced rezoning tract I would like to strongly object to the rezoning of 7715 ½ W. SH 71 to Multifamily.

In addition to the stated reasons below, the occupants of these multi family units will have entry/exit point only on the free lanes of the coming Hwy71 toll road and/or Scenic Brook Drive. Such a large increase in traffic on the only free lanes will increase wait times at the "Y" for current residents who will also use these free lanes. The whole purpose of the toll road is to reduce congestion at the "Y" but new multi family units with no access to the toll road is in direct conflict with that purpose and keeps the congestion problem for residents using the free lanes.

I think that it would be too abrupt an upgrade in density from the SF and RR which is directly adjacent to the tract attempting to be rezoned. The proposed 60 ft allowable height is far too tall, especially considering that most of the apartments would be on one of the tallest hills in the area. The amendment of the restrictive covenant would allow far too much impervious coverage in an environmentally sensitive Edwards Aquifer contributing zone. The Oak Hill combined plan and FLUM are clear on what the residents of the area want on that tract and allowing anything else would be a failure in the representation of Oak Hill Residents. Please add me on the notification list of any hearing, meetings and updates.

Hello Team,

I live in Oak Hill. We've done our part by accepting the 14 lane concrete monstrosity with flyovers that is now under construction. I don't also support this 400 unit apartment complex in my neighborhood. I am all for balanced development, but enough is enough. This project should go somewhere else nearby, but outside of Oak Hill.

Thank you for your consideration,

Thaddeus Zaharas

I own a home in close proximity to the proposed development of a massive apartment complex at 7715 W. SH 71. I oppose this rezoning request. It is an environmentally sensitive area located over the Edwards Aquifer contributing zone and the plan calls for too much impervious cover. I have owned this home for over 37 years. This neighborhood has always been single family residence and a high density apartment complex would significantly alter the feel of this older, established neighborhood. Traffic issues are already an issue, and this development would compound the problem. Houston Developers should not be allowed to contradict the Oak Hill Combined Neighborhood Plan.

I am strongly opposed to this request for a zoning change.

Dear Ms. Clark, Ms. Meredith, and the Austin Housing and Pl,

As a homeowner and resident in close proximity to the above referenced rezoning tract I would like to strongly object to the rezoning of 7715 ½ W. SH 71 to Multifamily.

The proposed 60 ft allowable height is far too tall, especially considering that most of the apartments would be on one of the tallest hills in the area.

Traffic in this area has reached its peak under current circumstances. Adding hundreds of people to a small condensed area would only exasperate the traffic problems. In addition, construction has begun on the 290/71 Super HWY causing its own amount of delays. I don't see how we can allow more construction to commence in this very tight quadrant.

The amendment of the restrictive covenant would allow far too much impervious coverage in an environmentally sensitive Edwards Aquifer contributing zone which has already been disturbed by the building of the Super HWY.

The Oak Hill combined plan and FLUM are clear on what the residents of the area want on that tract and allowing anything else would be a failure in the representation

of Oak Hill Residents. Please add me on the notification list of any hearing, meetings and updates.

Thank You,

#### \*\*\* External Email - Exercise Caution \*\*\*

I live in Scenic Brook and I'm OPPOSED to rezoning this plot of land for the planned high-density housing project.

This neighborhood was designed to support detached homes with pervious ground cover to protect the area from flooding and damage.

Even I, as a homeowner, have to ensure that any impervious cover is less than 45% of my lot but this developer gets a pass for 65% impervious cover? Are you kidding me?

Aren't we done giving a pass to big-ticket corporations who talk big and leave messes behind for residents to clean up?

Do we need more housing in Austin? Yes. Do we need more luxury, high-density, high-rent (unaffordable) apartments that pose an environmental risk to the rest of the established neighborhood and area? Absolutely not. We already have enough of that in Scenic Brook.

We've had over 2235 apartment units built in our neighborhood in the past 5 years alone. Enough.

### \*\*\* External Email - Exercise Caution \*\*\*

Dear Ms. Clark, Ms. Meredith, and the Austin Housing and Planning Department:

As a homeowner and resident in close proximity to the above referenced rezoning tract I would like to strongly object to the rezoning of 7715 ½ W. SH 71 to Multifamily. I think that it would be too abrupt an upgrade in density from the SF and RR which is directly adjacent to the tract attempting to be rezoned. The proposed 60 ft allowable height is far too tall, especially considering that most of the apartments would be on one of the tallest hills in the area. The amendment of the restrictive covenant would allow far too much impervious coverage in an environmentally sensitive Edwards Aquifer contributing zone. The Oak Hill combined plan and FLUM are clear on what the residents of the area want on that tract and allowing anything

else would be a failure in the representation of Oak Hill Residents. Please add me on the notification list of any hearing, meetings and updates.

Thank You,

Sean Johnson 6929 Scenic Brook Dr.

# PLEASE DO NOT ALLOW THIS TO MOVE FORWARD AS PLANNED BY THE DEVELOPERS IN QUESTION.

Far too often in our world today, those with enough money and persistence can push forward plans to make even more money by circumventing the wishes of ordinary citizens who have less access than they to authority figures in government. None of us in this part of Austin wants this kind of development in our neighborhood and elected officials such as yourselves are sworn to stand by us and our collective wishes — especially when these wishes greatly impact the future of our lives here in Austin. Please do your duty and make sure we and our sensitive environment are not pushed aside in favor of this toxic business plan.

Thank You

## \*\*\* External Email - Exercise Caution \*\*\*

Dear Ms. Clark, Ms. Meredith, and the Austin Housing and Planning Department,

As a homeowner and resident in close proximity to the above referenced rezoning tract, I would like to **strongly object** to the rezoning of 7715 ½ W. SH 71 to Multifamily. This change would be too abrupt an upgrade in density from the SF and RR, which is directly adjacent to the tract attempting to be rezoned. The proposed 60 ft allowable height is far too tall, especially considering that most of the apartments would be on one of the tallest hills in the area. The amendment of the restrictive covenant would allow far too much impervious coverage in an environmentally sensitive Edwards Aquifer contributing zone.

