Additional Backup Information

The contract is for a one-time purchase of five new portable office trailers to be used at Austin Water locations throughout the City. The contractor services will include delivery, installation, and skirting of 12' x 44' portable office trailers to be installed at Ullrich Water Treatment Plant, Davis Water Treatment Plant, Hornsby Bend Biosolids Management Facility, Govalle Occupational Development and Support, and Webberville Service Center. As part of the outcome of Winter Storm Uri After Action Report and Emergency Preparedness Plan, the portable office trailers are needed to provide additional office space for essential staff, enabling them to report directly to assigned facilities, provide direct service as required, and reduce reaction time in emergency situations. The trailers will also provide a location for personnel to office while serving as essential personnel during emergency events. The electrical, sewer, water, and communications setup will be handled internally by Austin Water.
