TO ALL CONCERNED:

As the incumbent contractor, this is a memorandum from ACTV Inc., that formally rescinds and retracts it's bid response to the City of Austin Bid Solicitation for operation of Public Access Channels, 10, 11, & 16, in RFP # RL-05300040 and without recourse hereby removes any need or want to effect this bid or challenge the award of this bid solicitation to any other party

After 32 years as the non-profit incumbent contractor for the city, this retraction serves in part to allow for and effect discussions with all parties for the best possible transfer and handoff of ACTV assets and Access Channel operations to the new contractor PACT, and also as a vehicle for the required proper wind down of considerable relations, monies and books with the City of Austin, it's citizens, the Austin Community Access Center itself and it's employees.

Respectfully submitted & signed,

Dan Lee Vogler, President, ACTV, Inc.