The Oak Hill combined plan and FLUM are clear on what the residents of the area want on that tract, and allowing anything else would be a failure in the representation of Oak Hill Residents. When the people of this neighborhood chose to purchase property in the Oak Hill suburban area, we did so seeking peace, tranquility and distance from the common issues one faces while living in highly populated areas. Oak Hill is already Austin's biggest sought area for apartment development - unsustainable! This not only elevates density and brings all the kinds of troubles that come with excess population, but forces residents into facing the misery of long-term construction - its nuisances and noises. Rezoning all the outskirts of our beautiful (and once tranquil) neighborhood goes directly against the idea of preserving our areas' identity and character. All of us only purchased expensive property here because we knew it to be a single-family housing zone. Rezoning and seeking apartment building at this stage is extremely unfair to the already established single-family owners who live here. We urge you not to let the profits of big corporations be prioritized in opposition to the environment and to the will of thousands of people who already reside here.

I'd be thankful if you can add me on the notification list of any hearing, meetings and updates about this topic.

Respectfully,

#### Priscilla Rossi

Dear Ms. Clark, Ms. Meredith, and the Austin Housing and Planning Department:

As homeowners on Scenic Brook Dr and residents in close proximity to the above referenced rezoning tract we would like to strongly object to the rezoning of 7715 ½ W. SH 71 to Multifamily. My wife and I just purchased our home here last summer, particularly because it backs up to a creek and also because of the dense foliage all around. We do not want our creek to dry up nor have tall apartment buildings in our horizon nor added congestion to the area (we are already experiencing enough disruption with the Oakhill Parkway project).

We think that it would be too abrupt an upgrade in density from the SF and RR which is directly adjacent to the tract attempting to be rezoned. The proposed 60 ft allowable height is far too tall, especially considering that most of the apartments would be on one of the tallest hills in the area.

The amendment of the restrictive covenant would allow far too much impervious coverage in an environmentally sensitive Edwards Aquifer contributing zone. ## \*\*\* External Email - Exercise Caution \*\*\*

Dear Ms. Clark, Ms. Meredith, and the Austin Housing and Planning Department:

As a nearby homeowner (7004 Chinook Drive) and the owner of several nearby rental properties (7002 Chinook Drive, 7003 Chinook Drive, 8103 Little Deer Crossing) I strongly feel that the rezoning of this land in question is inconsistent with the zoning of nearby properties. The adjoining land that is currently being developed that is being used as an example of similar use HAS NOT been approved for multi-family apartment-style buildings and CAN NOT be considered as existing zoning/buildings. I, and many others, worked hard on the FLUP and FLUM to make sure that NONE of this land was developed as office or high-density multi-family use. Single-family, duplex or quadplex multi-family are the only acceptable land uses for these lots.

Additionally, the extra impervious cover limits will only contribute to the flooding that already happens downstream along Williamson Creek – specifically at the Oak Hill Youth Sports Association Baseball/ Softball Fields located at 290 & Joe Tanner Lane.

Please do not allow this rezoning to be approved.

Thank you,

Natalie Uzoff Galletti & Joseph Galletti 7004 Chinook Drive, Austin, 78736-1840 512-301-1170

Subject: Proposed Apartments on Hwy 71

### \*\*\* External Email - Exercise Caution \*\*\*

To Whom It May Concern:

I am writing to oppose the following rezoning applications:

Rezoning case No. C14-2021-0130 and RCA case No. C14-85-288.23(RCA)

This is area is a critical Edwards Aquifer contributing zone that currently allows only 25% impervious cover. This sensitive ecological area should NOT allow such dense development with 65% impervious cover.

Our neighbors were clear when drafting the <u>Oak Hill Combined Neighborhood Plan</u>. The entire development scheme is in direct contradiction to the Oak Hill Combined Neighborhood Plan and the FLUM (Future Land Use Map).

If this proposed plan passes, many of our neighbors will have a massive apartment complex towering over their backyards.

This proposed plan will allow for nearly 400 apartment units and 60 feet high on one of the tallest points in Oak Hill. The traffic and environmental impacts to our area will be significant.

Oak Hill is one of the most targeted areas for developers in Austin, with over 7% of all apartment development that has taken place in Austin in the last 5 years.

We are already being negatively impacted by the massive highway development on both Hwy. 71 and Hwy 290. The additional traffic, and environmental impact of such a massive apartment complex being built in our area is far more than we should be expected to tolerate.

I have lived in this area since 1999, and feel as if the City of Austin is doing everything in it's power to take away any rights of the single family homeowners to live here. I moved here to have a safe, quiet place to raise my daughter, in a home I plan to keep. I do not want to be forced to sell and leave this area.

Please vote against these rezoning changes, and prevent this apartment complex from being built.

Thank you, Nancy Lanier ......

#### \*\*\* External Email - Exercise Caution \*\*\*

Dear Ms. Clark, Ms. Meredith, and the Austin Housing and Planning Department: As a resident in close proximity to the above referenced rezoning tract, I would like to strongly object to the rezoning of 7715 ½ W SH 71 to multifamily. I believe it would be too abrupt an upgrade in density from the SF and RR, which is directly adjacent to the tract attempting to be rezoned. The proposed 60 ft allowable height is far too tall, especially considering that most of the apartments would be on one of the tallest hills in the area. The amendment of the restrictive covenant would allow far too much impervious coverage in an environmentally sensitive Edwards Aquifer contributing zone. The Oak Hill combined plan and FLUM are clear on what the residents of the area want on that tract and allowing anything else would be a failure in the representation of Oak Hill Residents. Please add me on the notification list of any hearing, meetings and updates.

Thank You, M Collins

Dear Ms. Clark, Ms. Meredith, and the Austin Housing and Planning Department:

I bought my first home in Oak Hill last year. I loved the quiet and quaint older neighborhood lined with oaks. Building a massive apartment in the neighborhood will cause too much impervious cover for the ecologically sensitive edward's aquifer contribution zone. The apartments would also go against our neighborhood plan and negatively affect many of my neighbors who would have towering apartments on the hill behind their houses. Lastly, the proposed plan is too dense and tall. 400 new apartment units will cause significant traffic and negative environmental impacts to our area.

Thank you, Mia Dance (7209 Silvermine Drive Austin TX 78736)

This is to let you know that I strongly oppose to the rezoning of 7715 1/2 West SH 71. With the highway development of Hwy 290/Sh 71 giving our community much disruption, this rezoning would add just that much more disruption to our community. After the completion of the highway, we need to have some open land to enjoy on our way down the road.

Oak Hill is no longer a "sleepy little community". We are far from it because of developments like this being able to use their money to get cases like this pushed through. Somewhere all of this needs to stop and let us enjoy what scenic views we have left.

#### Hi,

I am writing this email regarding the Rezoning case No. C14-2021-0130 and RCA Case No. C14-85-288.23(RCA). I object to this rezoning in our neighborhood. We already have enough urbanization and we do not need more building and construction which destroys the green space, and also affects the climate around it. I strongly oppose this rezoning of 7715 1/2 W. SH 71 and the development of another massive apartment complex in our neighborhood.

Subject: We oppose Rezoning case No. C14-2021-0130 and RCA case No. C14-85-288.23(RCA)

Dear Ms. Clark, Ms. Meredith, and the Austin Housing and Planning Department:

Please don't allow this, there is no need to create so much density here When there are so many communities willing to grow outside of Travis county why pack everyone in like sardines.

As a previous resident of Los Angeles California, I beg you not to make the same mistakes as California the dense living followed by tent cities followed by traffic jams for hours and people living on top of each-other it doesn't have to be this way.

As a homeowner and resident in close proximity to the above referenced rezoning tract I would like to strongly object to the rezoning of 7715 ½ W. SH 71 to Multifamily. I think that it would be too abrupt an upgrade in density from the SF and RR which is directly adjacent to the tract attempting to be rezoned. The proposed 60 ft allowable height is far too tall, especially considering that most of the apartments would be on one of the tallest hills in the area. The amendment of the restrictive covenant would allow far too much impervious coverage in an environmentally sensitive Edwards Aquifer contributing zone. The Oak Hill combined plan and FLUM are clear on what the residents of the area want on that tract and allowing anything else would be a failure in the representation of Oak Hill Residents. Please add me on the notification list of any hearing, meetings and updates.<BR>Thank You

## \*\*\* External Email - Exercise Caution \*\*\*

Hello Kate and Maureen,

West Oak Hill was quiet and peaceful.. now, we have a giant project by KB Homes that has covered our neighborhood in silt, have heard jackhammering 12/hrs day 6 days/week for two months, along with giant construction trucks going up and down Scenic Brook- where people go for walks on their own, with babies/kids, and dogs. Looking at the project it's really sad that no green space was preserved at all- how does this help us, the environment, or wildlife? Now there is a rezoning request for a huge apartment complex near the same area. How much can one area take? What about water run off? More construction trucks destroying the roads? I strongly oppose this.. traffic here will already increase due to the other development project going on (on top of people using it as a cut

through due to the 290 project). Our neighborhood wasn't built for this much traffic and capacity. Please consider the residents here and the negative impact it would have on us. Sincerely,

-Karen Galecki

#### \*\*\* External Email - Exercise Caution \*\*\*

Hello,

I'm writing to inform you that I am not in favor of the following two cases that have been brought to my attention:

Rezoning case No. C14-2021-0130 and RCA case No. C14-85-288.23(RCA)

This proposed rezoning will allow nearly 400 apartments in over 8 buildings up to 60 feet in height. The Houston apartment developer is attempting to take advantage of a Restrictive covenant placed on the property of the 1980's which allowed for a maximum 65% impervious coverage for a LO (Limited Office) zoned construction of a maximum of 146,000 square ft. The rezoning request wants to change the use AND increase the maximum square footage by nearly threefold.

THIS PROPOSAL IS IN DIRECT CONTRADICTION TO THE OAK HILL COMBINED NEIGHBORHOOD PLAN.

PLEASE HELP SPEAK UP FOR OUR COMMUNITY BY VOICING OUR OPPOSITION AND SUPPORTING OUR EFFORTS IN STOPPING THIS PROJECT.

THANK YOU, KERI CARDENAS CHINOOK DR. 78736

Ms Meredith,

I strongly oppose this 400 unit project moving forward. Do not allow this to impact the recharge zone and place this in the middle of single family residences.

Please maintain the integrity left to Oak Hill.

Hello. My name is Joy Hernandez, and I'm a longtime resident of Valley View/Scenic Brook. I STRONGLY oppose rezoning of the small piece of land. THERE IS ENOUGH TRAFFIC IN OAK HILL!!! KB Homes has already come through and destroyed the homes of the local coyotes, foxes, rabbits, roadrunners, opossums, and owls. They've also ruined our neighborhood streets.

Please wait until the 290/71 road construction is completed to try to smash more people into tiny boxes.

Thank You,

Joy Hernandez

#### \*\*\* External Email - Exercise Caution \*\*\*

Dear Ms. Clark, Ms. Meredith, and the Austin Housing and Planning Department,

As a homeowner and resident in close proximity to the above referenced rezoning tract, I would like to **strongly object** to the rezoning of 7715 ½ W. SH 71 to Multifamily. This change would be too abrupt an upgrade in density from the SF and RR, which is directly adjacent to the tract attempting to be rezoned. The proposed 60 ft allowable height is far too tall, especially considering that most of the apartments would be on one of the tallest hills in the area. The amendment of the restrictive covenant would allow far too much impervious coverage in an environmentally sensitive Edwards Aquifer contributing zone.

The Oak Hill combined plan and FLUM are clear on what the residents of the area want on that tract, and allowing anything else would be a failure in the representation of Oak Hill Residents. When the people of this neighborhood chose to purchase property in the Oak Hill suburban area, we did so seeking peace, tranquility and distance from the common issues one faces while living in highly populated areas. Oak Hill is already Austin's biggest sought area for apartment development unsustainable! This not only elevates density and brings all the kinds of troubles that come with excess population, but forces residents into facing the misery of long-term construction - its nuisances and noises. Rezoning all the outskirts of our beautiful (and once tranquil) neighborhood goes directly against the idea of preserving our areas' identity and character. All of us only purchased expensive property here because we knew it to be a single-family housing zone. Rezoning and seeking apartment building at this stage is extremely unfair to the already established singlefamily owners who live here. We urge you not to let the profits of big corporations be prioritized in opposition to the environment and to the will of thousands of people who already reside here.

I'd be thankful if you can add me on the notification list of any hearing, meetings and updates about this topic.

Respectfully, Gabrielle Chueh

Eve Wieand	

Date: November 12, 2021

Case File Number: C14-2021-0130 / NPA-2021-0025.02

Address of

Rezoning Request: 7715 West Highway 71

To: Austin City Council

situation.

I, the undersigned owner of property affected by the requested zoning change described in the referenced file, do hereby protest against any change of the Land Development Code which would zone the property to any classification other than currently zoned use.

I am the owner of twelve acres immediately adjacent to the tract attempting to be rezone and have a single family residence directly East of what is proposed to be nearly 400 apartment units of a proposed height of 5 stories. That is an unacceptably abrupt transition. In addition as a landowner in Oak Hill I consider this level of development to have the potential to detract from the area.

- The proposed rezoning is contrary to the intent of the Oak Hill Combined Neighborhood Plan in number areas. Specifically:
  - a. The amount of impervious cover proposed is in conflict with Item 4.A.1(a), which states: "4.A.1a—Consider implementation of policies recommended in the Regional Water Quality Protection Plan for the Barton Springs Segment of the Edwards Aquifer and its Contributing Zone. Regional land development regulations designed to protect sensitive recharge and contributing zone areas of the Edwards Aquifer would help achieve regional and local water quality goals. Note: Some property owners represented on the Oak Hill Contact Team believe land use regulations should be applied on a regional level; if a certain land use is restricted in Oak Hill's recharge zone, they feel that land use should be restricted in other recharge areas as well."
  - b. The number of living units is in conflict with Item 4.A.1(b), which states:
    - "4.A.1b—Where appropriate, maintain rural density in Oak Hill. To help achieve regional water quality goals, manage the urbanization of Oak Hill by minimizing dense development and guiding new development away from the recharge zone."
  - c. The 5 story height of the proposed apartment buildings which aside from the ACC building would be the tallest structures in the area, is in conflict with Item 6.B.1, which states:
    - **"6.B.1** Encourage zoning to be compatible with existing and neighboring land uses and seek optimal and most appropriate use of land.
    - 6.B.1a—Rework zoning to allow/support the vision of the Oak Hill Neighborhood Plan.
    - 6.B.1b—Cluster higher density development in appropriate areas, striving to balance the interests of stakeholders while taking into consideration environmental concerns."
  - d. The density proposed will present a dangerous and unworkable traffic situation, as all the vehicular traffic will exit onto Highway 71. Even after TxDOT finishes their project, the traffic will traveling at a faster rate of speed, and entering/exiting traffic has a higher potential to create a very dangerous

The city should use the request to amend the restrictive covenant amendment as a tool to reduce the impervious cover. The restrictive covenant was entered into prior to the dangers to the Edwards Aquifer by impervious cover being fully understood. The landowners should not have it both ways by at once relying on an old and unreasonable impervious agreement, while at the same time increasing the square footage by nearly 250%. If they want to have the impervious cover to remain the same, then their zoning should remain. If they want to change the zoning, then they should have a more responsible impervious cover.

I feel this Rezoning and Neighborhood Plan Amendment is not in the best interest of the community, as the proposed multi-family project does not meet the intent of the Oak Hill Combined Neighborhood Plan and does not show favorable stewardship of the Edwards Aquifer.

Feel free to contact me with any questions or to discuss the above information. Thank you for your consideration.

#### \*\*\* External Email - Exercise Caution \*\*\*

MS. Rhoades and Meridith, Please find a petition attached signed by 267 neighbors who live in close proximity of the above referenced cases. There is not one person in the neighborhood who is in favor of allowing this zoning change. The height and density is not compatible with the single family neighborhood on all three sides. The Flum and neighborhood plan both prohibit this rezoning and must be followed. There is no point in getting community input on the future vision of our neighborhoods only to disregard those wishes. What are the next steps of the rezoning process and the approximate dates? Additionally the developer has stated that putting the development down by the highway by trading impervious cover entitlements is impossible due in part of the existence of legacy trees. Would it be possible to get a map of the tree inventory for the subject tracts. Putting the development by the highway would be the best accommodation to the neighborhood and still provide the developer with a viable project. I appreciate your help on this matter.

Regards

Eric Yerkovich 512 799 6240

#### SAVE SCENIC BROOK PETITION

The purpose of this petition is to oppose the rezoning of one of the last open tracts of land in the Scenic Brook, Valley View, Covered Bridge, and Windmill Run area of Oak Hill.

The 23 acre tract located at 7715  $\frac{1}{2}$  W. SH 71t is currently being considered for rezoning from Single Family to Mixed Use.

Rezoning case No. C14-2021-0130: <a href="https://abc.austintexas.gov/public-search-other?t\_detail=1&t\_selected\_folderrsn=12749162&t\_selected\_propertyrsn=912686">https://abc.austintexas.gov/public-search-other?t\_detail=1&t\_selected\_folderrsn=12749162&t\_selected\_propertyrsn=912686</a>

The proposed rezoning will allow nearly 400 apartments in over 8 buildings up to 60 feet in height. The Houston apartment developer is attempting to take advantage of a Restrictive covenant placed on the property of the 1980's which allowed for a maximum 65% impervious coverage for a Limited Office zoned construction of a maximum of 146,000 square ft. The rezoning request wants to change the use and increase the maximum square footage of nearly threefold.

RCA case No. C14-85-288.23(RCA): <a href="https://abc.austintexas.gov/public-search-other?total=18t\_selected\_folderrsn=12749289&t\_selected\_propertyrsn=912686">https://abc.austintexas.gov/public-search-other?total=18t\_selected\_folderrsn=12749289&t\_selected\_propertyrsn=912686</a>

This is in an area which currently allows only 25% impervious coverage as it is in the critical Edwards Aquifer contributing zone and should not allow such dense development.

The entire development scheme is in direct contradiction to the Oak Hill Combined Neighborhood Plan <a href="https://www.austintexas.gov/sites/default/files/files/Housing\_%26\_Planning/Adopted%20Neighborhood%20Planning%20Areas/23\_OakHillCombined/oakhill-np.pdf">https://www.austintexas.gov/sites/default/files/files/Housing\_%26\_Planning/Adopted%20Neighborhood%20Planning%20Areas/23\_OakHillCombined/oakhill-np.pdf</a>

Please sign this petition to voice your opposition to this rezoning plan:

#### \*\*\* External Email - Exercise Caution \*\*\*

#### GREETINGS,

I come to you as a concerned resident of the Scenic Brooke neighborhood in Oak Hill. 78736

We are already experiencing the destruction of so much natural beauty in our neighborhood due to the new highway flyover construction, and these additional apartment plans and clearings are additionally upsetting, destructive and a betrayal of why we chose to move here in the first place. Thank you for your consideration in helping us preserve what is left. There is a serious collective grief for us.

TOO MUCH IMPERVIOUS COVER FOR THE ECOLOGICALLY SENSITIVE EDWARDS AQUIFER CONTRIBUTING ZONE. This is area is a critical Edwards Aquifer contributing zone that currently allows only 25% impervious cover. This sensitive ecological area should NOT allow such dense development with 65% impervious cover.

THIS PROPOSAL IS IN DIRECT CONTRADICTION TO THE OAK HILL COMBINED NEIGHBORHOOD PLAN.

Our neighbors were clear when drafting the Oak Hill Combined Neighborhood Plan. The entire development scheme is in direct contradiction to the Oak Hill Combined Neighborhood Plan and the FLUM (Future Land Use Map).

#### TOO ABRUPT A CHANGE FOR RURAL AND SINGLE FAMILY RESIDENCES.

If this proposed plan passes, many of our neighbors will have a massive apartment complex towering over their backyards.

TOO DENSE AND TOO HIGH.

This proposed plan will allow for nearly 400 apartment units and 60 feet high on one of the tallest points in Oak Hill. The traffic and environmental impacts to our area will be significant.

Subject: We oppose Rezoning case No. C14-2021-0130 and RCA case No. C14-85-288.23(RCA)

Dear Ms. Clark, Ms. Meredith, and the Austin Housing and Planning Department,

As a homeowner and resident in close proximity to the above referenced rezoning tract I would like to strongly object to the rezoning of 7715 ½ W. SH 71 to Multifamily. I think that it would be too abrupt an upgrade in density from the SF and RR which is directly adjacent to the tract attempting to be rezoned. The proposed 60 ft allowable height is far too tall, especially considering that most of the apartments would be on one of the tallest hills in the area. The amendment of the restrictive covenant would allow far too much impervious coverage in an environmentally sensitive Edwards Aquifer contributing zone. The Oak Hill combined plan and FLUM are clear on what the residents of the area want on that tract and allowing anything else would be a failure in the representation of Oak Hill Residents. Please add me on the notification list of any hearing, meetings and updates.

Thank You!

- Dorothy G Caldwell

There are more apartment buildings than hills in Oak Hill. The current plan will remove the hills from sight and will be left without a landscape. Breaks my head and my heart. I will vote accordingly.

The amendment of the restrictive covenant would allow far too much impervious coverage in an environmentally sensitive Edwards Aquifer contributing zone. The Oak Hill combined plan and FLUM are clear on what the residents of the area

want on that tract and allowing anything else would be a failure in the representation of Oak Hill Residents. Please add me on the notification list of any hearing, meetings and updates.

Thank You-

I'm a 23 year Scenic Brook home owner. Please stop the destruction.

#### \*\*\* External Email - Exercise Caution \*\*\*

Dear Ms. Clark, Ms. Meredith, and the Austin Housing and Planning Department: As a homeowner and resident in close proximity to the above referenced rezoning tract I would like to strongly object to the rezoning of 7715 ½ W. SH 71 to Multifamily. I think that it would be too abrupt an upgrade in density from the SF and RR which is directly adjacent to the tract attempting to be rezoned. The proposed 60 ft allowable height is far too tall, especially considering that most of the apartments would be on one of the tallest hills in the area. The amendment of the restrictive covenant would allow far too much impervious coverage in an environmentally sensitive Edwards Aquifer contributing zone. The Oak Hill combined plan and FLUM are clear on what the residents of the area want on that tract and allowing anything else would be a failure in the representation of Oak Hill Residents. Please add me on the notification list of any hearing, meetings and updates. Thank You

Hi all,

We do not support the rezoning of this property. We do not want high rise apartments in our neighborhood. They are not an appropriate project for our rural snd single family neighbohood and will increase light pollution, bring more traffic and create more impervious cover and bring further harm to an ecologically sensitive zone.

This area is quickly becoming inundated by construction and development which is causing a negative impact on the quality of life as well in this community.

People are moving to Austin to have a good quality of life and live in a sustainable way. This is not a sustainable project and is not the "Austin" people are moving here for.

Outside developers do not get the say so, the residents directly impacted by their huge and inappropriate projects get the say so.

Please, support us by not allowing this rezoning to happen,

#### Amy Jackson

To Whom It May Concern,

I want to go on record formally opposing the rezoning laws.

We rent a home in Oak Hill, and the whole reason we moved to this neighborhood was because of the location relative to the city, and how quiet and beautiful it is with that. We like that there aren't many apartment complexes, and the wildlife component is great.

The new proposed apartments will disrupt the wildlife further than it is already being disrupted - driving animals into the streets and people's yards, creating conflict with their pets and even potential dangers for them. For example, since the construction on 290 has started, Coral snakes have been showing up in my yard on a regular basis. The apartments should not be built on such a sensitive aquifer area. They will also majorly disrupt the flow of traffic, which we are already having a problem with, and they will ruin the appeal of the area for many homeowners.

Cheers,

#### Alix

**Subject:** I objet to NPA-2021-0025.02

Hello Maureen,

I am writing to voice my opinion and concerns to the Case NPA-2021-0025.02.

My family leaves at 7007 Chinook Dr. We oppose this change for several reasons.

One the increase in traffic is not sustainable. The roads in this neighborhood are extremely narrow and we are already seeing a significant increase in traffic due to the recent construction in the area. This is an extreme hazard for the children who enjoy playing in this neighborhood.

Second, with the increase construction already taken place and taking into account the terrain of the area there are considerable concerns about potential structural issues and drainage problems.

Thank you for your consideration

Christel and Lars Gustafson

Subject: Oak Hill Neighborhood PlanWE DO NOT SUPPORT THIS IN OUR NEIGHBORHOOD!

1. TOO MUCH IMPERVIOUS COVER FOR THE ECOLOGICALLY SENSITIVE EDWARDS AQUIFER CONTRIBUTING ZONE.

This is area is a critical Edwards Aquifer contributing zone that currently allows only 25% impervious cover. This sensitive ecological area should NOT allow such dense development with 65% impervious cover.

## 2. THIS PROPOSAL IS IN DIRECT CONTRADICTION TO THE OAK HILL COMBINED NEIGHBORHOOD PLAN.

Our neighbors were clear when drafting the <u>Oak Hill Combined Neighborhood</u> <u>Plan</u>. The entire development scheme is in direct contradiction to the Oak Hill Combined Neighborhood Plan and the FLUM (Future Land Use Map).

# 3. TOO ABRUPT A CHANGE FOR RURAL AND SINGLE FAMILY RESIDENCES.

If this proposed plan passes, many of our neighbors will have a massive apartment complex towering over their backyards.

### 4. TOO DENSE AND TOO HIGH.

This proposed plan will allow for nearly 400 apartment units and 60 feet high on one of the tallest points in Oak Hill. The traffic and environmental impacts to our area will be significant.

Lindsay Ellis

On March 25, 2022, Wendy Rhoades received correspondence from an adjacent property owner removing his name from the zoning petition. See Zoning Case Report C14-2021-0130. The prospective buyer also entered into a private Restrictive Covenant regarding development of the property, as shown below.

City of Austin Development Services
Attn: Wendy Rhoades - by email (wrhoades@austintexas.gov)

Withdrawal of Protest of Zoning Case No. C14-2021-0130, Neighborhood Plan Amendment Case No. NPA-2021-0025.02, and Restrictive Covenant Amendment Case No. C14-85-288.23 regarding the property generally located at 7715 ½ West State Highway 71, Austin, Texas 78735 (the "Property")

Dear Ms. Rhoades,

My name is Eric Yerkovich. As the owner of three tracts of land located generally to the east of the Property, I previously sent in a protest of the above applications pursuant to Chapter 211.006 of the Texas Local Government Code. After meeting with the applicant, I withdraw my prior protest in full and give my full support to the applications. Please feel free to reach out if you have any questions.

104

#### DECLARATION OF COVENANTS, CONDITIONS AND RESTRICTIONS

This Declaration of Covenants, Conditions and Restrictions (this "Declaration") is entered into by and between 5606 SOUTH RICE LLC, a Texas limited liability company ("Owner"), and Eric Yerkovich, an individual ("Neighbor"), as of the 24 day of https://doi.org/10.2022.

#### RECITALS

WHEREAS, Owner owns the property generally located to the south of State Highway 71 and to the west of Stillridge Dr., Austin, Texas 78735, more particularly described in <a href="Exhibit A">Exhibit A</a>, attached hereto (the "Property");

WHEREAS, Neighbor owns three neighboring tracts of land generally located to the east of the Property, which are more particularly described in <a href="Exhibit B">Exhibit B</a>, attached hereto (the "Neighboring Property").

WHEREAS, Owner intends to redevelop the Property (the "Project") and has made related applications with the City of Austin (the "City") in Zoning Case No. C14-2021-0130, Neighborhood Plan Amendment Case No. NPA-2021-0025.02, and Restrictive Covenant Amendment Case No. C14-85-288.23(RCA) (collectively, the "Entitlement Applications");

WHEREAS, Owner has agreed that upon the final unappealable approval of the Entitlement Applications by the City (the "Entitlement Approvals"), the Property shall be restricted by these covenants, and that these conditions shall be filed of record with the Official Public Records of Travis County, Texas, and shall henceforth bind the Owner and its successors and assigns, and restrict the use of the Property as described herein, and such restrictions shall be made enforceable by Neighbor through this Declaration for the fixed Term described herein, except where specifically stated otherwise;

WHEREAS, upon the effective date of the Entitlement Approvals, and subject to all of the terms and conditions of this Declaration, Owner has voluntarily agreed to henceforth restrict the Property with certain restrictive covenants for the Term hereof, which are described herein.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and subject to all of the terms and conditions of this Declaration, the undersigned Owner shall hold, sell and convey the Property subject to the following covenants, conditions and restrictions, which are impressed upon the Property for the Term described herein by this Declaration.

Exhibit F

#### I. DECLARATIONS AND AGREEMENTS

- 1.1 <u>Utilization of Zoning Entitlements</u>. Owner may only utilize the entitlements made applicable to the Property by the Entitlement Applications if the Project contains the conditions expressed in this covenant.
- 1.2 Covenants, Conditions and Restrictions upon Property. Owner declares that the Property is subject to the following covenants, conditions and restrictions, which shall run with the Property and bind all parties having right, title, or interest in or to the Property or any part, their respective heirs, successors, and assigns for the Term as set forth herein. Each deed or conveyance of any kind conveying all or a portion of the Property will conclusively be held to have been executed, delivered, and accepted subject to these covenants, conditions and restrictions, regardless of whether or not they are set out in full or by reference in the deed or conveyance.
  - 1.2.1 <u>Garbage Collection and Storage</u>. The Project shall not locate trash collection facilities within 200 feet of its eastern boundary.
  - 1.2.2 <u>Development Standards</u>. All Town Home structures shall be limited to 2 stories and 35 feet in height, as calculated pursuant to the City of Austin Land Development Code in effect on the Effective Date.
  - 1.2.3 Project Layout. The final approved Project layout shall comply with the height limitations outlined in the hatched areas shown on the rough bubble plan concept, attached hereto as Exhibit C, calculated pursuant to the City of Austin Land Development Code in effect on the Effective Date. Additionally, no multifamily structures shall be constructed in areas shown as planned parkland in Exhibit C. For the avoidance of doubt, no structures exceeding the height limitations called out generally in the hatched areas of Exhibit C shall be permitted. The exact building locations will be determined by Developer in its sole and absolute discretion so long as the foregoing provisions in this paragraph are met.
  - 1.2.4 <u>Boundary Fence</u>. Developer will construct an 8-foot tall wrought-iron fence along the entire eastern boundary of the Property, as well as an 8-foot-tall solid masonry fence in the area generally as shown on Exhibit C. The boundary fence shall include 3 lockable gates, each 4-feet in width, with digital locks, at locations reasonably determined by Neighbor.
  - 1.2.5 <u>Emergency Access</u>. Access to and from the Property to the Neighboring Property shall be for emergency purposes and vehicles only. Ingress and Egress by residents is prohibited.
  - 1.2.6 Photometric Plan. As the Project is developed, Developer will share with

- Neighbor a copy of its photometric plan showing no light crossing over the Property boundary lines and will meet relevant dark sky standards, both as required by City Code.
- 1.2.7 <u>Impervious Cover</u>. The maximum impervious cover of the Property shall be 50 percent, as calculated pursuant to the City of Austin Land Development Code in effect on the Effective Date.
- 1.2.8 Cooperation. Owner shall support a rezoning or variance request with respect to the three tracts owned by Neighbor in the form of a letter to City staff or through testimony at a public hearing before the Land Use Commission or City Council, unless a redevelopment of such tracts by Neighbor involves Adult-Oriented Businesses or uses permitted under Major Industry or Industrial Park zoning districts, each as described in the City of Austin Land Development Code in effect on the Effective Date.
- 1.2.9 <u>Attorney Review</u>. Owner shall pay for Neighbor's reasonable attorney's fees up to ten thousand dollars (\$10,000.00) for the review and negotiation of this Declaration.
- 1.3 Terms of Support. Notwithstanding any other provision of this Declaration, the items listed in Section 1.2 above are enforceable by Neighbor only under the condition that the Neighbor withdraws its protests of the Entitlement Applications and positively supports the Entitlement Applications during the Austin City Council, Land Use Commission and Environmental Commission meetings in which votes for the Entitlement Applications take place. This support may be in the form of a letter to the Land Use Commission, the Mayor of Austin and the Austin City Council Members, or by a public statement during such Land Use Commission and City Council meetings. To the extent that any action is taken or statement is made contrary to this paragraph by Neighbor or an authorized representative of Neighbor prior to the City granting the Entitlement Approvals, this Declaration shall be deemed null and void.

#### I. DEFAULT AND REMEDIES

2.1 Remedies. Following the occurrence of a breach of (i) Owner's obligations under Section 1.2 of this Declaration or (ii) Neighbor's obligations under Section 1.3 of this Declaration, only Owner, including its successors and assigns, and Neighbor shall be entitled to institute proceedings for full and adequate relief from the consequences of said breach or threatened breach, including the right to enforce the provisions by pursuing any and all remedies available at law or in equity, including without limitation by specific

performance and injunctive relief. If Owner or Neighbor shall fail to comply with any term, provision or covenant of this Declaration (a "Defaulting Party") and shall not cure such failure within thirty (30) days after receipt of written notice (or if the default is of such character as to require more than thirty (30) days to cure and the Defaulting Party shall fail to commence to cure the same within such period or shall fail to use reasonable diligence in curing such default thereafter) from a person or entity with the right hereunder to seek relief for such breach (a "Non-Defaulting Party") to the Defaulting Party of such failure, the Non-Defaulting Party shall have the option of pursuing any remedy it may have at law or in equity, including, without limitation, specific performance or injunctive relief from a court of competent jurisdiction. For the avoidance of doubt Neighbor shall not be liable for damages in the event that the Entitlement Applications are not approved notwithstanding Neighbor's compliance with Section 1.3 of this Declaration.

#### II. GENERAL PROVISIONS

- 3.1 No Third-Party Beneficiary. The provisions of this Declaration are for the exclusive benefit of the parties hereto, and their successors and assigns as owners of the Property and Neighboring Property, and not for the benefit of any third person, including without limitation, the City of Austin, nor shall this Declaration be deemed to have conferred any rights, express or implied, upon any third person or the public.
- 3.2 <u>No Dedication</u>. No provision of this Declaration shall ever be construed to grant or create any rights whatsoever in or to any portion of the Property other than the covenants, conditions and restrictions specifically set forth herein. Nothing in this Declaration shall ever constitute or be construed as a dedication of any interest herein described to the public or give any member of the public any right whatsoever.
- Notice. All notices required or permitted to be given hereunder, or given in regard to this Declaration, shall be in writing and the same shall be given and be deemed to have been served, given and received (a) one (1) business day after being placed in a prepaid package with a national, reputable overnight courier addressed to the other party at the address hereinafter specified; or (b) if mailed, three (3) business days following the date placed in the United States mail, postage prepaid, by certified mail, return receipt requested, addressed to the party at the address hereinafter specified. Owner may change their respective addresses for notices by giving five (5) business days' advance written notice to the other in the manner provided for herein. Until changed in the manner provided herein, Owner and Neighbor's addresses for notice is as follows:

Owner:

C/o Jason Hauck – Morgan Group 3815 S. Capital of Texas Highway, Suite 300 Austin, TX 78704

With a copy to:

Drenner Group, P.C. 200 Lee Barton Drive, Suite 100 Austin, Texas 78704 Attn.: Amanda Swor

Neighbor:

Frie Yerkoviche 7.0. Box 90174 Anshin, TX

- 3.4 <u>Attorneys' Fees</u>. The unsuccessful party in any non-appealable and final action brought to enforce this Declaration shall pay to the prevailing party a reasonable sum for costs actually incurred by the prevailing party in enforcing this Declaration, including reasonable attorneys' fees and court costs.
- 3.5 Entire Declaration. This Declaration constitutes the entire agreement between the parties hereto regarding the matters set forth herein. The parties do not rely upon any statement, promise or representation with respect to the matters set forth herein that is not herein expressed, and, except in accordance with Section 3.11 below, this Declaration once executed and delivered shall not be modified or altered in any respect except by a writing executed and delivered in the same manner as required by this document.
- 3.6 <u>Severability</u>. If any provision of this Declaration shall be declared invalid, illegal or unenforceable in any respect under any applicable law by a court of competent jurisdiction, the validity, legality and enforceability of the remaining provisions shall not be affected or impaired thereby. It is the further intention of the parties that in lieu of each covenant, provision or agreement of this Declaration that is held invalid, illegal or unenforceable, that be added as a part hereof a clause or provision as similar in terms to such illegal, invalid or unenforceable clause or provision as may possible and be legal, valid and enforceable.
- 3.7 <u>Rights of Successors; Interpretation of Terms</u>. The restrictions, benefits and obligations hereunder shall create benefits and servitudes running with the land. Subject to the other provisions hereto, this Declaration shall bind and inure to the benefit and burden of the

parties and their respective successors and assigns. Reference to "Owner" includes the future owners of their respective portions of the Property, including any portions of the Property that may in the future be created as separate tracts pursuant to a resubdivision of any portion of the Property. Reference to "Neighbor" includes the future owners of all or any portion of the Neighboring Property. The singular number includes the plural and the masculine gender includes the feminine and neuter.

- 3.8 <u>Estoppel Certificates.</u> Owner (or any mortgagee holding a first lien security interest in any portion of the Property) may, at any time and from time to time, in connection with the leasing, sale or transfer of its tract, or in connection with the financing or refinancing of its tract by any bona fide mortgage, deed of trust or sale-leaseback made in good faith and for value, deliver a written notice to the other party requesting that such party execute a certificate, in a form reasonably acceptable to such party, certifying that, to such party's then current actual (not constructive) knowledge, (a) the other party is not in default in the performance of its obligations to or affecting such party under this Declaration, or, if in default, describing the nature and amount or degree of such default, and (b) such other information regarding the status of the obligations under this Declaration as may be reasonably requested. A party shall execute and return such certificate within twenty (20) days following its receipt of a request therefor.
- 3.9 <u>Counterparts; Multiple Originals</u>. This Declaration may be executed simultaneously in two or more counterparts, each of which shall be deemed an original and all of which together shall constitute one and the same instrument.
- 3.10 <u>Conflict with Ordinance</u>. To the extent that any of the covenants, conditions and restrictions contained within this Declaration conflict with terms or conditions addressed in the zoning ordinance issued by the City of Austin in connection with the Entitlement Applications, or any supporting materials, for purposes of this Declaration the terms and conditions of this Declaration shall control.
- 3.11 Approval of the City Applications. Notwithstanding any other provision of this Declaration to the contrary, the agreements of Owner reflected herein are conditioned upon final approval (i.e., third reading) of the Entitlement Applications by the City of Austin City Council, with no subsequent appeal, and in a form and on terms and conditions acceptable to Owner in its sole discretion. If the Entitlement Approvals are not granted in a form acceptable to Owner, the covenants, conditions and restrictions contained within this Declaration shall not be applicable and shall be terminated. To the extent that (i) this Declaration is not deemed applicable and terminated pursuant to the immediately preceding sentence, (ii) Neighbor violates Section 1.3 hereof, (iii) the Declaration expires pursuant to Section 3.11; or (iv) Owner and Neighbor, or the then owners of the Property and Neighboring Property, agree to terminate the Declaration, this

Declaration shall be deemed of no further force and effect and shall terminate and an affidavit executed by Owner and recorded in the Official Public Records of Travis County, Texas, certifying the facts supporting and evidencing the termination of this Declaration (a "Termination Affidavit") shall be deemed sufficient to release this Declaration from the Official Public Records of Travis County, Texas, such that this Declaration shall no longer encumber the Property. Third parties shall have the right to rely on such Termination Affidavit, provided, however, at Owner's request and expense, Neighbor shall execute and acknowledge a counterpart to such Termination Affidavit.

- 3.12 <u>Term</u>. This Declaration shall expire automatically and according to its own terms on the tenth (10<sup>th</sup>) anniversary of the Effective Date.
- 3.13 <u>Effective Date.</u> This Declaration shall become effective upon the final effective date of the Entitlement Approvals by the City of Austin in a form acceptable to Owner. If the Entitlement Applications are not approved in a form acceptable to Owner, then, consistent with Section 3.11 above, this Declaration shall be void and of no effect.
